## P R I O R I T Y

a. An increasing number of Cuban exiles are now arriving in Venezuela as safeconducts are slowly issued by the Cuban Government for services in the various foreign embassies in Havana or took refuge during April 1961. Among these exiles are some who took an active part in different underground and guerrilla groups opposing the Castro government. Some of them are now trying to get visas so that they can report about their clandestine activities to their superiors in the Cuban groups in Miami. [CLARK] has 01 provided the Station with the names of the following persons in this category whom he has met in the course of his activities in trying to help re-locate the Cuban exiles now arriving in the country.

b. Roger Antonio GUEVARA Jarate - born 19 November 1907 Member MRR who intends to report to Evelio DUQUE. (See also NVCA-8331)

c. Oscar ECHEGARAY Carrera - born 4 April 1924. Member MRR who intends to report to Evelio DUQUE together with GUEVARA.

d. Ernestino Cecilio APHEU Borda - born 11 November 1924, Member MRR who was "responsible militar" for the MRR in the province of Matanzas who intends to report to Dr. Oscar SAINAS *Byleen Johnson*

e. Luis Bernabe BOZA Dominguez - born 22 October 1936 Member of the Directorio Estudiantil.

f. Guillermo Aurelio BOZA Dosinguez - born 29 February 1940. Member of the Directorio Estudiantil.

g. Eduardo GARCIA Darlayet - born 25 March 1941. Member of the United Revolucionaria who used the name Juan Bautista Sanchez during underground activities.

h. Since the local consulate no longer normally issues tourist visas to any Cuban exile but insists on their applying for immigration visas, which require 4 - 6 weeks waiting time at a minimum, the Station would appreciate any action Headquarters may wish to take through liaison to authorities the local consulate to issue tourist visas to the above named persons.
