Hi All,

Below is a couple links from Ray Nias, Island Conservation's Southwest Pacific Regional Director based in . Though it was mentioned, I do not think the report was shared with the listserv.

Many Thanks Ray!

Hi all,

Here is a link to the Australian Academy of Science discussion paper published this month <https://www.science.org.au/support/analysis/reports/synthetic-gene-drives-australia-implications-emerging-technologies>

Also the FoE response: <http://emergingtech.foe.org.au/>
