LATEST REVELATIONS FROM NSC CONSULTANT DR. MICHAEL WOLF

by Richard Boylan, Ph.D.

(March 09, 1999 12:01 PM)-- Late last week I received a phone call from Dr. Michael Wolf, consultant to the National Security Council's Special Studies Group, (popularly known as MJ-12.)

He provided new information, and expanded on some previous disclosures. Wolf expanded on his previous revelation that a secret military spacecraft retrieved an extraterrestrial space beacon, dubbed The Monolith, from its position in space, and brought it back to Earth in 1972 for study. The U.S.'s removal of the powerfully-energized Monolith has caused our Moon to destabilize 2% from its normal axis. This in turn has adversely affected Earth's climate. Top International Security officials in communication with extraterrestrial representatives have requested them to restore the Moon to its proper axis. But the ETs have declined to help until the U.S. restores the space beacon to its original position in space. This is consistent with general ET policy of providing helpful advice, but not rescuing humankind from taking responsibility and action to correct our previous folly.

The conversation turned to a rash of recent reports of large anomalous objects spotted within our local region of space. Dr. Wolf minced no words about what is known within the highest National Security circles. "There are several large UFOs in our solar system."

I spoke with Dr. Wolf next about an experiencer I know, who has had frequent communication from a humanoid extraterrestrial identifying himself as originating from the Altair system. (Altair is a very bright, variable double star in the constellation Aquila, 15.7 light- years from Earth.) This woman experiencer had met this extraterrestrial in the 1950s, in the course of her training for highly-classified intelligence assignments. Wolf was nonchalant about such human-extraterrestrial interactions, having himself worked side by side in classified government laboratories with a human-appearing ET from the Altair system and a "Grey" humanoid scientist from the Zeta Reticuli system.

"Altair's fourth and fifth planets are inhabited. In fact, the people from Altair colonized the Pleiades system long ago. The human-looking Pleiadean extraterrestrials some people meet are actually ancestrally Altairians. There are two variants, the Semitic-looking ones and the Nordic-looking ones. The 'Semitics' are the race which landed at Holloman Air Force Base (New Mexico) in the '60s, and conversed with some generals there."

Dr. Wolf also revealed that, as a military-intelligence Colonel-physician, he has worked with some very-high military officials who have had close extraterrestrial encounters, and needed some counseling to adjust to their paradigm-shattering experience.

We also talked about extraterrestrial-human hybrids, who have been genetically engineered by certain extraterrestrial cultures. More recently, secret U.S. national security projects have attempted to also bioengineer such hybrids, having some success. Wolf characterized such hybrids as having three-helix-strand DNA and fore-lobe brains. "Europa [Jupiter's seventh moon] is a place for such hybrids [to live]."

The conversation turned to information I received from an National Security Agency source about NSA's ability to monitor an individual's brainwave and thought activity from special surveillance satellites. Dr. Wolf did not deny such technology, and added, "The government can create confabulated [contrived] memory in a person through Amytal [sodium amobarbitol, a hypnotic drug] and microwave [brain] scrambling."

Wolf brought up the current week-long series of specials on the Learning Channel about UFOs and extraterrestrial-human encounters. He touted that as part of the government's conditioning program, which he calls the Processed Release of Information. We got into our on-going argument about the pace and timing of public acknowledgment by officials of ET contact, with my arguing that such time has come. Wolf demurred, saying that the national security Old Guard, with which he identifies himself, feel the public is not yet ready, and needs more such conditioning. This writer vigorously disagreed, pointing out that the government has consistently misread the public as fools,

whereas the public is generally well ahead of government estimates.

Dr. Wolf noted that the national security community is divided. The Old Guard of scientists, military and intelligence officers with access to UFO secrets is nearing retirement and want the reality of ET contact to come out, but slowly. The Cabal, a rogue group of young generals, intelligence officers and defense contractors, opposes disclosure, and wants to enjoy for themselves the power, prestige and profit that comes from continuing the monopoly on ET information and technology.

Wolf said, "They are the ones who shot a [Star Wars] weapon at a UFO near [Space Shuttle] STS-48."

[If you feel that the time for official acknowledgment has arrived, prove the Old Guard wrong, and fight the Cabal's selfish agenda, by deluging the White House with demands for official UFO acknowledgment. You can E-mail the President at: President@whitehouse.gov or call the White House at: (202) 451-1414.]

Dr. Wolf concluded the conversation cordially, despite our differences on policy. He anticipates being authorized to make further disclosures in the near future.
