

# Case 29 The American Holocaust: with 911 and Katrina Exposed as Snuff Films in a Global Mind Control Operation

[On 26 Feb. 09, I was on the Global Research News Hour](#) with Stephen Lendman, which is in the shows archives [here](#). Here are the notes of a hypothetical interview which I wrote beforehand which covers much more ground.

Please start by listening to this 35-minutes overview of the CIA's domestic kidnapping, sex slave, porn, and snuff film operations called [Rusty Nelson Interviewed by Michael Corbin 4-12-05](#).

Lendman: On our show today we will be speaking to Dr. Sue Arrigo, former CIA Intelligence Advisor to the Generals on Joint Chiefs of Staff. She has agreed to tell us why the CIA uses torture. Start by telling us why the CIA tortured you.

Arrigo: There were several reasons. The simplest answer is that they were trying to

silence me as a whistle blower. It used to be that children could walk to school without their parents being afraid they would be kidnapped. All that changed when the CIA started kidnapping American children and using mind control torture on them to sexually blackmail US Congressmen. Perhaps some of you already know that the 12-year-old paperboy Johnny Gosch was kidnapped and was one of the first children listed as missing on milk cartons. His mother called the FBI when he didn't come home. The FBI will not accept a missing persons report for 72 hours, but which time the kidnapers have disappeared. The FBI refuses to release the statistics on how

many children are kidnapped each year, apparently to prevent outrage over the many American children who are stolen. If the FBI were effective in investigating and prosecuting those kidnapping them, their names and faces would not have to be posted on milk cartons and Walmart bulletin boards . Some years later [another boy, Paul Bonacci](#), was [awarded 1 million dollars](#) for his torture by a Republican fundraiser and the CIA. He told the judge that the CIA had also forced him to help them kidnap Johnny Gosch. See Case 28: Gates, Torture, Ashes of Children for more information. So that is what I am going to be exposing today--[the CIA's use of torture on innocent children](#), not just terrorist suspects. And I am going to expose the high level people who conspired to kill JFK and why.

I want to give you the background so that you can understand how such a dreadful perversion of the American government has occurred that the CIA is torturing even American children.

Bush went to war in Iraq citing as a reason that Hussein was using chemical weapons and torture on his own people. But there are whole books devoted to the US testing chemical weapons on its own citizens. And the CIA documents referenced in the book [Bluebird](#) on

MKULTRA by Dr. Colin Ross detailed how the [CIA fed high doses of LSD to schoolchildren](#) for up to a year in its mind control experiments. The book Bluebird also exposed how the CIA fed some American school children radioactive oatmeal. Many children died in the CIA's experiments and when they were thrown into spying assignments which should have been done by well-trained adults. In effect, they were intentionally murdered in the same way that American service men have been by sending them to fight in unnecessary wars.

The prosecutor, [Vincent Bugliosi, who convicted Charles Manson](#) had a record of 22 successful murder prosecutions out of 22. So, he knows what evidence is needed to convict a man of murder. He wrote a book called [The Prosecution of George W. Bush for Murder](#). He said that the evidence is very strong that Bush wittingly committed murder of our servicemen when he sent them off to war based on information which he knew was false. Bush, Jr.'s first Secretary of Treasury, Paul O'Neill, has stated [here on 60 Minutes](#) and in a book, [The Price of Loyalty by Ron Suskind](#), that at the first meeting of the National Security Council under Bush in Jan. 2001 the issue of how to go to war in Iraq to get their oil was discussed. The Neo-cons had already stated in a planning document "[The New American Century](#)" (pg. 51) that we need a catastrophe like Pearl Harbor to force American public opinion into war.

In 2004 I was the negotiator between my boss, Tenet, and Cheney on who would be the fall guy for not preventing 911. Those negotiations left no doubt that 911 was an inside job orchestrated by the neo-con Cabal; the Muslims were the patsies. 911 allowed the neo-cons to go to war to get the oil in the Middle East and to pretty much destroy the Constitution and plummet the rule of law back into the dark ages of torture. Tenet ended up taking the blame for 911 and resigning. Cheney was mad at me for representing Tenet's position so well and wanted me out of the CIA. In Aug. 2004 he gave me an illegal assignment to frame Iran as developing nuclear weapons. When I refused, he threatened my mother's life. The next week I was kidnapped, tortured for 4 days using electrical torture, water boarding, and rape, and drugs, and then thrown into a locked mental ward to discredit and silence me. Russ Tice, the NSA analyst who blew the whistle on domestic spying was [falsely given the diagnosis of paranoid schizophrenia](#) by the department of Defense to discredit him as crazy. This is the CIA's favorite way to get rid of whistle blowers as detailed in Bluebird from the CIA's own documents. The journalist, [Susan Lindauer](#), who brought [a message back from Iraq](#) before the war that Hussein was willing to have the weapons inspectors back was similarly thrown in a mental hospital and kept drugged to keep her from speaking. The Soviets used to silence dissidents this way in Stalin's days. The US Administration wanted to go to war, they were going to make a lot of money through [Cheney's Halliburton](#) and [Bush's Carlyle Industries](#) consortium of weapon's manufacturers.

Lendman: So you were tortured so that they could make money?

Arrigo: Yes, these men are in the business to start wars so they can buy their umpteenth mansion. It doesn't bother them that the war will kill and maim large numbers of innocent people. I want to spend about 15 minutes on the [historical background](#) of why the CIA tortures people because it will give you the big picture. You can read this material properly referenced in my Special Reports--Arrigo at Case 22C "Hot Sodas Courtesy of Those Who Built Auschwitz" [www.libertycalling.com](http://www.libertycalling.com) .

Kissinger, who is head of a Luciferian group wrote in National Security Memorandum 200 dated April 24, 1974, "[Depopulation should be the highest priority of U.S. foreign policy towards the Third World.](#)". Kissinger was a protege of Nelson Rockefeller and the Rockefellers funded the eugenics movement in the US in the 1920's and helped export it to Germany.

Both the Rockefeller Family and the Bush family heavily backed the eugenics movement, killing, and torture as if it were a religion to them. Read Tarpley's [Unauthorized Biography of George Bush, Sr.](#) free online for the documentation. They were major funders of Hitler, along with with Ford, of the Ford Motor Foundation. Hitler was so poor before they came along with Bush's business Thyssen, that in the early 1920's he had to take out a loan to buy a used car. They funded Hitler starting in 1923 because his father was an illegitimate son of a Rothschild and they were part of the Rothschild's banking empire with aspiration to rule the world, the NWO. Hitler agreed to break the backs of the trade unions and impoverish the masses so the industrialists could have dirt cheap labor.

In 1934, these US industrialists, plus others such as the Duponts, the Morgans, and Harrimans, funded a coup against the US to put a fascist in the White House. Fascism was called "Corporatism" by Mussolini because the functional definition of fascism is to put the profits of corporations ahead of human rights. Clearly, these industrialists were not for

freedom and democracy when they hired General Smedley Butler to put a fascist in the White House to rule the world with Hitler and Mussolini. General Butler as you can read in [Plot to Seize the White House](#) (or an [overview article](#) or [BBC radio documentary](#) complained to Congress and Congress was so corrupt it didn't put the traitors to the Constitution in jail.

As a direct result of leaving the conspirators at large, [three times during WWII, the US had to seize some of Prescott Bush's companies as Nazi front companies](#). Prescott Bush and his business partner Thyseen made 50% of the steel and 35% of the explosives which the Nazis used for their war effort in 1942 according to records in the US Library of Congress, see [Chapter 11 of Tarpley](#). Prescott Bush and Thyseen had steel and coal mines in Poland, including near Auschwitz. The Polish government in the 1930's threatened to nationalize them because they were [cooking their books](#) and not paying taxes. Hitler's invasion of Poland put an end to that. According to a former US prosecutor of the Nazis, who became head of a Holocaust Museum in Florida, the [Rockefeller and Bush families build the Auschwitz labor camp](#) in order to have the slave labor and the Bush Family made

1.5 million dollars off the slave labor there. "Emil Helfferich, chief executive of both Standard Oil's Germany subsidiary, and of Harriman, Bush, and Hitler's Hamburg-America lines, testified after the war that money to pay the SS guards at the Auschwitz death camp, was paid out of a Standard Oil bank account." See Case 22C. After the war, [Standard Oil was fined \\$5,000 for traitorous giving the Nazis the secret formula on how to turn coal into gas, while not giving it to the Allies](#). But the traitors in the Rockefeller and Bush families who made the decisions were not charged and prosecuted.

According to a Dutch intelligence officer, [Prescott Bush managed a portion of the slave labor at Auschwitz](#). That would be hard to believe except under Bush, Jr. as President the US Embassy in Baghdad was being built using slave labor according to [Mayberry's testimony before Congress](#). But Auschwitz was just a small part of the story, because documents I saw in the private Rockefeller Archives showed that they had all except 2 of Hitler's labor camps built. Many people know that 12 million people were murdered in the extermination camps. But few people are aware that the Nazis [abducted another 12 million people](#), mainly from Eastern Europe to use as slaves in factories. Many were starved or worked to death on purpose but their numbers were not added to those who died in the Holocaust.

Torture was used in the Nazi camps to terrorize large numbers of people into obeying just a few people. Nazi mind control experiments had the goal of controlling people against their will. Shortly after the Nazis lost the war militarily, the CIA was started and continued with that same goal to do mind control research to control people and [populations against their will](#) under [CIA Operation MKULTRA](#). We are talking about millions of US taxpayer dollars being used to figure out how to torture people into submission. Eighty different Universities and research facilities in US and [Canada](#) joined this research effort to torture North American children into being mind control slaves to the Rockefellers, Bushes, Fords, etc. It was this Cabal of death worshipping industrialists which started the CIA. One of their first actions was to import Nazi scientists and spies into the CIA by the thousands, including the infamous Auschwitz mind control torturer [Josef Mengele](#). One author claimed that half of the early CIA spies were Nazis. I was shocked to find that the Nazis in the CIA were paid exactly the same wages to the dollar that they had earned under Hitler,

after the currency conversion. The reason was it was really the same bosses paying them.

A member of Skull and Bones, Robert Lovett, wrote the charter for the CIA. The CIA continues the illegal activities of Skull and Bones which was started by a pirate in the 1830's to run drugs, slaves, and threat and murder operations. There were 4 Bonesmen present in the Oval Office hovering over President Truman when he signed the charter. Only 15 new members are initiated into Skull and Bones each year so the chances of 4 of them helping launch the CIA by chance alone was less than one in a million. Many of the key positions in the early CIA were given to Bonesmen, including the Director of Personnel who was hiring people for the CIA. Inside the CIA I had access to the diaries of many members of Skull and Bones. When the group started they were kidnapping black slaves, raping and torturing them to death in their initiation rituals. Then they went to doing the same to American Indian women at the time of Custer's defeat. But they didn't care about honest intelligence even in those days so most of the women killed were just cute chicks they saw on the Yale campus whom they called Injuns. They got away with it by bribing the Yale and New Haven police and eventually by controlling who appointed those people. The US Justice department didn't investigate the crimes of the Cabal for the same reason. Just how long has this Shadow government run by the death cults under the Rockefellers and their frontmen been going on?

The truth is that the Rothschilds and their frontmen, of which the Rockefeller family is the American head, have been starting wars for profit for centuries. The Rothschilds set up the American Civil War to weaken America when the US refused to allow them to start a fractional reserve banking system to control it. They seeded the money to John D. Rockefeller Sr. in the Civil War for his war profiteering schemes. He was selling defective items like worm holed wool blankets to the Union Army, just like his father sold crude oil in water at exorbitant prices to "cure cancer". It doesn't cure cancer, it causes it. He also sold watered down opium to the Union Army for high profits, ensuring that the wounded suffered in pain while those caring for them were denied an effective way to help them.

When President Kennedy found out that the CIA was a front for illegal activities of these men who started WWI and WWII to bomb out the independent shop keepers and force everyone into wage slavery, he decided to shut down the CIA. Nelson Rockefeller ordered him assassinated.

You can read about how one of the early heads of what became KBR, and then Halliburton was involved in the group planning the assassination. The head of the CIA Allen Dulles who Kennedy fired over the Bay of Pigs fiasco was among them. But after Kennedy fired him, Nelson Rockefeller had Kennedy appoint McCone as DCI and he was part of that same team to kill Kennedy. So, Kennedy by following Rockefeller advise put his own hit men in place in US intelligence, men more loyal to him than to Kennedy. George Bush, Sr. was a young man at the time, working as a covert operator for the CIA in its Bay of Pigs Operation Zapata. But since he was the son of long time Rockefeller co-conspirator Prescott Bush, he was one part of the planning committee for the Assassination. You can read all about it in my Special Reports--Arrigo at [www.libertycalling.com](http://www.libertycalling.com). Heads of the Media were involved as well. When one of the Hearsts backed out of the cover-up years later, the CIA had his daughter Patty Hearst kidnapped, raped, and sensory deprived in a dark closet to torture her and him mentally. After she was released she was thrown into jail as if she were a criminal, she hadn't been until they destroyed her will to oppose them and forced her to commit a bank robbery for them.

You can read the documentation that the CIA runs illegal drugs in books like Dark Alliance about the CIA using the torture-rape mongering Contras to run crack cocaine into black neighborhoods in the US to destroy them and keep blacks in poverty. While Dark Alliance is good because it is based on court transcripts, the book Barry and the Boys really gets to the point. The author said that the book answered a question, he didn't know he had, "Why does a man spend millions to run for president to get a job which pays less than a million over 4 years?" You see, Barry Seals was a CIA officer running drugs into Mena Arkansas while Clinton was Governor. He died with Bush, Sr.'s private phone number in his pocket, because Bush, Sr. as head of the CIA was in charge of both the CIA's drug running and torture programs. When Bush, Sr. became President the Cabal gave him a bigger cut of the illegal trades profits. This is what the CIA does for a living--runs illegal drugs, sex slaves, and weapons. For example, Bush, Sr. sold chemical and biological

weapons, WMD, to Hussein to make a buck. The go-between for that deal was Rumsfeld. That was a clear conflict of interest for a sitting President to make a profit on selling arms, but it is done all the time. That is why the US goes to war over and over again without another country actually attacking it. Reagan said, "The Nicaraguans' are coming." Bush, Jr. said, "Hussein poses an imminent threat". It is all lies. The US is committing war crimes and using torture to silence its critics. It is selling WMD, including the nuclear missiles that Bush, Sr. sold to China. Even better than reading [Dark Alliance](#), and [Barry and the Boys](#), is reading Al Martin's [The Conspirators](#) which talks about the illegal sale of weapons to the Chinese. The Cabal pretends that other countries are dangerous because they might make nuclear weapons in the future. It was the Bush, Jr. administration which posted on the White House website in arabic how to make them. They want other countries to try to make them to give them an excuse to go in and take over their country and their oil. But the US is the only country in the world which says "We will strike first with nuclear weapons, whenever and wherever we like, even against our allies." That is terrorism with a capital T.

Lendman: Would you speak more about how torture is used to make these profits?

Arrigo: The US pretends that it is using torture to collect intelligence. That is more lies. People say anything under torture to get the pain to stop. The CIA wasn't even torturing the people who knew anything about who caused 911. They would have had to torture people in the White House to even have a chance of getting a word of truth about 911 to slip out. The CIA was torturing Muslims to create false confessions, so that the US Administration could blame some Muslims for 911. That is why the trials are so slow in coming and the evidence secret. The evidence is being kept secret to preserve the National Secret that the neo-cons started Al-Qaeda, planned 911, and committed mass murder on 911 in the interests of profits into their back pocket. For the proof that [US officials, such as Zbigniew Brzezinski, started Al-Qaeda](#), see the 3-part BBC documentary [The Power of Nightmares Parts I, II, III](#). For the evidence that 911 was committed by the neo-cons see 911 documentaries like [Loose Change](#) or talks by [Christian Theologian David Griffin](#).

Lendman: Did you have first hand knowledge of 911, other than the negotiations between Tenet and Cheney?

Arrigo: Yes, Tenet set me over to the Pentagon in late Aug. 2001 to remove 911 planning documents so that the firefighters would not stumble across them on Sept. 11th. I removed one large moving van worth of 911 planning documents. The side of the Pentagon slated for the incoming missile to fake 911 was the side under reconstruction. That pretty much guaranteed that only the civilian contractors were killed, not Pentagon personnel. I then personally handed Tenet, Bush, Cheney, Rice, Rumsfeld, and members of the Joint Chiefs of Staff my 8 page report pleading with them to call 911 off.

Lendman: You are telling us that all of those people were part of the conspiracy to commit 911? Wow, I guess I knew that. How did you get involved in this?

Arrigo: CIA Operation MKULTRA sexually tortured American children into being spies and assassins for the NWO. The idea was for the CIA to create expendable deniable assets to do the dirty work that they didn't want their name connect to even remotely.

Sexual torture is so abhorrent to the human mind that a person would rather lose their memory of the events than have to face what happened to them. So, sexual torture, like at Ghraib Prison in Iraq, was used by the CIA as official covert policy. The Bush Administration has still not released all of the torture memos to the public. However, in one memo written by White House Lawyer John Yoo, he argued that the Commander-in-Chief could order the crushing of the testicles of a child. Why would he make such an argument? Because that is what the CIA was already doing, even to innocent American children in Operation MKULTRA. [Survivors of MKULTRA gave testimony](#) before President Clinton's Advisory Committee on Unethical Radiation Experiments since some of the same American children were used in both the radiation experiments and the torture mind control experiments.

Their therapist Valerie Wolf said

“In preparation for my testimony at these hearings, I called nearly 40 therapists across the country ... therapists across the country are finding clients who have been subjected to mind control techniques. The consistency of their stories about

the purpose of the mind control and torture techniques, such as electric shock, use of hallucinogens, sensory deprivation, spinning, hypnosis, dislocation of limbs and sexual abuse is remarkable. There is almost nothing published on this aspect of mind control used with children, and these clients come from all over the country, having had no contact with each other....We need the glare of publicity to stop the continuing harassment of people who were subjects in mind control experiments. [See more of the [testimony online](#) .]

The CIA never stopped the kidnapping of American children. Obama still allows the CIA to kidnap people. The CIA never stopped the programs to torture American children. Obama's order to end torture ends with a last line which says that the order is not enforceable in law. You can read in on the white house website under Executive Orders. It says that US officials must comply with the UN Convention Against Torture but Obama himself is not in compliance with it. The UN Convention Against Torture requires that ALL allegations of torture be effectively investigated and prosecuted. How can we believe that Obama is serious about ending the torture of American children by the CIA when I have sent him information on the existence of these ongoing CIA programs and he has not even called me up to ask me about them? If you were President of the US and a former high ranking member of the CIA who had been an intelligence advisor to the Joint Chiefs of Staff reported to you that the CIA was torturing American children, wouldn't you have immediately ordered an investigation and prosecution of the villains? Now some people are going to say that Obama's staff never gave him my messages or briefed him on these covert CIA programs, so how could he stop them? But he is commander-in-chief and appointed those people. He is responsible to appoint competent people who will tell him the truth and have the skill and experience to do so.

Obama's first nominee to DCI, was John Brennan. He had to be dropped from consideration for the post after some news articles pointed out that he was as pro=torture as Cheney. Obama knew that when he re-assigned John Brennan, (a former director of the National Counterterrorism Center to be his in-house advisor on counter-terrorism and homeland security. Which "terrorists" in the United States are they worried about. The NSA and CIA were spying on Quakers and having people like Amy Goodman, a radio host arrested on false charges. The CIA and NSA have targeted the war protestors for surveillance. They are refusing to investigate the war crimes and murders committed by the Rockefellers using front men like Bush and Cheney. Obama's lawyers are acting as felons by advising Obama that he can avoid prosecution of criminals just because they helped to get him elected, when in fact prosecution of criminals is required to make it safe for children to walk to school and it is required by law to lock them up! I reported Obama's lawyers to the DC Bar and asked them to be disbarred from practicing law because they are wittingly aiding and abetting the torture of American children!

George Bush, Jr. was under investigation for the murder of 17 people in a death worship cult in Texas of which he was a member. He admitted in his autobiography that he was a member of Skull and Bones and then said he couldn't say anything more about it. Why? Because all they do is criminal. Those 17 people were found dead, murdered by a particular form of torture which is too gruesome to mention on the air. Bush, Jr. three days later could give no account of his whereabouts. When reporters questioned him about it when he ran for President in 2000, the reporters were threatened for asking him about it. The reply he gave was along the lines, "Don't ask me about something which may or may not have happened over a decade ago, let's only look forward." See Case 20 Our Shadow Govt--Skull&Bones, Bohemian Club, CFR.

Then a woman, [Margie Schoedinger, in Sugarland Texas filed a lawsuit in December 2002 against Bush for raping her](#), rather like the women who accused Bonesmen Clinton and Kerry of rape. [The Sugarland police refused to effectively investigate or prosecute the case](#). She said in the court papers which I read online that that [Bush, Jr. called her from the White House after she went to the police](#) and threatened her life. Later [she was found dead](#) of a gunshot wound to the head, like JFK.

Many of the survivors of these CIA torture mind control programs, such as Monarch, say that Bush, Sr. was one of the men who sexually abused them, see the video clips [here](#), [here](#), and here. That is documented in a book The Franklin Cover-up and articles about it. You can find that information in my Special Reports--Arrigo at [www.libertycalling.com](http://www.libertycalling.com) in a 5 part series called "Case 24 Did Someone Make Money Off of US Torture?" I haven't had a chance to update it yet with the scam to falsely jail kids to get the kickbacks from the prisons.

The Rockefellers, the Bushes, and Cheney made money off the torture of Iraqis in the Abu Ghraib prison. Briefly, the scam went like this. Before the UN resolution which allowed the US to go to war in Iraq, the Administration awarded a private security company CACI a contract to conduct 2 hours of interrogations a day on "terror suspects", guaranteeing them a minimum number of thousands of interrogations a day. The fees per hour were exorbitant to allow ample kickbacks to the Rockefellers, Bush, and Cheney, et al under the table. When the scandal at Abu Ghraib hit the press, Bush said that the torture was due to a few bad apples. I went to 3 prisons in Iraq

as a CIA physician and documented that the torture was widespread and the result of covert official policy. My report which I personally handed to Rumsfeld, Tenet, Bush, Cheney, Rice, and the JCS was buried. It was only later that the US memos allowing Bush to order torture by false legal arguments were uncovered. All of the people, including the lawyers were part of a conspiracy to commit torture for profit. The American taxpayer ended up paying for the torture of innocent Iraqis, including women and children.

There was no Al-Qaeda in Iraq, the CIA had to create an insurgency in order to claim that there would be civil war in Iraq if the US pulled out. They did that by sexually torturing Iraqis rounded up in dragnet operations while the US military killed their children and destroyed their homes. They implanted into their minds under torture the wish to die while fighting for the freedom of their country and then sent them out as suicide bombers to target the oil wells so that the US military could have an enemy to say they couldn't give the oil wells back to the Iraqis. It is my belief that 80% of the sectarian violence in Iraq in 2004 was due to CIA operations which also set up fake Al-Qaeda training camps inside Iraq. The intelligence showed that there was no Al-Qaeda in Iraq when the US invaded Iraq. Just like there were no WMD.

The costs for the torture of American children is also borne by the US tax payer. The CIA's budget is secret and the kickbacks on its secret programs go to those same already filthy wealthy men.

What is done to the children is the same as is being still done in Iraq to prisoners. Shutting down the Abu Ghraib prison did not end the torture of those people using the same methods. Similarly, Obama's shutting down the CIA's secret detention facilities, has not stopped the CIA from torturing those people. See the article [Gitmo Inmates Still Tortured](#). The CIA just changes the names of the facilities or their locations. Obama's Task Force to study interrogations is not going to end the torture of those people or American children because the people Obama appointed to the Task Force include Gates who used to head those torture American children projects. This is not an independent panel, this is a set of people like on the Warren Commission who have gotten appointed because they will cover up the truth. In my Special Report-Arrigo at [www.libertycalling.com](http://www.libertycalling.com) I show you how to find the culprits of the JFK assassination just from examining all the cover-up panels. Many of the members of those panels became leading members of the Shadow government for covering up the Rockefeller Family's role in ordering the assassination. Ford became President, for example as a reward on a coverup committee.

Admiral Blair who is now Director of National Intelligence [greenlighted the torture and massacre of East Timorese in that genocide](#). It appears that he was given that position because he had proven ability, not in collecting honest intelligence, but in assuring the Rockefeller Population Control programs went forward, even against his explicit direction of the State Dept to do otherwise.

DCI Panetta has no experience in intelligence except during the Vietnam war when he was in military intelligence. What was happening in Vietnam at the time was Operation Phoenix in which 20,000 to 40,000 vietnamese civilians were kidnapped, assassinated, or tortured to death without charges or trial. Counter-spy magazine reported Operation Phoenix as "the most indiscriminate and massive program of political murder since the Nazi death camps of world war two." (**Counterspy Spring/Summer 1975 p.6**). What we know about Panetta is that immediately after he left the military he was given a plum assignment as a Congressional aid to the Speaker of the House. That reminds me of how Nixon got his start. He was a naval officer during WWII and at the end of it came across Nazi documents which tied the Dulles brothers to the Nazi. The Dulles brothers were the lawyers for the Bush family and the group of bankers who built up the Black and Brown shirt Armies. In exchange for Nixon silence, he was given the funding to run for Congress. Then later he was pushed up to the Oval Office.

Senator Jay Rockefeller has been head of the Senate Select Intelligence Committee which is supposed to provide oversight of the CIA. His family is the main family profiting from the

kidnapping and sexual slavery of American children. That is a clear conflict of interests. Those programs have continued and expanded under his actions which prevented any effective oversight of the CIA. During his reign on that committee I do not know of a single illegal kidnapping, assassination, or torture committed by the CIA which he said no to.

When Jay Rockefeller and Julie Nixon endorsed Obama, I knew that Obama was being backed by the Cabal which is committed to continuing the wars, running drugs, sex slaves, and destroying democracy as part of the NWO's plans to enslave the world, like it showed its true colors under the Nazis at Auschwitz and under the US at Abu Ghraib prison. That did not mean that Obama would do everything that they wanted; Jimmy Carter hadn't. But it certainly raised a red flag in my mind.

Obama has a duty to protect the Constitution and to enforce the law. He has a duty to prosecute the Rockefellers for their role in causing the recent financial collapse in the US and robbing people of their pensions, homes, and jobs. He has a responsibility to enforce the law and put the torturers of American children in jail instead of letting them continue to rape and torture them.

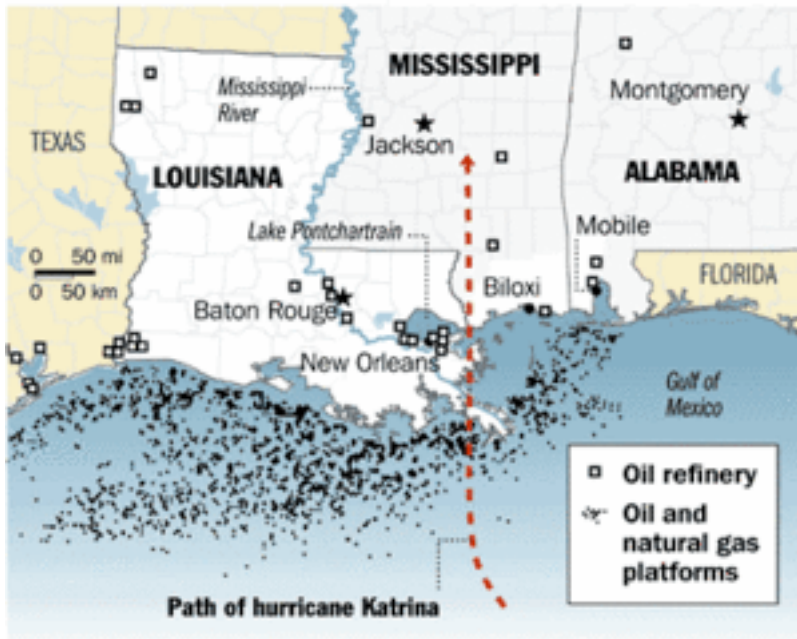

I have been tortured by the CIA more since Obama took office, not less, and the torture has been escalating over time not diminishing. And that is in spite of my frequent emails to Obama and the US Justice department pleading for them to stop CIA torture by prosecuting my torturers.

In several of my recent tortures, I was given a script to memorize to see if I could be forced to act it out later. The scripts were assuming that I was appointed to a position by Obama in which I would have the authority to oversee the jail term of Senator Jay Rockefeller after he was convicted for unspecified crimes. I certainly already knew which crimes of his I had provided evidence of to the GAO because the US Justice department was so corrupt they aided and abetted my torture when I tried to give them the evidence in 2004. In one of those scripts I was supposed to agree to house convict Jay Rockefeller in a private mansion with an olympic sized swimming pool and arrange for the taxpayer to pay for his private tennis lessons by his favorite Tennis pro, also to hire his favorite cook and furnish the mansion to his specifications, all at taxpayer expense without a single other prisoner in this "prison". When I refused on the grounds that it was unfair to the many innocent children and blacks who have been arrested on minor charges and are being used as slave labor to make a profit for the Rockefellers, Bushes, and Cheney, I was not given an appointment in the Obama Administration.

I had proved in decades of CIA studies that all of the tasks needed to protect true National Security can be done better using the clean non-violent methods I developed. I had the intelligence experience to run US intelligence ethically, transparently, and non-violently. I collected intelligence in Iraq and had trained intelligence officers for decades. I was an intelligence negotiator for the CIA with the Chinese, Russians, and Arabs for many decades. I had been the coordinator for CIA stations in the Middle East over the course of many years. To appoint less qualified and less experienced people to head US intelligence agencies, is to admit that one wants to continue illegal operations such as the drug running, running of sex slaves and the selling of WMD to dangerous dictators.

## Oil and gas production on the Gulf Coast

Hurricane Katrina plowed through the center of US oil and natural-gas production in the Gulf of Mexico, forcing the closure of refineries capable of processing 1.6 million barrels of oil a day.

The US experienced the mass murder of over 3,000 people on 9/11. If Obama believed that 9/11 was the work of people not in a conspiracy he was already in, he should have appointed competent people with proven skill in intelligence, including in tracking down criminals, like I have. Instead he appointed to head Homeland Security a former governor with no intelligence experience. That reminds me of the [Katrina disaster](#) in which Bush had as head of FEMA a man, [Michael Brown](#), who oversaw horse trial judges and obviously lacked the correct qualifications and experience to handle a national emergency. There was oil under the ground next to where the levees broke. Where one places oil wells affects how

much oil can be extracted and how much profit can be made. [Congressional hearings on Katrina](#) heard testimony from witnesses to the explosions at the levee. [It was reported that an US Army corp engineer found that traces of two explosives were found on the recovered pieces of the levee.](#) Also, there is this [confirmation](#) that report was correct;

“Citing a conversation he had during a meeting with New Orleans Mayor Ray Nagin, Farrakhan was told that there was a 25 foot crater underneath the levee and that some unnamed diver from the U.S. Army Corps of Engineers saw the burn marks and “knew immediately what caused them”.’

The victims were not allowed to walk out and when days later they were rescued their families were broken up. For months they were not told where their other family members were. Children had been torn out of the arms of parents, under FEMA allowed procedures which are still in place, see the Spike Lee documentary *The Day the Levees Broke*. I concluded based on this and other evidence that Katrina was a deliberate operation to steal the oil from those people by traumatizing them so badly they would be unable to rebuild their lives on that ground. I believe that appointing Mr. Brown without the right qualification was the first step in that operation to give plausible deniability to Bush for not handling the crisis to help the victims. I believe that Mr. Obama has appointed people without the proper qualifications to head US intelligence agencies so that he can avoid responsibility by pretending it was their fault not his when the next 9/11 or Katrina is ordered by the Rockefellers to get more oil. Mr. Obama witting to this or not. Has he appointed appointed these people on Rockefeller instructions? [Former Attorney General Ashcroft predicted that](#), in the end, President Obama’s approach to handling terror suspects would closely mirror his own: “How will he be different? The main difference is going to be that he spells his name ‘O-b-a-m-a,’ not ‘B-u-s-h.” Doesn’t that translate into saying, the Rothschild-Rockefeller axis is using Obama as a frontman, just like they used Bush?

The Rockefellers want a monopoly on oil so they can gouge the taxpayer at the pump. They have done so with record profits to the oil industries while American and Iraqi and Afghan children pay the price in trauma, death, and even torture.

[About 20 Million people](#) have been killed in CIA wars directed by the Rockefeller family and Skull and Bones. The people killed have been people of color in Africa, Latin America, Indonesia, South-east Asia, the Middle East etc.. This is direct continuation of the Final Solution of the Nazis. I once asked then DCI Gates what was the point of the CIA's war in Africa; he admitted that the point was to kill blacks. That was certainly the point of the Fort Detrick program to develop and disseminate HIV. I reviewed the Bio-Warfare labs twice and both times said that they should be shut down. The Bush Administration had developed a vaccine against HIV and taken it themselves but [refused to let it go into the testing phase](#) to deny it to the public. Similarly, mercury is used in the vaccines and children are developing autism as a result of that poisoning. Under Bush, canned sodas were being left in the sun in Iraq to convert the Benzoate to the carcinogen benzene and PABA a vitamin for bacteria. If you read my Special Reports-- Arrigo at [www.libertycalling.com](http://www.libertycalling.com) you will find out that these toxic sodas were given to wounded US soldiers along with dangerous germs to kill the soldiers which only lacked PABA to be virulent. A Bio-warfare researcher at Fort Detrick told me that this was done to do the war on the cheap by turning lifelong maimed soldiers into dead soldier.

These recycled Nazi-like extermination programs, even targeting our own troops and officers in the CIA, are not effective for controlling the world's population. It is not an effective program for protecting the DNA of the White Races--depleted uranium has a half life of over 4.5 million years in Iraq. These death, torture, and destruction programs will end human civilization if we do not stop them.

Torture is grossly overrated as a way to control people. Pain can and is endured by people just fine. Women would stop having children if that were not the case. The CIA uses the fear of torture to control people. The fear is more effective than the pain itself. I used to train intelligence officers how to endure torture since I am an expert at it, the CIA started torturing me at age 3 in MKULTRA. God has no suffering even when people have pain. To endure torture one just has to merge your mind with God or His Son, Christ. You do that by asking God to take all of your resistance to doing that away at the same time you request to merge in. Whatever part of you which you want to have separate from God's All Loving All Compassionate Wisdom and Action, will still suffer. So, if you are suffering from the pain, instead of just letting it be present in God's mind, you have to surrender more. When you really "Let go and Let God", the pain is still there but it is no longer a problem. This is really important to practice as we all go through pain from time to time and when we die. I used to have my intelligence students practice by kneeling and praying. People who are atheist can use Buddhist prayers and merge with "Emptiness", specifically "Empty of Wrong Views" or "Empty of Selfishness". I myself use the prayer of St. Francis of Assisi, which starts "Lord, make me an instrument of Thy Peace..." When I would get to the line, "Where there is sadness let there be Joy" I would often be smiling contentedly. But after a while the word Lord is enough to invoke the whole prayer inside you. Please spend time everyday saying a prayer on your knees to learn how to be contented even in the midst of pain. Mother Theresa used to do this everyday for up to 5 hours a day. Each person knows the best prayer for them to say and how much time or effort is best for them.
