REF ID: A6260000000000000000000000000000

SUBJECT:

Nikolay Yakovlevich ALIBAEV (201-275,525)

1. The source of the following information is UNKNOWN (RS-2/37), a former KGB-style security officer whose name has been established to be Nikolay Yakovlevich ALIBAEV. An entry exists on the books of the KGB's First Directorate (KGB, Moscow) concerning him which may be checked to SR/CI, conclusion 178.
2. In early June 1968, ALIBAEV was interviewed by ██████████ ██████████. He was shown a collection of photographs of Soviet diplomatic couriers, and asked identifying data on each. He was asked to place an "X" either by name or photograph.

3. The following entry appeared on the list given to ALIBAEV:

NAME	:	ALIBAEV, Nikolay Yakovlevich
BORN	:	0.5.1931, Russia
TELE	:	06901 issued 10-3-67
TRAVEL to Canada	:	19 June 1967, accompanied by V.A. KREMERENOV
POSITION	:	Russia R.I.S. officer

4. When UNKNOWN saw this entry and the corresponding photograph, he commented that he thought it possible that ALIBAEV was identical with an officer he knew to be in the Diplomatic Directorate and whom UNKNOWN informed the United States and Canada. (Whether ALIBAEV recognized him by name or by photograph is not clear from the record of the interview.) ALIBAEV added that when a KGB officer travels as a courier, he is usually accompanied by another KGB man. (Typical, e.g., see TPS) travel together.

5. As shown above, ALIBAEV was accompanied on his trip to ██████████ in June 1967 by "V.A. KREMERENOV". A photograph and biographic data on KREMERENOV appeared on the list that was shown to UNKNOWN but he failed to comment on the entry. (According to SR records, Vitaliy Yakovlevich KREMERENOV, born on 20 April 1934, the subject of 201-104, 207, was identified by KREBIV as a "normal courier", date of info - 206-1. His last recorded diplomatic courier trip took place in February 1966.)

6. AB records on Filatov Yuliovich ALIBAEV (201-175,514) include no identification of his photograph (not by name) by DEDMATEL. DEDMATEL said he was probably identical with an officer he knew to have been in the KGB First Directorate (Foreign Directorate) as of the 1952-53 period who was possibly assigned to the American or British Department. This individual by the same name was identified as a communications intelligence unit officer attached to the East Berlin state security ministry as of the 1955-56 period. The [redacted] reported (PMR-3620, 10 February 1963) that ALIBAEV's trip to [redacted] in 1957 was for the purpose of collecting an agent in [redacted] "recruited" by the KGB legal service to Berlin. The agent, whose [redacted] contact, was to have visited KGB (KGB/1) on 20 January and (KGB/2). This information was later supplied by the [redacted]
