Freedom Convoy 2022/Report 002/28 January 2022

## **SPECIAL VIOLENCE AND SAFETY WARNING REPORT**

### OVERVIEW

The Freedom Convoy 2022 has captured global attention and will have a massive presence in Ottawa by 29 January 2022.

The Government of Justin Trudeau has exhibited behaviour over the past six years which suggests a centralizing and totalitarian approach. This has been heavily supported by identity politics aimed at dividing Canadians into small manageable groups. This is the reason for his ever present language of racism, extremism, white supremacy, misogyny, etc.

The Freedom Convoy is a unifying force which will not be tolerated by the so-called “elites” or the parasitic class which supports Trudeau at the national and international level. The idea of freedom convoys has already spread to the USA, Australia, and Europe. It will put fear in the hearts of those who support globalism, Build Back Better, the Great Reset and/or progressivism.

The Government of Canada is also working hard to establish a “January 6<sup>th</sup>” narrative whereby they will claim that the convoy is attempting to overthrow the state and then respond with both targeted and mass arrests.

Remember, in the 2021 election, Prime Minister Trudeau and the Liberal Party received only 21% of all REGISTERED VOTERS in Canada. This is another way of saying almost 80% of Canadians had the opportunity to vote for him – and did not. It is Justin Trudeau and Transport Minister Omar Alghabra who are the fringe minority in Canada. Most Canadians support you.

### ASSESSMENT

As such, we assess that the Government of Canada will:

- a. Continue personal attacks against truckers, supporters and the convoy organizers,
- b. Run smear campaigns, supported by the paid-for mainstream media in Canada,
- c. Create an atmosphere or a ‘political space’ whereby those who advocate violence as a distraction will find the opportunity to express it. This violence will express itself from extreme left forces such as Anti-Fa, a variety of political/religious extremist groups or small groups of those who would self identify as anarchists, anarcho-syndicalists or anarcho-environmentalists.
