DR. ROGER HODKINSON ON COVID: "THIS IS THE BIGGEST HOAX EVER PERPETRATED ON AN UNSUSPECTING PUBLIC"

NOVEMBER 18, 2020 CAP ALLON

Dr. Roger Hodkinson is the former Chairman of the Royal College of Physicians and Surgeons committee in Ottawa, he was once CEO of a large private medical laboratory in Edmonton, Alberta, and for the past 20 years has held the position as Chairman of a Medical Biotechnology company based in North Carolina currently tasked with selling a COVID-19 test. He is a medical specialist in pathology, which includes virology, who trained at Cambridge University in the UK — he is perfectly positioned to speak on this topic.

In a recent Edmonton City Council Community and Public Services Committee meeting (the audio from which is currently gaining traction on [YouTube](#)), Dr. Hodkinson says: "The bottom line is there is utterly unfounded public hysteria driven by the media and politicians. It's outrageous. This is the greatest hoax ever perpetrated on an unsuspecting public.

"[COVID-19] is nothing more than a bad flu season. This is not Ebola. It's not SARS. It's politics playing medicine, and that's a very dangerous game."

Hodkinson goes on to stress that no action of any kind is needed, other than what happened during last year's flu season: "If we felt ill, we stayed home, we took chicken noodle soup, we didn't visit granny, we decided

when we would return to work; we didn't need anyone to tell us."

"MASK ARE UTTERLY USELESS"

"There is no evidence base for their effectiveness whatsoever.

"[Masks] are simply virtue signalling.

"Seeing these people walking around like lemmings obeying, without any knowledge base, to put the mask on their face."

"SOCIAL DISTANCING IS ALSO USELESS"

"COVID is spread by aerosols, which travel 30 meters-or-so before landing."

"CLOSURES OF SCHOOLS AND BUSINESSES HAVE HAD SUCH TERRIBLE CONSEQUENCES"

"Everywhere should be open tomorrow, as was stated in the Great Barrington Declaration (linked below).

Governments are ignoring a formidable collective of respected scientific opinion and relying instead on their own deified, yet utterly incompetent advisers—advisers caught in the headlights, and too spineless to stand up for what's right.

"POSITIVE TEST RESULTS DO NOT MEAN A CLINICAL INFECTION"

"All testing should stop, unless you're presenting to hospital with some respiratory problem ... it's driving public hysteria, and all testing should stop.

"All that should be done is to protect the vulnerable.

"And I would remind you all that using the provinces [Alberta's] own statistics, the risk of death under 65 is 1 in 300,000. You've got to get a grip on this. The scale of the response ... with no evidence for it, is utterly ridiculous.

"Suicides, business closures, [cancelled] funerals, weddings, etc., etc. — it's simply outrageous, it's just another bad flu, and [people] have got to get their minds around that."

Hodkinson concludes with some advice for policy makers in Alberta: "Let people make their own decisions. You should be totally out of the

business of medicine. You're being led down the garden path by the chief medical officer of health in this province. I'm absolutely outraged that this has reached this level. It should all stop tomorrow. Thank you very much."
