Hi All,

The MoU had an extra 'and' in the name of NWRC on the front page. As this typo actually changed the meaning of an entity, I corrected it. The document is being signed by NWRC this week.

If you have not taken the time to discuss with the person signing the document, please forward this email to them and have that discussion. I will gladly be available to participate/facilitate if desired.

I am thinking that I will personally route to Andy (CSIRO), Phil (UofA) and Richard (LCR NZ) while in Australasia. This will better justify my use of the 'Electronic Travel Authority' while in AU. Working on the NZ visa now.

Warmly
Royden
