Saudi Arabian pilot Waleed Al Shehri was one of five men that the FBI said had deliberately crashed American Airlines flight 11 into the World Trade Centre on 11 September. Now he is protesting his innocence from Casablanca, Morocco. He acknowledges that he attended flight training school at Dayton Beach in the United States, and is indeed the same Waleed Al Shehri to whom the FBI has been referring. But, he says, he left the United States in September last year, became a pilot with Saudi Arabian airlines and is currently on a further training course in Morocco. [\[BBC\]](#)
