REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. Received a call from **Section 40** of Hull **Section 40**. He saw two large triangular shaped objects flying fast past his house on Wednesday 31 May at 0015 hrs. There was a bright light in the middle of them. After a few moments they seemed to separate and quick as a flash they were gone.
2. He telephoned Leeds ATCC who confirmed that there was no civil air traffic on their radars and they weren't expecting anything til 0400 hrs.
3. I explained our interest and role and said if any light was shed on his sighting then we would let him know.  
No evidence of defence concern yet.

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. **Section 40** [REDACTED] from Market Bosworth, Leicestershire, called to report a sighting witnessed at 0300 hrs this morning.
2. He described the object as large and "space ship" shaped. It was silent and hovered/circling over Market Bosworth for 15 minutes or so before completely disappearing. There were green lights at the base of the object. He said that 3 of his workmates (they were all on nightshift) saw it as well.
3. He stressed that he was not a "loony" and I explained our role, that of course he saw something but that it was a matter of interpretation. I took his number and said that if anything came to light which explained the sighting that I would call him.

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. **Section 40** telephoned to discuss a sighting he witnessed in the early hours of Sunday morning (0102 hrs). He saw what looked like a shooting star, green in colour and its trail went from green to orange to yellow. He was near Northampton, on the A43 on the Towcester to Northampton road.
2. I explained our role. However, earlier in the day we had received 4 reported sightings from Leuchars, which appeared similar in description, between 0100 and 0115 hrs on Sunday morning. Leuchars made a note on the reports that they had checked with Edinburgh airport, and they had witnessed a possible meteor in the Glenrothes to Kirkcaldy area which could account for the sighting.
3. I told the above to **Section 40** and gave him the phone nos of the Royal Greenwich Observatory, and the British Fireball society, in case he wanted to contact them.
4. I took his phone no should any other explanation come to light **Section 40**

F I L E   N O T EREPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. Received two phonecalls of sightings which tied in with the Fireball over Kirkcaldy/Glenrothes on the early hours of Sunday morning 21 May (0100 hrs).
2. Section 40 of Fort William (didnot leave her details) saw the same sight as all those who reported sightings to Leuchars (5 witnesses). Section 40 of Rothbury Section 40 also saw exactly the same thing, although it was his perception that it was purply in colour.
3. I explained our role to both. All the timings of all the witnesses tie in with one another.
4. I spoke to the Royal Greenwich Observatory and when I had given Section 40 the list of descriptions he concluded that it had all the hallmarks of a fireball. The green colour in particular is the heat of the object hitting the earth's atmosphere and oxydising.

FILE NOTE

REPORT OF UNEXPLAINED AERIAL SIGHTING

1. Received a tel call from a **Section 40** who saw a bright light in the sky in the evening of 15/5/95. The sighting took place over Tunbridge Wells.
2. **Section 40** asked if there was any military a/c activity in the area of Tunbridge Wells at around 21:45. I checked this with the TBC (Tactical Booking Cell) and they advised that there was no activity in that area at that time.
3. I rang **Section 40** to pass on the info and explained our role. I said the object he described sounded like a civy plane on a heading in line with him at the time. I also gave him the address of BUFORA and a tel number.

FROM: Section 40 E.O.C. Section 40

TO: Inspector Section 40

SUBJECT: REPORT OF AN UNIDENTIFIED OBJECT

1. At 2355 hours on Thursday 4th May 1995 the following named persons visited Chasetown Police Station, both in an agitated and distressed state reporting an alleged encounter with a U.F.O.

1) Section 40

Chasetown.

Section 40

2) Section 40

2. They were extremely excited and initially requested me to go outside and view a U.F.O. which was still visible. Myself and Sgt. Section 40 went to the front of the station. There was a red light visible in the far distance with white lights surrounding but these could quite easily have been a civil airline.

Section 40

3. We returned to the Police Station and both youths attempted to convey to me what had allegedly happened. They stated that whilst walking up the Rugeley Road, Burntwood from the direction of the Nags Head Public House to Swan Island at approximately 2255 hours, at a point near the Fulfin School, they both experienced an intense heat. Their skin turned a glowing red. They then stated they saw a darkish silver inverted saucer shaped object in a field which was glowing red beneath, (brief drawing provided at time by Section 40 Appendix A). They stated the object was about four houses high in the sky and about forty foot away from them. They then, reluctantly, went on to state that a voice which came from a lemon like head, which appeared beneath the machine, said, "We want you, come with us". Both appeared upset and shocked and as it was increasingly difficult to obtain detailed information from them they were told to go home and write an account of what they thought they had experienced for our information.

4. On 5th May 1995 the attached written accounts of the 'encounter' were delivered to Chasetown Police Station, Appendix B from Section 40 Appendix C from Section 40

5. On 6th May 1995 the two informants were taken to the area and the exact location of 'sighting' pin pointed to P.C. Section 40 Enquiries locally reveal no further witnesses but a nearby resident stated a local farmer was crop spraying in a field at the material time. The farmer, Section 40 has been spoken to and confirms

Cont'd Overleaf / Sheet No.

the crop sprayer being used but stated he did not see any persons in the field, speak to anyone or see anything unusual.

12:40 am

Mr. and Section 40 Set off from  
the Drill at half past ten  
and walked down Ragley Road  
towards butwood island we were  
Walking Normal and singing  
and suddenly I felt this heat  
from just nowhere and I said

Section 40 can you feel the heat

he said yes so we  
walked back to see if we  
was missing things and we  
went the heat was still there  
and we saw one big flash  
of bright red it was like an  
ingenious red laser. Then I  
saw this dark silver bow  
of ship. I looked to Section 40  
and his face was the colour of  
betroot and his left hand was

not even looked and I saw  
 this force I thought that thing  
 was about 4ft high in the  
 field looking at me I said to  
 Section 40 look and I pointed to  
 the sign or body which was about  
 the size of a living away  
 and I burst out in tears and  
 and what ~~the~~ I  
 heard a voice say come to me  
 I what you I was crying and  
 shaking and we went to mountains  
 looking out Section 40 said stop that  
 bus ~~the~~ Why he work in the  
 shipper and he said to me don't  
 say a word to any one we went  
 on the bus bus number we  
 got off at the bottom of clock  
 tower high street by the clock and  
 we went in the sun and we

would me not to say  
 a word. he says we came  
 out of the Swan we was  
 going to make a phone call but  
 I ran to the Swan to get a  
 ten pence piece and I ran he to  
 Section 40 in the phone box I just  
 stood still and I look in to  
 the sky and I felt my arms  
 go up in the sky and the object  
 was there again. then I ran  
 in the police station and told  
 them and they came out. and we  
 had a talk to them and when  
 we came out we ran down  
 the high street when in the  
 Indian street round saw a sit down I  
 was sliding and they told us to  
 go out and we went to the phone  
 box and ranga take up for twenty pence

twelve ~~hours~~ it was. At last  
and it pulled me up out side the  
club and when home when  
I got home I lay on my  
bed I felt weird.

Section 40

13

5/5/95

8.10am

①

me and **Section 40** went to  
 the drill last night and  
 we left there about 10.30  
 and walked along the  
 mainhead ~~road~~ rugby road  
 and walking along we felt  
 this intense burst of heat  
 which I just couldn't believe,  
 I said **Section 40** can you feel  
 that it was so hot we  
 stopped turned around walked  
 up again and we kept on  
 walking and it got hotter  
 then turned round into the  
 field and just saw this  
 glowing bright red by this  
 time I found it hard to breathe  
 swallow and the sweat  
 was just pouring off me,

②

we just <sup>can't believe</sup> and I still can't  
 now believe what we  
 actually saw, it was so  
 hot and then we saw  
 this disc hovering I think  
 it was about 40-80 ft  
 away probably more I mean  
 I just can't describe what  
 I was feeling my right hand  
 was just red:

like it had  
 been scalded,

the color was  
 like a silver

It was about 4 houses  
 high. then **Section 40** burst into  
 tears and this time I  
 was just looking into the

(3)

sky, I wish I had a camera  
then mark said look at  
that look at that, I said  
~~what~~ **Section 40** don't fuck  
about I'm scared as it is  
then he ~~got~~ stood high  
off the bush and then  
he pointed at me and  
I saw this figure which  
was only about 20 ft  
away and the voice  
said come towards me I  
want you and then I  
just said run, this time  
I couldn't hardly breathe and  
we turned round and it  
just shot off in the air  
and the sky didn't light  
up it just went vanished

(4)

then I said to **Section 40** while  
 we were running don't  
 say a word to anyone  
 I'm warning you because they'd  
 think we were crazy we  
 got to burnwood Island <sup>10:55</sup> and  
 we saw a bus and I  
 said **Section 40** stop that bus  
 got the chips and it  
 was a bus driver (I knew  
 it was so hard because  
 we just ~~acted~~ acted like  
 nothing had happened. we set  
 off at the clock and  
**Section 40** said just forget  
 it walked <sup>into</sup> into the Swan  
 and just tried to calm  
 down again act as if  
 nothing had happened

⑤

we came out the Swan  
and was going to the  
phone box to make a phone  
call and then I looked  
at **Section 40** and the Swain  
was pouring he was just  
standing still and just pointed  
in the sky and we saw  
~~the~~ something in the sky  
I can't be absolute sure  
that it was the same  
but I just cried **Section 40**  
run in the police station and  
tell em. he ran in  
and the police looked, which  
they didn't really show  
much interest probably thought  
we was on drugs or drunk  
but when we sat in the

⑥

Police station we gave  
 a statement and I said  
 you can test us we haven't  
 been on drugs and were not  
 drunk, gave a statement  
 and walked out the police  
 station and then we I  
 just had this sensation  
 of feeling hot and this  
 voice said come here and  
 we pointed and we could  
 see this face it was  
 by three stars together and  
 we ~~were~~ were both just  
 panicking and for some reason  
 11.45ish we just sprinted  
 down the high street and <sup>ran past</sup> ~~and~~ <sup>3-4</sup> ~~people~~  
 went into the meeting point  
 restaurant and we just couldn't

(7)

believe **Section 40** was shaking  
and we just needed to  
calm and I asked them  
if we could have a laser

<b>To:</b> COMMUNITY RELATIONS OFFICER  <b>Date:</b> 30 Apr 95 <b>Your Reference:</b>	<b>From:</b> Sgt Section 40 (O/Sgt) NDT Team  <b>Number:</b> Section 40 <b>Our Reference:</b>
<b>Subject:</b> Reported UFO Sighting	

At 22.50 hrs 30 Apr 95. I received a call from PC Section 40 of the South Yorkshire Police at the Divisional Central Room, Barnsley Section 40 who passed on to me the following report:

At 22.35 hrs a call was received from Section 40 of Section 40 Barnsley Section 40

At 22.02 hrs he was travelling on the A61 Harborough Hills Road towards Barnsley town centre when he became aware of what appeared to be 2 orange 'headlights' approaching the town centre from the area of Stailefoot. As the 'headlights' passed him he became aware of 5 to 6 pulsating (in unison) lights (at least green and blue) arranged in a circular fashion. No noise was heard. The height of flight was possibly the same as that of a helicopter.

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. Section 40 [redacted] called Section 40 [redacted] She had delayed reporting this sight as she had been on holiday til yesterday.
2. On 7 Apr at 2130 hrs whilst on the M62 between Leeds and Manchester she saw a circle of lights in the sky that did not look like aircraft lights. They were travelling as fast as the car (about 80 mph!). A man in the car in front of her stopped on the hard shoulder and got out and looked up at the sight.
3. I explained our role, and she seemed keen to know if anyone could shed some light on it. She is the third or fourth person who has reported a sight over the M62 in the last few weeks....

F I L E   N O T EREPORT OF UNEXPLAINED AERIAL SIGHTING

1. Section 40 called (on behalf of himself and Section 40) They saw what first appeared to be a dim light which was a bit bigger than a star and then the light turned into two lights. The 2 lights turned into 4 lights in square formation with a red light in the centre which was pulsating.
2. The sighting occurred on 13 Apr at 2215 hrs over Burton, Staffordshire. The boys left Section 40 home phone number which was Section 40 sounded quite young, (14 ish) I would say.
3. I explained our line and interest, and he seemed quite disappointed that we would not be sending a team of investigators to interview them etc, which to me confirmed my assessment of their ages.

1. Section 40 Somerset Section 40 (no telephone) called.
2. At 1300 hrs today just above Wellington/Black Down Hills saw an airliner going overhead, and just to one side of the aircraft was a shining object which was following the aircraft. It remained close to the aircraft for a minute, then it shot away to the right then came to a dead standstill. for another 30 seconds.
3. He said this may be a coincidence, but a few moments later some American F-15 aircraft shot across the sky as if in search of the craft. He was adamant that it was not another aircraft.
4. He wanted to report the incident, (a) because he felt he ought to and he wanted to know if anyone else had seen it, but (b) he wanted to do it straight away as it would diminish his credibility if he left it a few days and the incident was reported on the radio or in the Press, and he would then look like someone jumping on the bandwagon.
5. I explained our interest and said if an explanation was forthcoming I would let him know. Alternatively, I said that if anyone else reported the same incident I would let him know (obviously protecting the witness' confidentiality).

FILE REPORT

1. **Section 40** Havafod West, Fishguard called. She saw a very bright light like a star hovering for about half an hour in the sky. It was a long way away.
2. This one sounded to me very much like a headlight from a Jumbo which was miles and miles away coming toward her on a straight line, which gave the appearance that the light just didnot move.
3. I advised **Section 40** of our line and took a telephone no to let her know if something came to light to explain the sighting.
4. Her friend's no and name is **Section 40**

FILE REPORT

1. **Section 40** took a call from a **Section 40** At 0200 hrs on Sunday morning over Engield she saw a bright flashing light which was originally white then turned red towards the end.
2. There was no sound and the light was bulb shaped. **Section 40** works for the MAFF. She appeared interested in pursuing this with BUFORA or Quest.
3. **Section 40** gave **Section 40** our line and I intend to write to her to officially inform her of our interest.

1. On 17 Mar **Section 40** telephoned and spoke to **Section 40** in my absence.
2. She lives in the SW17 area and on Tuesday 14 March at 0215 hrs she saw a "V" formation of lights in the sky which "jumped around a bit." She volunteered that is an experienced sky watcher.
3. **Section 40** explained our role and said if any information on what the sighting might have been comes to light we will let her know.

F I L E   N O T E

1. Today, **Section 40** telephoned to say that on Wed 15 March at 2030 hrs he saw a yellow object, similar to the moon shoot across the sky and disintegrate. **Section 40** is a farmer who lives at **Section 40** Forest Bolard, East Lancaster.
2. I advised our role. But he seemed interested in whether it was an astrological or meteorological phenomena, so I suggested to him that he get in touch with the Royal Observatory at Greenwich, who may be able to shed some light on the sighting for him.

F I L E N O T ED/Sec(AS)/12/29 Mar 95UFO REPORTED SIGHTINGS

I received two telephone calls this afternoon reporting two unexplained sightings:

1. **Section 40** [REDACTED]  
Sighting Wed 8 Mar - 1915 hours he saw a light in the distance and a craft which he could only describe as yo-yo shaped. He was on the A711 between Dalbeattie and Dumfrees. The object has red and green lights.

2. **Section 40** [REDACTED] Rotherham, S Yorkshire. He was on the M1 northbound, coming off at J36. He saw a craft hovering, it was bright electric blue in colour, but he ended up convincing himself that it was probably a balloon, once I explained that **Section 40** has balloon with lights inside. He wanted to take the details of BUFORA and Quest so I gave him their numbers.

For both instances, having explained our role and interest, I advised that if any information came to light from other sources, I would let them know.

GOUDHURST, KENT - **Section 40** [REDACTED] (Her Mum's)

1. **Section 40** [REDACTED] has seen through her skylight for the last 3 nights (at about 0230 hrs) 2 bright pink lights with a pink surrounding glow. They do not move. Her husband thinks they may be a satellite.
2. I explained our role, and took her tele no and said if anything came to light I would let her know.

DOWNOCK, NR INVERNESS - **Section 40** [REDACTED]

1. Yesterday evening between 1930 and 2000 her daughter ran in from one of their fields and said she saw a round ball object with a green and red flashing light hovering about house high in front of her. The daughter is 11 years old and she later drew what she saw.
2. I explained our role, and offered my thoughts that it was likely to be a civil helicopter hovering over the field. That would fit in with the ball shape and the nav lights. **Section 40** [REDACTED] said her daughter said there was no sound.
3. Again I took her number and if anything comes to light said I would call her.

**Section 40** [REDACTED]
