## Commentary on The Shadowsphere

### Chabadniks, Zionists & 9/11 Insiders (1)

By M.K. Styllinski

**“To learn who rules over you simply find out who you are not allowed to criticise.”**

– Voltaire

We have explored the influences of Dominionism and Authoritarianism (<https://infrakshun.wordpress.com/2014/03/24/religious-authoritarians-i/>) in the United States, and there was also a brief look at the powerful Jewish sect of Chabad Lubavitch (<https://infrakshun.wordpress.com/2014/04/06/the-z-factor-ix-chabad-lubavitch/>), presently embedded in Europe, the US government and part of the rising tide of religious extremism currently jostling for supremacy. Lubavitchers – or Chabadniks – draw their beliefs from the teachings of the Babylonian Talmud and other classical works of Judaism with a strong emphasis on apocalyptic redemption which they hope will pave the way for a distinctly Jewish theocratic World Order. Recall that many high-level US officials are still keen supporters of Chabad Lubavitch such as Paul Wolfowitz, Senator Joseph Lieberman, Senator / retired General Carl Levin, and Orthodox Jewish rabbi Dov Zakheim (<https://infrakshun.wordpress.com/2015/04/02/zakheim-zelikow-and-the-adl-1/>), whom we met previously.

On March 11, 2002, Zakheim gathered with over 500 emissaries of Chabad from all corners of the world in order to celebrate the birthday of the late Rabbi Menachem Mendel Schneerson, the spiritual guru of Chabad. The big bash took place just opposite the Pentagon 9/11 crash site. Considering what we have discovered so far about Chabad Lubavitch and Zionism (<https://infrakshun.wordpress.com/2014/03/31/the-z-factor-i/>), it is more than a little ironic that there was a party for a guru who extolled the virtues of a messianic Jewish theocracy hosted by insider Dov Zakheim who had managed to furnish Israel with more weapons than any other Jewish individual in the history of arms brokering. As Journalist and historian Caroline A. Valentine observes: “Islam is the most vigorous religious rival to Judaism. How does the ‘peace for Israel’ sung about in ‘Oseh Shalom’ relate to 9-11? Think back to the massive slaughter of Palestinians (and other Muslims) Israel has been able to effect since 9/11. There is no sweeter peace to be found than at the graveyard of one’s enemy ...”

Let's just remind ourselves of the nature of the "spirituality" being taught by Rabbi Menachem Mendel Schneerson whose beliefs remained consistent throughout his long life and which gave rise to the official Lubavitch-Hassidic doctrine so prominent in US politics and Chabad centres round the world. In his book *Gatherings of Conversations* (1965) we get to read exactly what the Rabbi believed.

The "Great Rebbe" states:

*The difference between a Jewish and a non-Jewish person stems from the common expression: 'Let us differentiate.'*

*Thus, we do not have a case of profound change in which a person is merely on a superior level.*

Rabbi Menachem Mendel Schneerson

(<https://infrakshun.wordpress.com/wp-content/uploads/2015/04/index1.jpg>)

*Rather, we have a case of 'let us differentiate' between totally different species.*

*This is what needs to be said about the body: the body of a Jewish person is of a totally different quality from the body of [members] of all nations of the world...*

*...An even greater difference exists in regard to the soul. Two contrary types of soul exist, a non-Jewish soul comes from three satanic spheres, while the Jewish soul stems from holiness.*

*We therefore ask: Why should a non-Jew be punished if he kills even a non-Jewish embryo while a Jew should not be punished even if he kills a Jewish embryo? The answer can be understood by [considering] the general difference between Jews and non-Jews: A Jew was not created as a means for some [other] purpose, he himself is the purpose, since the substance of all [divine] emanations was created only to serve the Jews." [Emphasis mine]*

There is little doubt that the vast majority of Jews have no idea what this man has been saying on their behalf. Yet, further analysis of these statements isn't necessary since anyone who is able to think rationally can see that the above takes the notion of Jewish tribal exclusivity and supremacy to new heights, specifically mentioning that anyone who isn't Jewish naturally has one's spiritual origins in "satanic spheres". It will become apparent just how serious these statements are as we proceed.

In 1995, a year after the death of Schneerson the yearly commemorations took off with a posthumous award by Congress: the Congressional Gold Medal, the highest honour possible for a civilian in the United States. *The Baltimore Jewish Times*, (who it seems, were equally perplexed) reported: "More than a year of intensive lobbying by Chabad forces generated some 225 House co-sponsors of the authorizing legislation" which made it possible for Schneerson to become the first religious leader to be the recipient of the coveted award. Furthermore, it seems the lobbying had a financial incentive whereby: "Copies of the gold medal — which was underwritten by donations from admirers of Rabbi Schneerson — are being sold by the Treasury Department. According to Washington sources, that could be a big money-maker for the federal government."

[michael\\_chertoff\\_official\\_dhs\\_photo\\_portrait\\_20071.jpg](https://infrakshun.wordpress.com/wp-content/uploads/2015/04/220px-michael_chertoff_official_dhs_photo_portrait_20071.jpg))

Michael Chertoff, Homeland Security Chief, circa 2007.

In 2006, Chabad Lubavitch supporters and Zio-Conservative Michael Chertoff, then Homeland Security secretary and Joshua Bolton, the White House chief of staff had high-level talks with Chabad emissaries during a two-day commemoration of the 12th anniversary of Rabbi Menachem Mendel Schneerson's death. Bolton and other White House officials "... assured Chabad representatives that President Bush would never force Israel to concede territory to the Palestinians without a quid pro quo," ... where Bolton admitted that: "Bush would follow Israeli Prime Minister Ehud Olmert's lead in deciding what concessions to support." Since Olmert is a militant Zionist that wouldn't give Palestinians much to hope for. One might also ask the question right there: if the preceding information wasn't known, how it is that that an honour of this kind can be given to Schneerson who presided over a sect that is evidently, at its root, one of the most racist and fascist movements on the planet?

The only change which has occurred under Barack Obama is that Chabad Lubavitch has grown stronger.

The American Friends of Lubavitch (AFL) was set up by leading Chabad-Lubavitch Rabbi Abraham Shemtov, one of the closest aides to the late Menachem Mendel Schneerson. Shemtov's interests are adopted by the National Security Council and the State Department in that he has regular access and contact with a few dozen ambassadors. It is ostensibly a humanitarian, educational and Jewish facilitation hub, but in reality, it is a Chabad indoctrination outfit extending deep into the heart of

international politics with its: "... 3000 affiliated centres across the country and around the world," and where: "... requests for assistance from the Washington Office arrive in a steady stream, often urgent in nature."

This urgency takes on new meaning when we recognise how much influence Israeli lobby groups and religious organisations have over American politics. If we are to believe the "Great Rebbe" Schneerson is revered as the New Jewish Messiah, then it is his doctrine that pervades Chabad Lubavitch's religious imperative as the following statement by a Lubavitcher confirms:

*"Our supreme obligation is to submit to the orders. Only later on we can ask for explanations. As was said at the Sinai mountain, we will do and then listen. [...] Today, we should insist and demand and not to ask and try to convince or negotiate, but demand. Demand as much as it is possible to obtain, and the most difficult part is, everything that is possible to obtain, the more the better."*

In June 2012, the lobbying continued under the AFL conference named "The Living Legacy" which saw Congressional leaders and top Obama administration officials rubbing shoulders with "... several hundred Chabad emissaries from across the United States." Rep. Eric Cantor (R-Va.), the majority leader in the US House of Representatives, Rep. Steny Hoyer (D-Md.), the House minority whip; lawmakers such as Jeremy Bash, the Chief of Staff to Defence Secretary Leon Panetta; Bruce Reed, Vice President Joe Biden's chief were all in attendance and doling out the required applause. Most importantly, all this socialising was to make sure that the US administration kept the "... bipartisan commitment to the US-Israel relationship" firmly handcuffed to fiscal policy and the need to keep that money flowing.

vitch already had its supporters in politics way before Bush or Obama and who may have proven to be crucial lynchpins in the 9/11 cover up. Remember Larry Silverstein (<https://infrakshun.wordpress.com/2015/03/24/wtc-building-7-2/>), owner of Silverstein Properties, most of the World Trade Centre and close friend of Benjamin Netanyahu? Like Bibi, presently gunning for a conflagration with Iran as per Lubavitch prophecy, it seems Silverstein is also a closet Lubavitcher, at least when it benefits his financial goals. If Jewish businessmen and Chabad supporters suffered during 9/11 and the 2008 crash, after his billion dollar pay-out, Larry was certainly not amongst them. Nonetheless, never one to turn down a freebie, he turned up for some kosher nibbles at the Chabad House on Wall St. run by Rabbi Katz and his wife Rachel who, according to Chabad Lubavitch's official website: "... maintains a dawn to midnight schedule of classes and tefillin regulars in some of New York City's most high-powered corner offices. His Chanukah menorah lighting venues have become something of a legend." Before 9/11, Rabbi Katz invited Silverstein to light the Chabad Wall St. Menorah (which must have been the most supremely ironic moment, even for Larry). This was followed by many other prominent Wall St. big-wigs showing their support for Chabad such as philanthropist George Rohr in the New York Stock Exchange boardroom and NYC Mayor Michael Bloomberg who hosted a menorah lighting ceremony in 2007.

Silverstein is just one part of a substantial network of Zionist-Lubavitcher businessmen who may have enabled the corporate-logistical elements of the 9/11 attacks to take place. They represent the "asset assistance" group for Zionist operations. Frank Lowy owner of Westfield America, one of the biggest shopping mall conglomerates in the world; Ronald Lauder of Estée Lauder fame and Lewis Eisenberg who was the Chairman of the Port Authority of New York and New Jersey during the attack on the World Trade Centre – all feature as businessmen whose wealth has been put to great use for the Chabad-Zionist cause in America.

Frank Lowy 2011 (wikipedia)

Ranked as #2 in Forbes.com's list of Australia and NZ's richest individuals, ex-Goldman Sacs Lowy, partnered Silverstein in the 99 year leasing arrangement and rented a shopping concourse area called the Mall at the WTC. Made up of approximately 427,000 square feet of retail floor space it was just one in a number of retail outlets based in the US and Australasia. Bull-horned in one of their own press releases, Westfield America assets is: "... worth \$59 billion, representing 124 shopping centres in four countries with over 10 million square meters of retail space. It is the world's largest retail property group by equity market capitalization". Nothing unusual there, but it takes on a slightly different hue when we realise Lowy was also a member of the Jewish terrorist group Haganah and fought in the Israeli war of independence as a member of the Golani Brigade, one of the most highly decorated infantry units in the Israel Defence Forces – and the most questionable when it comes to Zionist fanaticism.

With a military-corporate history like Lowy's it will not come as a shock that he has fingers in both banking and politics. Having immigrated to Australia in the 1950s where he became chums with another tycoon Zionist Rupert Murdoch, he has been moving in banking circles for decades ending up on the board of Australia's central bank, the Reserve Bank of Australia, which are effectively Australia's Federal Reserve System and issuer of Australian dollars. Founded with his own money Lowy presides over the Israeli Institute for National Strategy and Policy, based at Tel Aviv University in Israel, an extension of the kind of academic Zionism that Richard Perle and Paul Wolfowitz would appreciate. Spending a few months of the year in Israel it gives him time to catch up with old friends which used to include Ariel Sharon and now Benjamin Netanyahu, Ehud Barak and Ehud Olmert, all of whom are Chabad supporters and right-wing Likud Party militants. It was Avinoam Brog, Barak's brother, who told the *Sydney Morning Herald* that Lowy's "influence is such that if he wanted to talk to any politician in Israel, then he could. And they will listen."

While Lowy has kept a very low profile indeed in relation to his involvement with 9/11 he has been busy behind the scenes in gathering together those that would have benefited from the attacks. The Lowy Institute for International policy is another "who's who" of Zio-Conservatives, military intelligence, banking, corporate directors CEOs and Elite families coming together to direct global policy from an Australian perspective. It is the Asian stronghold of Brezezinskian economics. The RAND corporation, Brookings Institute, JP Morgan, Chevron, former Goldman Sacs (<https://infrakshun.wordpress.com/2015/02/18/dark-green-xx-goldman-sacs-carbon-tax/>) executives and Homeland Security officials – they're all there and more besides. Most notably, Martin Indyk, former US Ambassador to Israel, President and Director of the Foreign Policy Program at the pro-Israel Brookings Institution in Washington D.C. Indyk's right to use classified information was re-instated by then Secretary of State Madeline Albright in 2000 citing the turmoil in Israel and the Gaza Strip and "... for compelling national security reasons." Nonetheless, the FBI still considers Indyk to be one of the prime suspects in the hunt for the Israeli spy known as "Mega" [15] [16] (<https://infrakshun.wordpress.com/2014/03/31/the-z-factor-ii-sexpionage/>). Assuming that the hunt wasn't compromised from the start...

ems then Likud supporter and media mogul Zionist Rupert Murdoch is always on hand. He has been associated with all three men and the recipient of awards from the ADL, the United Jewish Appeal (UJA), and the New York-based Museum of Jewish Heritage, mostly due to the substantial donations he has given to the organisations over the years.

Investigative journalist Christopher Bollyn quoted Sam Kiley, veteran journalist on the Middle East for the London *Times* who wrote about the mogul's involvement of the newspaper:

*“‘Murdoch is a close friend of Ariel Sharon.’ Kiley said Murdoch’s friendship with Sharon, led senior staff at the paper to rewrite important copy. ‘Murdoch’s executives were so afraid of irritating him that, when I pulled off a little scoop of tracking down and photographing the unit in the Israeli army that killed Mohammed al-Durrah, the 12-year-old boy whose death was captured on film and became the iconic image of the conflict, I was asked to file the piece ‘without mentioning the dead kid,’ ” Kiley wrote. “After that conversation, I was left wordless, so I quit.’ [17]*

The visit with Sharon included a trip for Murdoch and his editors from New York and London that ‘took them on a bird’s-eye tour of Israel aboard a helicopter gunship, flying over the Golan Heights, West Bank and settlements.’”

Like Lowy, another employee on the Goldman Sachs cartel conveyor belt and currently working as a senior adviser at a private equity firm, Lewis M. Eisenberg is an ardent Zionist and member of the planning board of the United Jewish Federation pro-Israeli pressure group. A financial supporter of the Bush-Cheney campaign and Dov Zakheim’s 2012 presidential candidate Mitt Romney, Eisenberg is your classic PNAC, Zio-Conservative and Wall St. predator. He believes that bankers have had a hard rap and unfairly “demonised” which should give you some idea as to where his loyalties lie. [18]

The crucial role that Eisenberg played as New York Port Authority Chairman was to make sure that Silverstein Properties had an exclusive deal on the 99 year-old lease for the WTC, dropping at the last minute a higher bid from opposing company Vornado Realty Trust and imposing a news blackout to safeguard discussions. He managed to give his view immediately after the 9/11 attacks claiming: “I just saw my two towers fall. I’m devastated beyond belief. In many respects this is significantly worse than Pearl Harbor, and we don’t know who the enemy is.” [19]

*Lewis Eisenberg former Chairman of the Port Authority of NY/NJ, Chairman at the time of the September 11, 2001 attack of the World Trade Centre.*

How devastating could it really be when Governor George Pataki appointed yet another Goldman Sachs chief John Whitehead in 2001 as chairman of the Lower Manhattan Redevelopment Corp., who then received a \$2 billion of New York's \$8.2 billion federal aid? It was obvious from the start the rebuilding of lower Manhattan was a lucrative exercise for the Zionist tag teams, much to the dismay of civic groups, and the families of victims and survivors of the attack. Understandably, they thought Silverstein wanted to avoid their own development plan which may have limited his profits.

When Silverstein went ahead and begin construction on the site of WTC Building 7 in July of 2002, Eisenberg was appointed head of the LNRC in order to keep things in the family. <sup>[20]</sup> (It is also interesting to note that on Sep 10, 2001, the Tokyo branch of Goldman Sachs warned its American employees to steer clear of American buildings). MOSSAD explosives experts were crawling all over the site immediately after the destruction of the Twin Towers. Was the security management of the WTC complex designed to be in the hands of the controllers who could then allow access to all necessary areas of the WTC complex for preparation?

The attempt to gain control of the New York Port Authority (PA) had been an on-going project since at least the 1980s. Recalling Isser Harel's (<https://infrakshun.wordpress.com/2015/04/03/zakheim-zelikow-and-the-adl-2/>). "prescient" prediction in 1979, it was just seven years later that would see an intelligence team of senior agents – who had worked directly under Harel for decades – obtain the security contract for the Port Authority of New York. That company was Atwell Security from Tel Aviv. It was not to last however, when Edward J. O'Sullivan, director of the Office of Special Plans at the Port Authority of New

York and New Jersey, cancelled the contract shortly thereafter when it was discovered that it was merely a front for the MOSSAD. <sup>[21]</sup> Even before the contract had been awarded, most of the board of directors of the PA were Jewish with Zionist affiliations.

The late Peter “Zvi” Malkin was the security consultant and intermediary between Atwell Security and the PA, negotiating on the company’s behalf. Malkin had long been known as an Israeli intelligence officer famous for kidnapping notorious Nazi Adolf Eichmann from Argentina in 1960. Bollyn surmises that: “Malkin’s artist disguise is probably the inspiration for the ‘art student’ operation to infiltrate DEA offices in 2001. ... Michael Chertoff’s mother, Livia Eisen, one of the first MOSSAD agents, owned an art gallery in Elizabeth, New Jersey, when Malkin was posing as a painter in nearby New York”. <sup>[22]</sup>

Like so many Zionists involved in PA security and transport infrastructure, PA executive director Stephen Berger and later Stanley Brezenoff, (1990-1995) Deputy Mayor for Operations and First Deputy Mayor under Mayor Edward Irving Koch, must have been fully aware of Malkin’s background and Atwell Security’s history but allowed the contract through, nonetheless.

lars of taxpayer’s money for the bailout scam before it was sacrificed, AIG Corporation and its CEO Maurice “Hank” Greenberg joined forces with Silverstein buddy Israeli intelligence spook Jules Kroll and his investigative and security consulting firm Kroll Inc., becoming partner and co-owner in 1993. This took place prior to Greenberg forming a joint venture with the owner of MOSSAD run Amdocs (<https://infrakshun.wordpress.com/2014/04/01/the-z-factor-iii-war-and-surveillance/>), telecommunications and provider of White House tele-software. <sup>[23]</sup> Greenberg is up to his neck in Chabad, Zionist and Israeli intelligence friends including Henry Kissinger who sat on the board of AIG and MOSSAD agent Shaul Eisenberg (<https://infrakshun.wordpress.com/2014/03/31/the-z-factor-i/>) who had been responsible for the Asian division of Israel’s intel operations. He was also the owner of Atwell Security.

described as a “private CIA.” <sup>[24]</sup> Which makes it all the more suspect when, following the 1993 World Trade Centre bombing, Jules & Jeremy Kroll of Kroll Inc. was asked by the New York Port Authority to help design new security measures for the WTC complex paying them \$2.5 million for the privilege. (Shades of the Silverstein formula?) Included in this massive overhaul was an extensive analysis of future terrorist threats and how they might be addressed, with assessments concluding that a second terrorist attack against the WTC was probable. Even more incredible, is the specific citing of terrorists deliberately flying a plane into the WTC towers. <sup>[25]</sup>

What makes this even more curious is that O'Neill was:

*"... Not only the world's leading expert on bin Laden, but he was also regarded as a 'loose cannon', because of his record of working outside normal channels when normal channels were 'blocked'. He knew FBI investigations into bin Laden and al-Q'aeda had been shut down in the summer of 2001 and it is extremely unlikely that he would have remained quiet about it. He also knew whether or not Osama bin Laden was capable of inflicting the amount of damage the US suffered on 9/11. In other words, if the conspirators were hoping to spread a Big Lie about Osama bin Laden, they would have had a short list of things they absolutely had to do.*

*Surely, one of the items on that list would be to silence John O'Neill. And what better way than to entomb him at the scene of the crime? [26]*

O'Neill's investigations into the roots of the 1993 World Trade Centre bombing, the 1996 Khobar Towers bombing in Saudi Arabia and the 2000 USS Cole bombing in Yemen – proven to have been carried out by MOSSAD – all led him into serious confrontations with the FBI and federal government. He was sacked from the Bureau in 2001 and by the end of the year he was dead, killed on his first day at work on September 11<sup>th</sup>. O'Neill is memorialised at the North Pool, on Panel N-63.

Not only was Hauer responsible for placing O'Neill in his own forensic crime scene and thus getting rid of a major detractor of the official story, he managed to be an "expert" on that official story even *before* it was public knowledge. On the morning of September 11<sup>th</sup>, 2001 Hauer read the same script to anchor man Dan Rather on *CBS News*, dutifully remembered though nervously imparted:

Dan Rather: Based on what you know, and I recognize we're dealing with so few facts, is it possible that just a plane crash could have collapsed these buildings, or would it have required the, sort of, prior positioning of other explosives in the, uh, in the buildings? I mean, what do you think?

Dan Rather: What perspective can you give us? I mean, there have been these repeated reports that, well, yes, Osama Bin Laden, but some think he's been over-emphasized as, as responsible for these kinds of events. I know many intelligence, uh, people at very high levels who say, listen, you can't have these kinds of attacks without having some state, Iraq, Iran, Libya, Syria, somebody involved. Put that into perspective for us.

Jerome Hauer: Yeah, well I'm not sure I agree that, umm, this is necessarily state-sponsored. Umm, it, as I mentioned earlier, certainly has, umm, the, uh, fingerprints of somebody like Bin Laden. [27]

A fairly shoddy example of the "Arabs-did-it" script backed up with the official story even before most people had barely the time to process these events. All presented by non-expert Hauer for prime-time TV. After being brainwashed by these associations, what the public didn't know was that Hauer was introduced to TV audiences as a former director of NYC's Office of Emergency management (OEM). In fact, he was the managing director of the security company responsible for the Twin Towers.

Now, *that* would have been interesting to know.

Two months later, along with "peace" experts like Henry Kissinger, Jerome Hauer went on to capitalise on the all-knowing, all-seeing nature of his expertise by participating in the CFR sponsored white paper called "Independent Task Force on America's Response to Terrorism."

Their objectives were to explain:

*"...our goals and rationale for the war in Afghanistan, and [outline] the evidence that the Al-Qaeda network was responsible for the 9/11 attacks; disseminate stories of particular victims to convey the range of people killed in the 9/11 attacks — stress range of religions, races, income levels, etc.; counteract [the] myth that Mossad was behind the attacks by showing Jews killed, etc." and "Routinely monitor the regional press in real time to enable prompt responses."*

They did a fine job. We never hear any mention of Israel and 9/11 in the same sentence. And thanks to the ADL, B'Rin B'Raith and AIPAC, the spectre of anti-Semitism accusations and expert propaganda is a tight nut to unscrew.

[23] Extract from Christopher Bollyn's 2012 book: *Solving 9-11: The Deception that Changed the World* showing the dizzying connections of financial benefits accrued by the Kroll family prior to, during and after the events of 9/11:

- Maurice Greenberg and Jules Kroll became partners in 1993, the same year Kroll Associates "was chosen over three other companies to advise the Port Authority on a redesign of its security procedures." "We have such confidence in them that I have followed every one of their recommendations," Stanley Brezenoff, the Port Authority executive director, told the *New York Times* in 1994.
- Kroll controlled security at the World Trade Center complex in 2001 and was responsible for hiring John O'Neill, the former chief of counterterrorism for the FBI, who died on 9/11, reportedly his first day on the new job.
- Jerome M. Hauer, the former director of Mayor Giuliani's Office of Emergency Management, was responsible for having the command bunker built in Larry Silverstein's WTC 7. Hauer was a managing director for Kroll in 2001.
- Kroll revamped security at the World Trade Center after the 1993 terrorist bombing. Kroll was reportedly responsible for security at the World Trade Center on 9/11. "Over the last two years, the Port Authority of New York and New Jersey has paid Kroll \$2.5 million to overhaul security at the World Trade Center and evaluate procedures at the agency's bridges, tunnels and airports," the *New York Times* reported on September 1, 1994.
- Kroll was hired by Kuwait in October 1990 to find the hidden wealth of Saddam Hussein.
- Kroll began profiting from the war in Iraq in April 2003 when it received contracts to provide protection and security for government agencies and companies in Iraq.
- Jeremy Kroll serves on the board of the Israel-based Challenge Fund with Israeli government officials from the highest level, including Israel's National Security Advisor and Head of the National Security Council, a former head of Shin Bet, former Directors General of the Ministries of Foreign Affairs and Defense, former Commanders of the Israel Air Force, Central Command, and the Technology and Logistic

Branch of the IDF, as well as the head of Boeing (Israel) and the son of Yitzhak Shamir. The Challenge Fund uses money raised through the Bronfman and Andreas (ADM) families to fund Israeli companies, like ViryaNet.
