*It is easier - and cleaner - to speak of the more exoteric Men's Clubs (other than the so-called "Illuminati") when enumerating the various interlocking Men's Clubs of the Billionaire Globalists - the so-called "Davos Elite." Besides the **World Economic Forum** - seventeen hundred Billionaires who fly private jets into Davos, Switzerland every January - you've got the **Bilderberg Group**, the **Club of Rome**, the **Club of the Isles**, the **R.I.I.A** (the **Rhodes Trust**, **Round Table Group**), the **Trilateral Commission**, the **Board of Directors of the B.I.S.** (the **Bank for International Settlements**) - & several other hardcore, elitist Men's Clubs.*

As Voltaire once opined of "GOD" - "If He didn't exist, it would be necessary to invent Him." The same, perhaps, may be said of the so-called "Illuminati". I used to seriously doubt the existence of the so-called "Illuminati" myself, until I came across two serious tomes on

the Subject. The first was the book "To Eliminate the Opiate", by the late Orthodox Rabbi (& Chemist) Marvin Antelman. The second was the book "Fire in the Minds of Men" by James Billington, a "liberal Internationalist" and an authentic academic.

Most social scientists who know anything about the issue, or have done any serious analysis of the ethnic demographics of the owning class, agree that the percentage of Jews in the top rung of the power elite in the West is roughly twelve percent [12%]. This is a larger percentage than the number of Jews in society at large. It is the figure that one hears over and over again - e.g., in the book "Jews In America Today" by the [Trotskyist] Historian Lenni Brenner. I heard the same exact number from a graduate of the Wharton School at the University of Pennsylvania. It was the number (percentage) that was taught there in the classroom.

*Apart from that, I would encourage you, "OurFreeSociety" to use the phrase "**the wicked**" instead of "the evils" when speaking of this inner cadre of the power elite - those who have sold themselves to do wickedly and those who have initiated this phase of Class War as an exercise in **offense à l'outrance**. Truth be told, "evil" is common to all of us, given our human propensity to fall, fall & fall. But these folk, of whom we speak, have sold themselves to practice **wickedness** - which is a deeper degree of evil than such as is Common to Mankind.*

There is one conspiracy maybe snoop can help me get over and that's what seems like a slow transition into socialism if not already. SOCIAL media, open source code, the internet and we're the fish or the world wide web of ideology. Self checkout at stores, Liberals behaving like communists kinda outcasting people for thinking different. Statues coming down and I know it's for race in theory. Our consumer products and companies with propaganda like old spice, California seemingly tanking the state into relying on them. The horrible music out and almost Russian acting kid generation calling schizophrenia "introverted". Ag land been bought up. Cnn saying the word nationalize, bazaar cop killings and street theater, even graffiti could be viewed as communist art. This could be a corporate elite wealthy virus cause man is small business going down fast. Look at the proctor and gamble headquarters...the building looks out of the cold war with 3 huge triangles on it. I found disturbing propaganda on a old spice body wash bottle they own. Red star with military edging and it's says conditioning not conditioner. It's got 33% more on the front which is free mason and when you look at proctor and gambles building that gets very creepy as they sell us lots of our cleaning products we've been using. I'm lost on this and I apologize for the bad grammar and sentences my screen just cracked on me.. please forgive me,....one love

What if these elite illuminati are real and opporate in the shadows but are doing good not bad. I find it to be not likely so many people are pure evil even with money and power.

Well, well, well.

Sally Fields gave Tom Hanks a good line in the Movie, "**FORREST GUMP**". She said - and he kept repeating it : "**Stupid is as stupid does**"

As with any common aphorism, One may take this saying and supply any number of alternative, corollary words in the place of the word "stupid". In my opinion, the word that is most appropriate in this situation, is "wicked".

So here goes:

"Wicked is as Wicked does."

Anyone who thinks that what the power elite are presently diligently pursuing - and it is **WAR** [**Class War** in which the **Billionaires** have taken the **offense à outrance**] - could remotely be considered "doing good" is either Cracked, a Skill

-or else- quite Stupid.

No good tree bears bad fruit, nor does a bad tree bear good fruit. For each tree is known by its own fruit. Indeed, figs are not gathered from thornbushes, nor grapes from brambles. The good man brings good things out of the good treasure of his heart, and the evil man brings evil things out of the evil treasure of his heart. For out of the overflow of the heart, the mouth speaks.

Wickedness proceeds from the wicked

Woe to those who call evil good and good evil, who turn darkness to light and light to darkness, who replace bitter with sweet and sweet with bitter.

Woe to those who call evil good and good evil, who turn darkness to light and light to darkness, who replace bitter with sweet and sweet with bitter.

Re: The hoaxes of deborah tavares (conspiracy, weaponized weather, fires, depopulation)

@ #10, I myself wrote :

"Well, Who knows? Unless you can supply proof of these further allegations, how can any of us know that any part of what you say is true? I am not a partisan of Deborah Tavares, but I have met her, and I can say - honestly and fairly - that she and her husband are not the duplicitous, conniving, willfully deceitful developers and exploiters of the environment that you depict them to be. MY RESPONSE: Yes, you are. Please do not pretend otherwise. You aren't fooling anyone."

Actually & in point of fact, I am not a partisan of Deborah Tavares, though I have met her, and do know her on a first name basis. I took on Mr. Snoop4truth, not in order to defend Deborah Tavares -nor was I put up by her to do so - but I took the Issue on in order to contend about certain items in his list of "hoaxes" that I knew, historically, to be true and legitimate.

Snoop wrote:

FACT:

But, it was Deborah Tavares alone who came up with the new, improved and more sensational version of this hoax to the effect that Agenda 21 is a "plan" to use diabolical means (like forest fires and laser beams from satellites in space) to drive us out of our rural and suburban homes and into increasingly-smaller, densely-packed, over-populated "Kill Cities" and "Smart Cities" in furtherance of the extinction of mankind. Note that this new, improved and more sensation version of this hoax allowed Deborah Tavares to incorporate some of her other hoaxes (to the effect that PG&E used directed energy weapons on satellites in space to start the recent fires in California and that PG&E will use radiation from "smart meters" to kill us all in furtherance of the planned extinction of mankind, etc.).

This (above) was not one on the points upon which I chose to engage with Snoop. It was out of my ken, and I am not inclined to venture into areas that are beyond my own, limited field of knowledge.

=However= After being burned out of my own rural Homestead on the night of September 27 and after experiencing all of the [weirdness of the winds](#) & the serial lightening-like strikes (lasers from space?) that advanced the paths of the "wildfires" on that night, I have come around to accepting the validity of Deborah Tavares' position on this point.

There is a certain irony in this, because, on Sunday, October 3rd, one week after i was burned out, i happened by chance to run into Deborah and Lew Tavares at the Sebastopol Farmers Market. They offered me a certain amount of sympathy concerning the loss of my house & gear, and also promised to come up to observe the ruins and document the aftermath, and bring a forensic expert along with them. This unfortunately did not happen. I waited seven weeks for a follow-up on that pledge.

After seven weeks, Deborah Tavares arranged a conference call between me and their fireman / forensic expert friend. After the call ended {I hung up} it was quite evident to me that they had already decided to "do triage" on my case, as her forensics expert / fireman friend put it. I know about "triage" - it means {on account of the "time factor"} that one is slated for death, and therefore, *beyond help or aid & comfort*. So be it. I was told in short, that they simply did not have *Time. O well. We are all running out of Time.*

I would still like to make a Documentary about the [aftermath of the burning](#) of

my own particular *forest of {formerly} singing Oak Trees* and Elizabethan Cottage.

=AND=

If there Be any "forensics expert" in the neighborhood of Sonoma County who is brave enough to stick his or her neck out =AND= after visiting the Scene of the Crime on my land, make a Statement before the Camera to the effect that "*This is not the way that fires normally burn in Oak forests*", I would be glad to invite you up to my land to see the Aftermath of the "Glass Fire Incident" - in my particular *Case*.
