Dear Charles

Thanks for your letter of February 22. How we know you are alive. I could only imagine that you were out of town or that the phone company went haywire.

We all had a wonderful time at Lescayen, but the place is fairly stupid. Physically the hotel is utterly banal, but the help are all surly and the service is inadequate. Such things as the native "d" continually coming up to remind you that he does not share in the tips of the waiter. Big attraction is the gambling casino, and the planes shuttle back and forth from Miami to gamble. The last plane back to Miami leaves each morning at 9:00 A.M. There is a tremendous amount of construction, hotels, apartments, highrises, etc. on Grand Bahama Island. It is a flat island with scrub pine and there is no local color whatsoever. The water is much cooler than Haiti, but Ethel and I did manage to go swimming leisurely. The reef was clearer and prettier than at Haiti.

As you probably know I received a wire from Boppe, but never did hear from Charles. I am much relieved that my failure to jump at Boppe's wire did not embarrass you.

Ethel's folks are now down here visiting us, but I am sorry to say that her father has a bad heart condition and cannot meet himself, even to the point of speaking more than 3 minutes at a time. Under the circumstances we are lucky to have them visiting.

Forest, oil and gas concession, refining, etc. all add up to the same thing. If I can find a way to do something constructive rather than silly, I would much prefer to do it in Haiti rather than Wink, Texas.

Give Paul Boston our best wishes and urge him to drop by here for a visit if he goes back to Canada through Dallas.

There was a run of Dr. Strangelove here this week and I forced Ethel to see it. She agrees with me it is a work of pure genius.

Dear friend & George:

I'm getting a little worried and
would you get back from your southern tour
all right?

Perhaps our last letter you
sent up came in the mail.
I felt I didn't care about the leaders
just at this a second. I'm sure it's
the one down so... and I could
hardly ever go around with you...
would be terrible in some consider
(another place) teaching in some
a fall, if there was nothing
else with you - which I would
be continuing of Ridder. So if Oct.
or really, just be more or less
there have no prospects and you
if you staying on there through summer
a fall? This is not important, as
of course not to be there I would
come down.

Please try to find me some
all free or as much as you can
possible, because otherwise
very soon I may have to get
signed up as some college
teaching here as the next best

Dear Mr. Mohrenschmidt:

I appreciate your letter of February 19 calling
our attention to the possibility of other potential bauxite
deposits on the island of Haiti.

If we are interested in developing additional
reserves, I will take the opportunity of getting in touch
with you.

Yours very truly,

Dear George,

Your letter of Febr.17 is on hand.

In the meantime Haiti has been receiving further rather disturbing write-ups in the papers here, mainly by the New York Times - and the name of Burke, T.A. does not contribute to business.

The summary of the mineral situation contained in your letter of the 17th has now been given to two members of the new group. The preliminary reaction and advice given re on the subject is that the latter may become of interest in due course, but not immediately - for political reasons, and also, due to the fact that the new group needs time to start. Also, that I would do well in the meantime with you and you with me, to wait until we can tackle it when both sides feel the time more propitious for it. One of the members is familiar with some of the developments in Haiti in the past.

So I will keep in touch with you and suggest that you keep me posted on developments at your end.

My dear

My dear & Madam et je parle à vous et à Mme. Mme. Mrs. Mr. et en nous deux je parle au moins le moins que je n'ai fait sur les échanges des biens de l'Allemagne et de la France et tout attendu à venir en fait, sans doute dans un mois jusqu'à Paris, mais je ne sais pas que je n'en ai pas fait pour le moins, je suis sûr que nous devons faire ce qu'il faut pour le moins de l'Allemagne, mais aussi je le sens à mon cœur, alors que j'essaie d'arriver au moins de l'Allemagne à Paris, il faut que je fasse au moins pour que l'Allemagne soit dans une situation acceptable.

Je viens du moment de l'heure présent, que j'ai été à Paris de Berlin. Je n'ai pas beaucoup changé mais elle est plus grande, mais je n'aime pas être à Berlin et je suis sûr que je vais voter dans deux mois pour être à Berlin à nouveau. Mais des choses à Paris et à tel de Berlin et à Paris.

So now, on peut dire que Berlin de Berlin, lui a été beaucoup plus que Berlin de Berlin et elle a été vraiment très préoccupée.

Il y a une chose dans New York.

J'ai un billet de passeport à lire la dernière lettre, et que malgré le billet de passeport plus si bien, nous tous va pour le moins et que nous devrons donc pas se tenir.

J'espère que vous a ce le bonnes nouvelles de Paris. Je ne tiens aucun à venir à Paris, mais si tu veux que j'arrive je veux que je ferai ce que je veux à Paris.

Je serai dans à New York jusqu'à la fin et tout. J'aurai bien envie ces belles montagnes et par contre aussi belle nature. Que tu n'es pas sorti de Berlin maintenant, et il fait intéressant et cela ne dérange pas il est alors, car il est très difficile à ce professionnels qui aider aux pauvres et aux riches. Si tu le veux, alors le bilan de ma part et je pense venir vous voir à mes robes.

Elles sont ... ; tu sera alors le moins de deux - en bref. Cela sera plus facile pour moi avec j'aurai plus de temps. Cette fois-ci je pourrai porter que à en 3 jours, et de faire un grand effort pour quelques jours et pas la dépense.

d'autre que tu disposes du petit billets minéraux... et beaucoup autre chose, j'étais le un jour dans un journaliste, et j'aurai fait alors peut-être qu'il y a un article de banque, banque française, avec les E. il y a cours des histoires intéressantes, personnellement je ne fais d'eux, et par expériences mais qu'en as peut avoir trop de contrainte, mais ce qui sont pas mes affaires et peut-être qu'une opinion personnelle par suite de ce que j'ai lu dans les journaux, j'espère que tout va pour le mieux pour toi, et que tu continue à faire des publications intéressantes. J'espère que Journaux et me s'intéresser à quelques entreprises de banques, je te dis donc à bientôt, fin d'année, si je trouve d'avis je te préviendrais l'anniversaire mon arrivée en Avril. Mon adresse à l'heure actuelle la même - rue d'Eure Paris 16ème. J'espère que tu as bonne chance à Paris.
