Military Operations Program (MOP) (Identity)

REF ID: A64005

Reference: None

Action Required: Please see paragraph 2.

1. Headquarters is attempting to consolidate all available information on PBRUMEN military personalities in order to tailor the very best possible defection pitch to selected targets. Much of this information is already available under the KHAPRON program and it will be the nucleus of this new program. However, many of the dossiers are not as complete as we would like and we hope that Joseph H. LANGOSH (p) can keep this requirement in mind when debriefing PBRUMEN defectors and other allied assets.

2. In addition to the usual biographic information on PBRUMEN military personalities, we are particularly interested in individual home addresses, and his position on Castro and Communism. We are also interested in names and addresses of PBRUMEN MIG 21 pilots.

3. We appreciate your help in this matter and will keep you advised of any significant developments in this program.
