

Night transport
 Seems to sleep
 Doesn't seem to be attached

Maybe 3 or 4 in the car
 Seem to be waited somewhere

This morning (-12h)
 the car was always in
 a building/ garage

Agitation
 Something is wrong
 Need to improvise, to move
 She's depressed but more
 paying attention
 She's very afraid
 Fear of the trip
 Fear of what is at the end of
 the trip
 She dreams to be far away

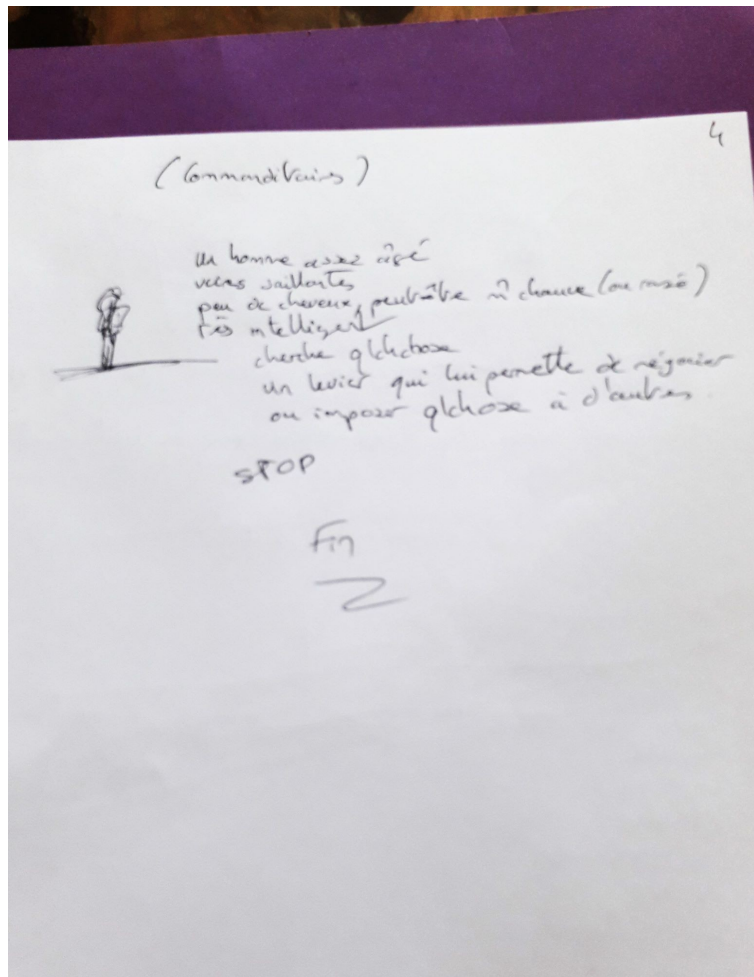

Like an explosion near where she was
They have feel the shake in the building

[About the team around her]

Network
Complex
Cells
Compartmentalization
Mission
Go-between
Not really mercenaries
People of a certain intellectual level
Something strange or special with them, but what ??

View of a monkey : guinea pig ? Are we like monkeys to their view ?

(Those behind)

A quite old man
Prominent veins
Poor hair, maybe bald (or shaven-head)
Very smart
Looking for something
Like a lever which allows him to negotiate or impose something
To other people
