Participants

in alphabetical order

Catherine Austin-Fitts is the president of Solari, Inc., publisher of the Solari Report, and managing member of Solari Investment Advisory Services, LLC. Catherine served as managing director and member of the board of directors of the Wall Street investment bank Dillon, Read & Co. Inc., as Assistant Secretary of Housing and Federal Housing Commissioner at the United States Department of Housing and Urban Development in the first Bush Administration, and was the president of Hamilton Securities Group, Inc. Catherine has designed and closed over \$25 billion of

Hamilton Securities Group, Inc. Catherine has designed and closed over \$20 billion of transactions and investments to-date and has led portfolio and investment strategy for \$300 billion of financial assets and liabilities. She graduated from the University of Pennsylvania (BA), the Wharton School (MBA) and studied Mandarin Chinese at the Chinese University of Hong Kong.

Professsor Sucharit Bhakdi MD is Professor Emeritus of Medical Microbiology and Immunology, Former Chair, Institute of Medical Microbiology and Hygiene, Johannes Gutenberg University of Mainz.

Dr. Thomas Binder, MD is specialised in Cardiology and Internal Medicine, with a thesis in Immunology and Virology, and 32 years experience in diagnosis and treatment of Acute Respiratory Illness.

Dr. Reiner Fuellmich, is an attorney at law since 1993 in Germany and 1994 in California/USA. He has over three decades of experience as a consumer protection attorney, particularly against banks. From 1985 to 2001 Reiner was Scientific Assistant to Prof. Deutsch at the University of Göttingen, research center for medical and pharmaceutical law, and member of the Ethics Committees of the University Hospitals of Göttingen and Hannover. He is currently co-chair of the Extra Parliamentary Committee of Inquiry into the impact of governmental corona measures.

Professor Martin Haditsch MD PhD is Specialist in Hygiene and Microbiology and in Microbiology, Virology, Epidemiology/Infectious Diseases, and Tropical Medicine. He is Medical Director at the TravelMedCenter, Leonding, Austria, and Medical Director at Labor Hannover, MVZ GmbH. Martin travelled around the world to make a documentary entitled "Corona in Search of the Truth", in which scientists and experts unveil the suppressed realities of COVID-19.

Patrick Henningsen is founder and managing editor of the news website 21st Century Wire, a UK Column writer and presenter, and independent foreign and political affairs analyst. He is also the host of the SUNDAY WIRE talk radio program which airs live every Sunday on the Alternate Current Radio Network.

Dr. Charles Hoffe MD has been a practicing physician in British Columbia for 28 years. He has experienced regulatory consequences after speaking and writing about vaccine dangers, including a letter to his provincial public health officer regarding vaccine-related harms he witnessed in his patients.

Mary Holland is a former Research Scholar and Director of the Graduate Lawyering Program at NYU School of Law. She has written several law review articles and blog posts on vaccine law and policy and is the co-author and co-editor of the books "Vaccine Epidemic" and "HPV Vaccine on Trial: Seeking Justice for a Generation Betrayed." She has testified to retain or expand vaccination exemptions in the California, West Virginia, Maine and Vermont legislatures and has appeared in several documentaries and programs on vaccine issues. Mary is chair of the advisory board of Health Choice and a member of the advisory boards for the Elizabeth Birt Center for Autism Law and Advocacy, the Otto Specht School and Actionplay. Educated at Harvard and Columbia Universities, Mary has worked in international public and private law. Prior to joining NYU, she worked at major U.S. law firms, with three years based in Moscow, Russia. She also worked at a U.S. human rights organization as Director of its European Program. She has taught courses at Columbia Law School and has served as a consultant to the Aspen Institute Justice and Society Program.

Professor Stefan Homburg is Professor of Economics. He was the director of the Institute of Public Finance at the University of Hannover, Lower Saxony, Germany until 2021, and formerly Professor of Economics at University of Bonn and University of Magdeburg. Stefan's research focuses on macroeconomics and public finance. He has co-authored a textbook in macroeconomics, and authored other publications addressing topics in monetary policy, social security, tax law, and business taxation. He served as a member of several policy committees, including the Advisory Council at the Federal Ministry of Finance, the Federal Constitutional Commission, and the Federal Government's Council for Sustainable Developments. Between 1999 and

2007, he acted as Dean of Hannover's School of Economics and Management and from 1996 until 2003 he was editor of journals of the German Economic Association.

Taylor Hudak, MA, is an independent journalist focusing on free speech, press freedoms, whistleblowing and US foreign policy. Taylor's work can be found on acTVism Munich YouTube channel, as well as The Last American Vagabond.

Professor Ulrike Kämmerer PhD is a Molecular Virologist and Immunologist. She is Associate Professor of Experimental Reproductive Immunology and Tumor Biology at the Department of Obstetrics and Gynaecology, University Hospital of Würzburg, Germany.

Associate Professor Michael Palmer MD is Associate Professor in the Department of Chemistry at the University of Waterloo, Ontario, Canada, and is board certified in Medical Microbiology with a focus on Pharmacology, metabolism and biological membranes. His experimental research focus is on bacterial toxins and antibiotics. Michael has authored a textbook on Biochemical Pharmacology.

Professor Michael Meyen is Professor at the Institute for Communication Studies and Media Research at the Ludwig Maximilians University in Munich. He is widely published in his field, and has worked as a freelance journalist in newspapers, news broadcasting stations and online. His PhD concerned "The bourgeois daily press in the city of Leipzig in the Weimar Republic. Connections between social change and media change."

Professor Denis Rancourt is a retired former Full Professor of Physics at the University of Ottawa. He is currently researcher at the Ontario Civil Liberties Association and a Member scientist at PANDA, Pandemics Data and Analysis. He has done industrial-application research on the technology of filtration, with applicability to filters such as face masks. His scientific H-index impact factor is 40, and his articles have been cited more than 5,000 times in peer-reviewed scientific journals. He is an expert in statistical analysis methods, mathematical modelling, and measurement methods.

Vera Sharav is a Holocaust survivor, a public advocate for human rights, and founder of the Alliance for Human Research Protection, which serves as an information resource and public interest watchdog organization. Its goal is combat secrecy and bring accountability to biomedical research. She has served on the Children's Workgroup of the National Human Research Protection Advisory Committee, testified before public policy advisory panels including, the Institute of Medicine and numerous FDA hearings. Vera has been an invited presenter at various professional and academic forums: the World Federation of Science Journalists, London, National Academy of Sciences Policy Fellow program, National Public Health Association, Consumers Institute for Medicines and Health, Stockholm and the U.S. military medical ethics forum. She has authored numerous peer-reviewed papers and a book chapter on mandatory vaccination.

Mark Skidmore is Professor of Economics at Michigan State University where he holds the Morris Chair in State and Local Government Finance and Policy. His research covers topics in public finance, regional economics, and the economics of natural disasters. Mark created the Lighthouse Economics website and blog to share economic research and information relevant for navigating tumultuous times.

Dr Josef Thoma is a specialist in ear, nose and throat medicine with several decades experience. He worked in private practice from 1986 until 2018 and studied at the Technical University of Munich and the University of Regensburg from 1971 to 1977, then completed his specialist training at the University ENT Clinic in Berlin from 1979 to 1986.

John Titus has written, produced and directed videos about the loss of the rule of law in the U.S. since 2014. His videos focus largely on Wall Street crime, and cronyism in the financial system. He has a juris doctor and has litigated patents for 25 years. He also holds bachelor's and master's degrees in electrical engineering and worked as an electrical engineer in the space industry. Since 2020 John has co-produced and co-

hosted Money & Markets with Catherine Austin Fitts at Solar Inc.

Professor Harald Walach is a researcher at the interface between medicine, psychology and consciousness studies. He holds a double Ph.D. in Clinical Psychology, and History and Theory of Science. Currently he is affiliated as a professor with Poznan Medical University in Poznan, Poland, and a visiting professor with the University Witten-Herdecke's psychology department in Germany, where he teaches philosophical foundations of psychology. He is founding director of the Change Health Science Institute in Berlin.

Professor Richard A. Werner is a university Professor in banking and finance. He holds a First Class Honours in Economics from the London School of Economics and a doctorate in Economics from the University of Oxford. He is a founding chair of Local First, a community interest company establishing not-for-profit community banks in the UK and in 2008 he founded and has been director of the Centre for Banking, Finance and Sustainable Development – the first research centre to focus on the link between the financial sector and sustainability issues. He has been professor of monetary, macro and development economics at Goethe-University Frankfurt, Professor of International Banking at the University of Southampton, and assistant professor in economics and finance at Sophia University, Tokyo. Richard has worked as Chief Economist, Senior Managing Director and Senior Consultant in private industry, including at Bear Stearns and Jardine Fleming Securities, and as visiting scholar and visiting researcher at the Japanese Ministry of Finance and the Bank of Japan. His book *Princes of the Yen* was a No. 1 bestseller in Japan.

Dr. Sam White is a UK-based General Practitioner. In early 2021 he resigned from a partnership in a medical practice, and posted a video to social media explaining his reasoning, citing lies surrounding COVID-19. After the NHS suspended his licence to practice medicine as a result, he wrote an open letter, via his lawyer, to the NHS Chief Executive. The letter appealed the grounds for this suspension and highlighted in great detail the ethical breaches of the vaccine program, including lack of informed consent.

Patrick Wood is a leading and critical expert on Sustainable Development, Green Economy, Agenda 21, 2030 Agenda and historic Technocracy. He is the author of *Technocracy Rising: The Trojan Horse of Global Transformation* (2015) and co-author of *Trilaterals Over Washington*, Volumes I and II (1978-1980) with the late Antony C. Sutton. Patrick remains a leading expert on the elitist Trilateral Commission, their policies and achievements in creating their self-proclaimed “New International Economic Order” which is the essence of Sustainable Development on a global scale. Wood is the publisher of *Technocracy News and Trends* and founder of *Citizens for Free Speech*.

Dr. Michael Yeadon BSc was Formerly Vice President & Chief Scientific Officer Allergy & Respiratory at Pfizer Global R&D. He holds Joint Honours in Biochemistry and Toxicology and a PhD in Pharmacology. He is an Independent Consultant and Co-founder & CEO of Ziarco Pharma Ltd.
