# Gates' Globalist Vax Agenda: Win-Win for Big Pharma and Mandatory Vaccine Policy

NOVEMBER 12, 2020 BY NEWS WIRE 2 COMMENTS

By Robert F. Kennedy Jr.

Vaccines, for Bill Gates, are a strategic philanthropy that feed his many vaccine-related businesses (including Microsoft's ambition to control a global vaccination ID enterprise) and give him dictatorial control of global health policy.

Gates' obsession with vaccines seems to be fueled by a conviction to save the world with technology.

Promising his share of \$450 million of \$1.2 billion to eradicate polio, Gates took control of India's National Technical Advisory Group on Immunization (NTAGI), which mandated up to 50 doses (Table 1) of polio vaccines through overlapping immunization programs to children before the age of five. Indian doctors blame the Gates campaign for a devastating non-polio acute flaccid paralysis (NPAFP) epidemic that paralyzed 490,000 children beyond expected rates between 2000 and 2017. In 2017, the Indian government dialed back Gates' vaccine regimen and asked Gates and his vaccine policies to leave India. NPAFP rates dropped precipitously.

***The most frightening [polio] epidemics in Congo, Afghanistan, and the Philippines are all linked to vaccines.***

In 2017, the World Health Organization (WHO) reluctantly admitted that the global explosion in polio is **predominantly vaccine strain**. The most frightening epidemics in **Congo, Afghanistan**, and the **Philippines**, are all linked to vaccines. In fact, by 2018, **70% of global polio cases** were vaccine strain.

In 2009, the Gates Foundation funded tests of experimental HPV vaccines, developed by Glaxo Smith Kline (GSK) and Merck, on **23,000 young girls** in remote Indian provinces. Approximately **1,200 suffered severe side effects**, including autoimmune and fertility disorders. **Seven died**. Indian government investigations charged that Gates-funded researchers committed **pervasive ethical violations**: pressuring vulnerable village girls into the trial, bullying parents, forging consent forms, and refusing medical care to the injured girls. The case is now in the country's Supreme Court.

***South African newspapers complained, 'We are guinea pigs for the drug makers.'***

In 2010, the Gates Foundation funded a phase 3 trial of GSK's experimental malaria vaccine, **killing 151 African infants** and causing serious adverse effects, including paralysis, seizure, and febrile convulsions, to **1,048 of the 5,949 children**.

During Gates' 2002 MenAfriVac campaign in Sub-Saharan Africa, Gates' operatives forcibly vaccinated thousands of African children against meningitis. In the village of Gouro, located in northern Chad, **approximately 50 of the 500 children vaccinated developed paralysis**. South African newspapers complained, "**We are guinea pigs for the drug makers**." Nelson Mandela's former senior economist, Professor Patrick Bond, describes Gates' philanthropic practices as "**ruthless and immoral**."

In 2010, when Gates **committed \$10 billion** to the WHO, he said "We must make this the decade of vaccines." A month later, Gates said in a **TED Talk** that new vaccines "could reduce population." And, four years later, in 2014, Kenya's Catholic Doctors Association accused the WHO of chemically sterilizing millions of unwilling Kenyan women with a "**tetanus**" **vaccine campaign**. Independent labs found a sterility formula in every vaccine tested. After denying the charges, WHO finally admitted it had been developing the sterility vaccines for over a decade. Similar accusations came from **Tanzania, Nicaragua, Mexico, and the Philippines**.

A **2017 study** (Morgenson et. al. 2017) showed that WHO's popular DTP vaccine is killing more African children than the diseases it prevents. DTP-vaccinated girls suffered 10x the death rate of children who had not yet received the vaccine. WHO has refused to recall the lethal vaccine, which it forces upon tens of millions of African children annually.

***[Global public health officials] say he has diverted agency resources to serve his personal philosophy that good health only comes in a syringe.***

Global public health advocates around the world accuse Gates of steering WHO's agenda away from the projects that are proven to curb infectious diseases: clean water, hygiene, nutrition, and economic development. The Gates Foundation spends only about **\$650 million of its \$5 billion dollar budget** on these areas. They say he has diverted agency resources to serve his personal philosophy that good health only comes in a syringe.

In addition to using his philanthropy to control WHO, UNICEF, GAVI, and PATH, Gates funds a **private pharmaceutical company** that manufactures vaccines and is donating \$50 million to **12**
