*"A government could also supply drugs to help control a population. This method, foreseen by Aldous Huxley in Brave New World (1932), has the governing element employing drugs selectively to manipulate the governed in various ways." ~ Louis Jolyon West, "Hallucinations: Behavior, Experience, and Theory" (1975) [p. 298]*

**Note:** Incredibly, this jaw-dropping film was taken in the Beverly Hills home of Allen Ginsberg's cousin (((Oscar

Janiger))). If you are familiar with Joe Atwill and Jan Irvin's **important work**, you will know they theorize that there are family ties and connections involved with cultural debasers. Indeed, you see it again and again and they may go back generations. Also see **Beatnik Allen Ginsberg's Weaponized Debasement of Culture**.

Pedo Ginsberg was specifically mentioned by Timothy Leary in the Irvin-Atwill video as "the indefatigable Zionist politician for drugs." I would suggest that since Ginsberg never ran for political office, the term "politician" is shadow-language doublespeak for "agent."

Leary, like Ginsberg, spouted off openly and without repercussion. Among his gems was writing the psychology entrance exam for the CIA. He was quoted as stating, "We have the CIA to thank for the entire counter-culture," and, "The liberal CIA is the best mafia you can deal with."

A recording has emerged of a February 1979 meeting of many of the leading U.S. LSD (and other hallucinogens) researchers and promoters at the Beverly Hills home of Oscar Janiger, M.D., a psychiatrist and early LSD researcher. Among those present were the "pioneers" of the early research work with the drug. The host of the meeting, quack (((Dr. **Oscar Janiger**))), introduced LSD to more than 1,500 people, including artists, famous writers and many of the entertainment industry's elite.

Others meeting attendees included LSD researcher and "spokesman" (((Sidney Cohen))), as well as Humphrey Osmond, who so aptly named this powerful class of psycho-active agents when he proposed the term "psychedelic" before the New York Academy of Sciences in 1956. Dr. Osmond was recruited in 1952 by Allen Dulles to play a prominent role in the MKUltra project. He was closely associated with psychiatrist (((**Abram Hoffer**))), who experimented with patients using psychedelics.

Osmond was also a sidekick of Aldous Huxley (1894-1963). The woman present in the LSD kingpins reunion video is Aldous' daughter, Laura Huxley Archera. The Huxleys were

order and believed in dumbing down the population with drugs and propaganda to "make them happy" aka "under control". More on the extended Huxley psychopath family [is here](#). Aldous Huxley's network and pattern [is here](#).

At center stage in the pow wow was CIA operative, the homicidal and original Captain Trips, weird [Al Hubbard](#), complete in cop's uniform down to the badge, pistol and ammunition belt. It was he who introduced so many to the LSD experience. Hubbard's "secret connections" allowed him to expose more than 6,000 people to LSD. Whoever would have thought the real "Johnny Appleseed" was actually some fat, old fart in a fake police uniform.

There was also John Lilly, researcher of the sensory deprivation tank and other other Gitmo-style mind-induced torture. There is a curious Zionist-Catholic combine at work here. Almost all the )))non-echobergs((( present have Catholic backgrounds. There was a linkage to the [Tavistock Institute](#) in London which was deep state British intelligence and Zionists.

And of course, no meeting on this subject could be complete without wild man and Pied Piper of Zihuatenejo-Harvard Timothy Leary. Leary was an admitted admirer of satanist Alester Crowley and proclaimed he was devoted to carrying on the work [see 1:00 Atwill-Irvin clip below]. ((([Myron Stolaroff](#)))) was also present. A simple review of Stolaroff's Wiki illustrates how much CIA research money ended up with all these players. Funding for cultural debasement tended to show up from the Mellon and Rockefeller Foundations during this era.

Other curious attendees included New Age types like [Willis Harman](#) and Nick Bercel, agents who require full chapters in and of themselves. Harman ran SRI, one of the world's largest scientific research organizations funded directly by

These are NOT good guys. This is all about mind control and messing with the natural order. This is a room full of key CIA/MKUltra operatives. The '60s and '70s counter-culture movement was mostly manufactured by powerful people and their puppets, wanting to create a dysfunctional society. This was

social engineering planned to debase America's culture. One accurate term used for the individuals who were victims of this debasing was "Deadhead," which is an equivocation for a "dead mind" or "a drugged, thoughtless person."

In the video, they freely admit using hippie buses, rock stars and actors to spread LSD. At one point, Leary and Hubbard recall who hooked Cary Grant on psychedelics.

Leary and the others give accolades to the plant **Gordon Wasson**, the "discoverer" of magic mushrooms in Mexico. This name pops up all over the place when it comes to nefarious activity. Wasson was a vice president with JP Morgan and company.

At 3:00 Leary gives kudos to **TIME-LIFE** publisher Henry Luce for promoting these psychedelics and the creation of turned-on, tuned-in, dropped-out "hippies." The whole '60s counter culture explains why so many baby boomers are such awful social guardians and poor critical thinkers today. And today's Millennials Zeitgeist is a far worse extension of the prior counter-culture ambush.

Isn't it interesting how Leary (at 2:30) uses the phrase "Our undercover agents" in regard to the LSD scene in Los Angeles. At 31:00, Leary describes L.A. as ground zero. At 33:00, Irvin and Atwill theorize about who is behind this weaponized anthropology. I theorize that this is an earlier iteration of the Crime Syndicate that is in complete control today. At 36:00, in the Irvin-Atwill clip, Leary freely

describes the operation as administering “contagious psychosis.” At 44:00 they yuck it up about Leary’s faked jail break. At 47:00, they touch on the money backers and their access to millions of dollars.

Oscar Janiger’s cousin was the overrated and heavily promoted beat poet (((Allen Ginsberg))), who was mentioned by Timothy Leary in the Irvin-Atwill video as “the indefatigable Zionist politician for drugs”. Listen carefully at 17:15-22:15 for some analysis of this aspect.

For those looking to go deeper into the rabbit hole, Atwill and Irvin do it in the next separate podcast. Listen to this after the interview. Joe Atwill and Jan Irvin connect the (((Frankfurt School))) to the American Jewish Committee, then to the murky **Macy Conferences** (yet more (((echobergs))), and directly into MKUltra.

(((Sidney Gottlieb))) was given who’s-who special kudos by these criminals during the video. Gottlieb was responsible for coordinating MKUltra.

He was also directly involved in the murder of **Frank Olson** that led to the Frank Church investigation of the CIA. Unfortunately, the great unsung hero Senator Church died of fast-growing cancer when the trail was getting warm. RIP. Church stated prophetically, “I know the capacity that

The rest is history, and obviously this article and the 1979 meeting video is just the entrance into the rabbit hole. There are two ways to view this revealing jaw-dropping 1979 meeting. One is through the eyes of Joe Atwill and Jan Irvin, who have conducted the deep research. Atwill and Irvin's work shows correctly that much of the counter-culture movement was not organic or blow back, but very manipulated and weaponized. More of their highly revealing work and research **is available here**. The second video is the unedited version straight through.
