MO INDEXING REQUIRED  MIDEXING CAN BE JUDGED BY QUALIFIED HO DESK ONLY

- 1. Forwarded as Attachment A in translation and original language are three reports on Giovanni SABATTI, Francesco CUCCAGNA, and Guerrino obtained from Identity. Forwarded as Attachment B are photographs of the identity cards of these persons which also obtained from Identity.
  - 2. In reference dispatch commented as follows:
  - a) According to Identity, the three individuals mentioned in the respective reports are the persons best suited from a point of view of ability, reservedness and experience for utilization in sensitive operations. He added that he could have provided us with the names of more individuals all of whom, however, would have presented certain peculiar problems prejudicial to the successful outcome of this type of operation. On this score, being an old police officer, Identity immediately realized that an illegal entry operation must be in the wind, but did not ask for any details.
  - b) In passing the requested information, identity advised that he remains at our disposal for any further details which might be needed. If necessary he is personally willing to perform introductions.
  - c) As is evident, the name of Gua VOGRIC (mentioned by CLARKSON as a possibility based on a casual DEBACON reference) did not come up. We, therefore, abstained from making any reference to this person.
- 3. It may be advisable to make additional checks regarding the personalities and political leanings of these persons, especially Bernardini.
- 4. CLARKSON nowremembers the name of the individual discussed with RABNEY, SHERIDAN and MAGONETTI to be CUCCAGNA instead of VOGRIC. However, it may be also advisable for MAGONETTI to obtain a background report on Gus Vogric.
- 5. DEPIGRAM was queried about these individuals and contributed practically the same information as MAGONETTI with the exception that Bernardini is interested in emigrating to Switzerland, that Sabatti's italianized name is Sabazzi. Further, that Sabazzi is the proprietor of a Fiat model 1100 which he uses to make trips to Yugoslavia from Trieste, allegedly for the mushroom trade; also that Sabazzi is in possession of an Italian passport valid for foreign travel.
