**Netzach** is the romantic energy of the "Tree of Life" as symbolized by the planet Venus and the Greek God Aphrodite. It is the opposite to Mars and Ares, being separated on the Tree by [Tiphareth](#), the Sun.

Now here is the interesting thing with this triad of Mars, Sun and Venus. [Geburah](#) was a female energy, even though it is placed as Mars on the Tree. Now **Netzach** will be a Male energy according to the Tree's polarities. This might seem odd at first, but remember we are talking energies here not the common Western concepts for these planets and Icons. Look at it this way The energy of Mars is Female for it attracts Male characteristics. Conversely the energy of Venus is Male for it looks to attract Female characteristics. Woman seek out Men using the sexy Mars energy and Men use the romantic Venus energy to attract a female. The Sun sits between both and holds them apart.

**Netzach** has the Sephiroth of [Chesed](#) at its top and to the left [Hod](#). The balance here is of Judgment and understanding. The romantic energy of **Netzach** can be moved to [Chesed](#) through the Path of Justice and also to [Hod](#) via the Path of The Star. Although the usual route is from [Hod](#) to **Netzach** and the path of The Star is a very powerful and seductive way to get there. The Path of Justice is just that, the cold heart of Venus to a platonic Love in [Chesed](#) or via The Star to [Hod](#) a dreamy Love that is blind to the facts.

[Geburah](#)'s paths of love also extend around the Sun. To [Hod](#) it is via Death and to forget [Geburah](#)'s passion and seek only [Hods](#) facts will lead to the Death of love. To [Chesed](#) from [Geburah](#) is via The Hermit and again to allow the vitality of Mars to be organised and the passion to be controlled will lead to a love that is Hermited, i.e. alone.

The only safe routes seem to be via the Sun [Tiphareth](#). Of course this is the best way to love through ones heart, the centre, the Sun. The path from [Geburah](#) to **Netzach** is via Hanged Man and Temperance. That is to allow events to take their shape and be hanged by circumstance and then after the healing energy of [Tiphareth](#) to use Temperance to love with limits and not the wild passion that was [Geburah](#). In reverse from **Netzach** to [Geburah](#) it is to use the romance but temper it and not let it be the focus, then heal in [Tiphareth](#) and go to [Geburah](#) via The Hanged Man and accept your fate and be in it. This way the fire of Mars doesn't burn the air of Venus and visa versa.
