I am jdelborne on Skype.

I am a bit confused as I had two meetings on my calendar today, 2pm and 7pm (more recent invitation). I could be on right now until 2:45, when I need to leave for the airport.

**Subject:** NCSU Meeting tomorrow

Hi All,

Tomorrow's Meeting should be on your calendar. I have reattached the recent updates given around GBIRD activities. Please review.

I will give a general update on my activities and ask for any from focus areas represented at the meeting tomorrow (modeling, stakeholder engagement). This will allow any updates to be given at the Steering Committee meeting, also tomorrow.

Cheers

rs
