MEMORANDUM FOR: Chief, SR/6

SUBJECT : Debriefing of Robert Edward WEBSTER (201 - 265472)

1. Subject, who renounced his US citizenship in 1959 when he defected to the USSR and who returned to the US as an alien under the Soviet quota in May 1962, was debriefed by the undersigned together with OO/Contact Division and Air Force representatives in Pittsburgh, Penna., during 2 - 3 July 1962. (See Attachment A for biographic data on Subject) The undersigned used the pseudonym, Rudy Valentine, while the following used their true names: Messrs. Keller Stewart, Robert Starling and Jack Tague, of the OO office, Pittsburgh; Major E. J. Zvetina and Mr. F. G. Jaycocks, of the Air Force Foreign Technology Division, Wright-Patterson AFB, Ohio. The undersigned's aim was to determine if Subject was knowledgeable regarding detailed operational intelligence and Soviet Realities, while OO processed its normal requirements, including those of TSD, and the Air Force interrogated Subject along technical lines.

2. Because time was short, it was decided that the undersigned would conduct a chronological questioning and the OO and Air Force officials would enter the debriefing as appropriate. Therefore, the undersigned had about eight hours of debriefing opportunity and on this basis recommended that Subject be brought to Washington, D. C. for detailed debriefing.

3. Arrangements for Subject's quarters to be used also for debriefing were made through the Office of Security and Subject stayed at the Marriott Motel, Key Bridge, during 15-28 July 1962. See Enclosure A for a listing of staff personnel who participated in the debriefing of Subject; this listing includes the Aliases staff personnel used and dates on which they had contact with Subject. Enclosure "B" contains the undersigned notations made during various phases of debriefing and are attached for whatever value they may have in the future. Enclosure "C" is a Secrecy Agreement, dated 16 July 1962, signed by Subject and witnessed by the undersigned and Miss Eleanor Reed in pseudo. Enclosure "D", dated 27 July 1962, is a combination Secrecy Agreement and statement of truthfulness signed by Subject and witnessed by the undersigned and Miss Eleanor Reed (in pseudo). Enclosure "E" is a short biography on Subject prepared by Miss Eleanor Reed which can be used in the event of necessity.

16. Because there was short and two different
offices participated in the debriefing, it was desired that
it would conduct a chronological questioning on Subject's
experience and the CO and AF official would inter-
the ~~cross~~ questioning whenever appropriate.

AF obtained data from Subject on his employment
^{and observations on} with the Plastics Institute and factory in Leningrad;
copies of their reporting will be forwarded via the
Pittsburgh CO/C office. DDCI was primarily interested
in all personalities with whom Subject had contact
in the Soviet Union; this data plus Subject's
documents, letters, etc., some of which Subject per-
mitted the Agency to keep, will be forwarded to
SR Division from Pittsburgh.

2# Subject appeared ^{to be} very cooperative and, in
fact, said that he would do anything to help the
US Government ~~to that~~ which would help him
in his own mind to erase some of the stigma
associated with his defection to the USSR. Although
Subject ~~never~~ returned to the US on 20 May 1962,
having defected in October or 1959, Subject apparently
began to forget ^{details} very quickly; however, his ~~total~~
ability to recall improved after considerable
questioning and conditioning. It was felt that
Subject can provide a great deal of OI and realities.
Data and arrangements were made to have him

travel to Washington, D.C. on 15 July 1962 where he will remain ~~well~~ up to two weeks if necessary.
Office ^{which} participation in the debriefing are SK/6 (in-
cluding the SRC, ~~and~~ ^{still} ~~and~~ ^{Chemical Branch} ORR), SK/C4,
SK/C1, TSD/BAB, TSD/PAB, TSD); CA/PROP,
and, if necessary, (SAC, ^{effic. of Security} ~~and~~ ^{operator} operators). OSI/GSO/ESB,
IS/PSI/PSD

At the following are some significant facts derived from the preliminary debriefing: and comments of assessment value.

a. Subject stated that he decided to defect because of family problems, ^{personal and financial} which he could not cope and he took the easy way out. (Apparently his problem was associated with his wife whom much as he mentioned she just became ~~not~~ ^{not} giving enough attention to their children.) Subject began planning of defection during the second in a series of three trips he made to the USSR as a representative of the Kent Development Corp., Cleveland, Ohio, to set up a plastic exhibit. He confided in no one about his plans to defect. The following between his second and third trips to the USSR, he collected personal items which he ^{wanted} ~~wanted~~ during his residence in USSR and ultimately gain full cooperation to Soviet authorities in the defection formalities.

b. A Soviet woman whom subject met in a Moscow hotel where she was employed ultimately was taken with subject to Leningrad where they lived.

~~She is common law marriage and where she gone
bitter to their child.~~ Analysis of data obtained
on her and subject's relationship with her
indicates that she may have played a more sig-
~~nificant role vis-a-vis subject than what de-~~
~~subject believes~~
~~the kidnapping thus far has produced.~~ Although
Subject states he has not yet fixed his plans,
he ~~is~~ ~~considering~~ may bring her and the child
to the USA — he said he signed on a Soviet
affidavit promising support to this child after
he is gainfully employed in the US. Subject states
that he has not corresponded with her and does
not plan to correspond with her except to send
funds at a later date. (He added he has not
yet corresponded with anyone in the USSR primarily
due to his mother's nervous breakdown about
for which she was recently released from a
hospital.)

KED

"characterized by fail:

1. Blaming, usually almost everything negative (example) on his wife.
2. Consistently (& frustratingly) avoiding exact dates and names of people, stating "I'm not sure, of exactly wording, it's been a long time".
- ^{As I remember & he has} necessary always to ask KED many questions or ^{of my knowledge} review a situation to help fog his memory.
3. When pressed by ~~the~~ contract agent to try to explain started procedures to establish identity during previous situations, KED became tense and anxious, and sweat a great deal (sweat on face & water running down areas from armpits).
4. Life filled w/~~of~~ impulsive actions & decisions, also giving ~~all each much~~ ~~to~~ legal or social, etc. (example)
5. Life full of dependence on his parents & in-laws for ~~not~~ ~~family~~ ~~airline~~ & money for 2-3 years after his departure.
6. ~~taught~~ ~~teach~~ ~~decision in thought~~
KED's belief: only mental process, but failed to live up to convictions in actions, etc.,
7. Tendency to digress from line of thought: i.e. answer to question, began narrative during which would ^{unintend} grasp another subject. Sometimes, because it produced new info (such as a self-job), he would be permitted to digress.

Post mortem examination of the body
of a man found dead in the room.
The man was a thin black person
standing about 5 feet 7 inches tall & weighing
about 100 lbs. He had a very pale face,
thin eyes, hair sparse & hairless. I informed
the coroner he had a right side & neck
swelling as though membranes adhering, as though it
was coming in close. The only time he became tense,
almost hysterical, nervous, was when I interrupted
the autopsy, at the time he was identifying HEGAROL
saying, HEGAROL thanked him why he used
his name. It when he suddenly had a fit like
that. When questioning him was concluded he
had to lie back stiff.
