Karl,
The article has been accepted. You can refer to it as in press.

Hi Caroline,

Do you know when your paper in Responsible Journal of Innovation is coming out?

It would be great to cite it (even if *in press*) in the program overview paper I am finalizing for Dundee.

Have a great weekend.

Cheers,
Karl

As of right now I'm not planning on attending this meeting, so won't be submitting an abstract.

Thanks,

Caroline

Hello:
I am working on my abstract currently it will focus on mate choice and the arenas as well as comparisons between wild and lab pup weight and litter size.

Hi Megan Caroline and Dona,

I'm keen on presenting a broad overview of the GBIRD program. Presentations are 12 mins with 3 for Qs. Papers also need to be developed for any presentations. I'll be looking to be inclusive of the partnership in the authorship.

Abstracts are due end of this month. Please let me know if you are planning on submitting so that we can coordinate for content to be complimentary and mutually supportive.

Thanks Royden for prompting this.

Cheers,
Karl

Subject: Island Invasives Meeting in Dundee Scotland

Hi Karl, Megan, Caroline and Dona,

I have heard from Karl and Megan that there is interest and possible attempts at going to Scotland for this meeting. I will not be attending, but please coordinate among yourselves regarding maximizing impact of the data/program with which we are involved. Here is the abstract we put together for the Canberra meeting. The coordination there definitely made this abstract – and those presenting on other aspects of GBIRD – stronger in my opinion.

I greatly appreciate the coordination by all involved. I came to this program a year ago next week, and am constantly appreciative of opportunity!

Cheers,
Royden

Subject: FW: 17th Australasian Vertebrate Pest Conference: Abstract information

Update – The abstract was accepted and the program details corrected – see below. FYI, I did get confirmation of the corrections.

I will be presenting a poster and short talk on the GBIRD program. Others will also be presenting on aspect of the program, which is welcome and supported! This should be good!!

I welcome input from focus area leads and authors as we move forward.

Thanks for making this an effective partnership as we strive to be an example of responsible innovation.

:)

Subject: FW: 17th Australasian Vertebrate Pest Conference: Abstract information

Hello Nicole,

Thank you for the opportunity to review this information. I know that this info is past the deadline and appreciate the accommodation!

There are seven corrections needed and detailed below with ~~strike thru~~ and highlighted corrections. Please let me know that you received this email and if you have any questions or need of further assistance. I have attached the original abstract as well if needed.

With Gratitude,
Royden

Subject: 17th Australasian Vertebrate Pest Conference: Abstract information

Poster Accepted

17th Australasian Vertebrate Pest Conference
Hotel Realm, Canberra, 1 - 4 May 2017

Dear Joseph

Thank you for submitting an abstract for the 17th Australasian Vertebrate Pest Conference to be held at Hotel Realm in Canberra from 1 to 4 May 2017.

On behalf of the Conference Organising Committee, we are pleased to advise that your abstract has been accepted as a *POSTER WITH A SPEED TALK*. Details are as follows:

Presentation Information

Title	Exploring natural & engineered gene drives for eradications of invasive rodent populations
Presentation Type	Poster with 3 minute speed talk
Presenting Author	Mr. Joseph Saah J. Royden Saah Affiliations: Island Conservation Conservation
Co-Author	Karl Campbell Affiliations: Island Conservation Conservation
Co-Author	John Godwin Affiliations: Department of Biological Sciences, North Carolina State University
Co-Author	Megan Serr Affiliations: Department of Biological Sciences, North Carolina State University
Co-Author	Peter Fred Gould Affiliations: Department of Biological Sciences, North Carolina State University
Co-Author	Paul Thomas Affiliations: Department of Biological Sciences, University of Adelaide
Co-Author	Phill Cassey Affiliations: Department of Biological Sciences, University of Adelaide
Co-Author	David Threadgill Affiliations: Department of Veterinary Pathobiology, Texas A&M University
Co-Author	Dona Kanavy Affiliations: Department of Veterinary Pathobiology, Texas A&M University
Co-Author	Mark Tizard Affiliations: Health & Biosecurity, CSIRO, Geelong
Co-Author	Tanja Strive Affiliations: Health & Biosecurity, CSIRO, Canberra
Co-Author	Peter Brown Affiliations: Agriculture & Food, CSIRO
Co-Author	Keith Hayes Affiliations: Data61, CSIRO

Please check the title and author names above to ensure they are correct, as these are the details that will be published in the Conference program. All changes are to be emailed to nicole@conlog.com.au by **Friday 10 February 2017**. *Please note that now it has been accepted, your abstract cannot be changed.*

DESIGNING AND PRESENTING YOUR POSTER

Please find attached the guidelines for your poster and presentation. The day and time of your presentation will be forwarded closer to the conference.

Please note that each poster is limited to A0 size (841 mm wide by 1189 mm high). Nothing larger can be accommodated.

For the speed presentation, a short PowerPoint presentation of no more than **three slides** is required. Please read the attached guidelines for more details. The PowerPoint presentation is required to be submitted by Thursday 27 April 2017.

If you have any further queries, please contact us on 02 6281 6624 or by email at avpc@conlog.com.au.

Kind regards,

Conference Logistics acting as agent for IPAC
