Commentary on The Shadowsphere

Chabadniks, Zionists & 9/11 Insiders (3)

“Over the past decade, the influence of Chabad cultists in the world has not only grown but also entrenched. This is the only Jewish religious sect, which, assuming the role of leader of world Jewry, climbed into world politics. Its presence greatly affected American politics. In addition, the heads of state of the former Soviet Union are listening to Chabad.”

– Ukrainian author /activist Rabbi Baron Eduard Hodos

Factions of those in the domination game include persons within Chabad Lubavitch and Zionist infiltrators. A Messianic Jewish theocracy is very much part of the overall, top level psychopathic designs merging into the totality that is Pathocracy. More importantly, these factions are nodes within an overarching global occult influence as will discover in greater detail further along. As one faction of this emergence, these would-be-leaders of Chabad working within Judaism have definite objectives tied to foundational beliefs. Let's remind ourselves what some of those beliefs are:

- The abolition of Christmas.
- The labelling of Christians or Gentiles as “idol worshippers.”
- The instruction to all Christians to give up their religion or be put to death.
- The education and instruction of a belief that Jesus practiced sorcery; worshipped stone idols and was sexually immoral.
- To establish a caste system in the US based on heredity and religion.
- The forcing of US citizens to adopt a synthesized “religion” invented for a servant class.
- A World theocratic Jewish State

As bizarre as it may sound, these are all part and parcel of Chabad Lubavitch literature, most typically the Noahide (or Noachide) Laws which are revered, respected and taken very seriously indeed. As German author and journalist Wolfgang Eggert reminds us:

“By 1723 freemasonry had already incorporated the Noachidic statutes into its Constitutions... Charges & Regulations; freemasons have always called themselves ‘Noachids’. In 1991 when the first war on Iraq was started, George Bush Senior forwarded this peculiar “blessing” to the whole nation: The seven Noachidic laws were solemnly declared to be the foundation of the United States by the Congress and the President.”

Which may, in part, offer an insight as to why the Jewish Kabbalah has been so important in freemasonry and how Zio-Conservatism has comprehensively infiltrated US politics. Lubavitchers – or if you prefer, Chabadniks – are also embedded in the socio-political infrastructure of the United States.

Now, doesn't that feed into the red herring “conspiracy theory” of Jews hoping to control the world?

Hopefully, at this stage the reader will know it is much more complex than that. Ponerology (<http://ponerology.com>) dictates which cluster of psychopaths will mount the best defence of their realm, and it appears the religious authoritarian megalomaniacs within the rabbinical hierarchy of Chabad Lubavitch and Ashkenazi Revisionist Zionism are major candidates for that particular mantle. So, to imply that it is strictly a “Jewish conspiracy” across the military-corporate and media complex is to do a huge injustice to ordinary Jews. Similarly, the conspiracy at work is largely public having been normalised by a variety of puppets and players within the 3EM (<https://infrakshun.wordpress.com/2014/05/05/puppets-and-players-i/>). In order to see their various strains of psychopathy within our culture, entrenched beliefs and parallel taboos cannot be ignored. Hence the exploration of Chabad Lubavitch.

While many Hassidic Jews would not associate themselves with such beliefs. Others go further, interpreting Lubavitch doctrine in the strictest terms. Chabad Rabbi Manis Friedman made an interesting comment in 2009 from the Jewish magazine *Moment* perfectly illustrating the minds of elder Chabadniks: “I don't believe in Western morality, i.e. don't kill civilians or children, don't destroy holy sites, don't fight during holiday seasons, don't bomb cemeteries, don't shoot until they shoot first because it is immoral. The only way to fight a moral war is the Jewish way: Destroy their holy sites. Kill men, women and children (and cattle).” It seems that Friedman has taken his bizarre inspiration from the Yahweh-driven bloody wars of the ancient Israelites. The rabbi issued a statement not long after – in all probability

at the request of Chabad hierarchy – so that he could “clarify” his initially, revealing prose. He was at pains to say that his opinion was his[alone] and that it did: “... not represent the official policy of any Jewish movement or organization.”

Despite this, his statements are mild compared to what we would find in classical Jewish doctrine of the Talmud, the Tanya and a succession of Grand Rebbes’ proclamations. It seems he also forgot the legacy of Schneerson. Though he paid lip service to “compassion” it was clearly the words rather than the basic premise that gave rise to the invective which was “irresponsible” and “misleading.” Another fine example of paralogical and paramoralistic discourse at work. Like the banking, oil and weapons and hedge fund billionaires of today, philanthropy conceals a multitude of sins. With the Establishment hierarchy it is a conscious means to an end which has little to do with alleviating humanity’s suffering rather, philanthropy offers a way to keep the illusion of altruism in place and to buffer the disconnect between what they say and what they do. Organised Religion, with its cults and sects are no different. The hierarchical structure comes first regardless of whether the moral and ethical pillars have long since been eaten away by parasites. The vast majority of responses from presumably Jewish readers condemned the Rabbi’s views in the strongest possible terms. Though there were scattered posts praising or excusing what are essentially statements celebrating a cold-blooded religious psychopathy.

Chabadniks and Zionists who lobbied the Bush Administration and now Barack Obama, Rabbi Menachem Mendel Schneerson was more than a spiritual inspiration, he was perfection embodied; the Messiah or “Moshiach”. Accordingly, what he said was taken very seriously and encouraged to be interpreted literally. The “Great Rebbe” told his followers “The main avodah of this generation is to go out to the final war of the G’lus, to conquer and to purify all the gentile countries.” Schneerson was telling the present generation of Jews to go out and “conquer and purify” the Gentile (non-Jew) nations as laid down in the Noahide Laws. Lubavitcher Bryan Ellison tells us that Chabad followers have a special duty; the generation of Jews after the creation of Israel:

“... is the last generation of exile and darkness, and the first generation of Moshiach and the Redemption. All of us — Jews and Noachides — have an urgent responsibility to transform the world immediately in order to bring Moshiach, and this involves going well beyond the minimum of the Law.”

During the Bush Administration key positions were taken up by Chabadniks. Among those handed the keys to Office were Press Officer Ari Fleischer, Chief of Staff Joshua Bolton and Vice-Secretary of Defence, Paul Wolfowitz. All three were great admirers of Schneerson and believed in his Messianic vision. Though Fleischer, Bolton and many others were highly effective in contouring political opinion and

military support for Chabad designs it was Lubavitcher devotee Wolfowitz who was considered one of the key intermediaries between, Chabad, the Israeli-Zionist lobby and Neo-Conservative ideology and practice.

Paul Wolfowitz (wikipedia)

[rdpress.com/2015/04/02/zakheim-zelikow-and-the-adl-1/](https://infrakshun.wordpress.com/2015/04/02/zakheim-zelikow-and-the-adl-1/))'s task was to oversee US Depart of Defence fiscal policy tipping the balance toward weapons shipments into Israeli hands, Wolfowitz's influence and power extended into higher realms of foreign policy and geo-political strategy. His major contribution to the militarisation of the American energy policy necessarily included foreign interventions which were integrated into Cheney's much quoted doctrine of perpetual war to defend and protect newly acquired resources. Wolfowitz was renowned for being the intellectual force behind radical Neo-Conservatism, the maturing of which was fostered by the late Albert Wohlstetter during his doctorate at the University of Chicago in the late 1960's. Wohlstetter worked for the cold war strategy think tank the RAND Corp, and besides being steeped in Zionist ideology, was a believer in the view that nuclear deterrence was not a satisfactory basis for strategic doctrine; the United States actually had to be not only the best in nuclear strategy but prepared to unleash the dogs of war in order deter the enemy –no doubt wiping out Israel's perceived enemies in the process. (Consequently, the craziness of Wohlstetter was one of the inspirations for the film *Dr. Strangelove*.)

As Irving Kristol and Norman Podhoretz were transforming a largely Jewish, right wing agenda into Neo-Conservatism, Richard Perle and Douglas Feith – both fanatical Zionists – had already worked in high level positions in both the Reagan and Bush Administrations. Perle was also a protégé of Wohlstetter, bringing together two minds with a singular purpose: an Israeli-driven world revolution and a personal association that would remain through the intervening years. It was Wohlstetter, with the encouragement of Zionist insider and intellectual Bernard Lewis that lurked in the shadows encouraging Feith, Perle and Wolfowitz to help create the Iraq WMDs deception, and the installation of CIA-stooge Ahmed Chalabi who would later become Prime Minister in Iraq.

(https://infrakshun.wordpress.com/wp-content/uploads/2015/04/albert_wohlstetter.jpg).

Albert Wohlstetter 1969 – (Source: wikipedia)

In the mid-1980s working as Middle East analyst at the National Security Council Douglas Feith was found to be passing classified information to the Israelis and was fired after a low-key FBI investigation. The fact that Neo-Conservative allies had multiplied in federal agencies, think-tanks and government it meant that Feith was back into power in just a few years, this time as undersecretary for policy at the Pentagon. Similarly, with Feith's help Perle was able to attain a position at the Defence Policy Board.

Like Feith, Perle had long been seen as a possible Israeli agent since he had been doing exactly the same as Dov Zakheim and attempting to move all armaments purchasing to Israeli companies. The only differences to be seen was in the somewhat more prominent position of Assistant Secretary of Defense for international security policy in the Reagan administration and that he made sure he received a direct cut of profits. As a veteran advisor he was able to transform Neo-Conservatism into a radical expression of Revisionist Zionism. He was a latter-day Jabotinsky with a supremely Machiavellian take on politics and warfare. The Zio-Conservative networks came alive through Perle and others, mostly through flagship lobbying think-tanks such as the Heritage Institute, American Enterprise Institute, Project for the New American Century (PNAC) Hudson Institute, Committee for Peace and Security in the Gulf and Committee for the Liberation of Iraq, to name but a few. Slowly, Zio-Conservative radicals were moving into key positions, with foreign policy as the prize. Conveniently, when the New Pearl Harbour arrived, the PNAC dreams of pre-emptive attack were realised.

Douglas Feith (left) and Richard Perle

Richard Perle was to be the mentor for both Feith and Wolfowitz. As September 11th 2001 came and went, Feith and Wolfowitz worked together to make the invasion of Iraq and other countries a sure-fire reality by creating an official philosophical and ideological mandate for Empire. Yet, the evolution of what was to be called the "Wolfowitz doctrine" started long before the invasion policies of the Bush Reich and the police state which followed. This particular plan for American military domination came to fruition during the administration of George H.W. Bush Sr.

In 1992, Wolfowitz was working in the Department of Defence and was asked to write the first draft of a new national security strategy, a document entitled "The Defense Planning Guidance." It was here that the full force of Neo-Con ideology took shape, pushing for dramatic increases in defence spending, pre-emptive attack and the use of unilateral military force with or without the support of allies. Perle had been working for Benjamin Netanyahu, who was Prime Minister of Israel by 1996. "A Clean Break: A New Strategy for Securing the Realm" was their policy which set out a game plan that would solve Israel's security problems in the Middle East by emphasising "Western Values." It was another example of using the USA as a proxy nation to its bidding. The removal of Saddam Hussein and aggressive policies of invasion in the Middle East were advocated. One particular passage from the document openly reveals its agenda where "peace" was transformed into economic support from US taxpayers in order to increase a political ideology: "While there are those who will counsel continuity, Israel has the opportunity to make a clean break; it can forge a peace process and strategy based on an entirely new intellectual foundation, one that restores strategic initiative and provides the nation the room to engage every possible energy on rebuilding Zionism, the starting point of which must be economic reform."

By the year 2000, George W. Bush Jr. had taken office and the foundation of Jewish, Neo-Conservative power fused with the National Security State and its military-intelligence apparatus. This was to oversee the rise of ruthless corporate psychopaths Vice President Dick Cheney, Secretary of Defence Donald Rumsfeld, and Chabad supporter Deputy Secretary for Defence Paul Wolfowitz, all of whom had cut their teeth on the past administrations of Ronald Reagan and Bush Sr.

Zionist enablers out for all they can get – former Vice President Dick Cheney talks with his partner in crime the then Secretary of Defense Donald Rumsfeld during a video teleconference, 2006. (White House photo by David Bohrer)

As Michael Chertoff was busy reordering America's fear and loathing into the Homeland Security State, 2005 saw the departure of Douglas Feith leading eventually to the Directorship of the Center for National Security Strategies and as a Senior Fellow at the Hudson Institute. Wolfowitz headed to the World Bank in order to do further incalculable damage to any hint of normal human progress.

Having honed his knowledge of globalisation by redefining American dominance so that international treaties, the United Nations and World economic policy could benefit US neo-liberalism and Israeli economic and foreign policy. He was able to implement economic configurations such as "public-private partnerships" which not only placed corporations in the front line of a socio-cultural imperialism but allowed global warming legislation to mix with corporatism. The plan was scuppered just two years later resulting in: "Wolfowitz's resignation and departure in disgrace over a sordid corruption scandal involving his role in securing improper salary raises for his mistress, and trying to cover it all up." Columnist Dr. Srdja Trifkovic explained: "According to the Bank insiders, however, her employment

contract was used as the handy pretext to get rid of Wolfowitz, the true reasons being gross mismanagement, utter misunderstanding the Bank's role in the world, and an extreme display of arrogance."

The Wolf marking his territory once again?

Wolfowitz and his colleagues managed to fuse corporatist, Zionist, Chabad Lubavitch and other highly influential Zio-Conservative-based think-tanks into a powerful force for war. The Wolfowitz Doctrine lay behind "Clear break" and PNAC's "Rebuilding America's Defences" which defined the blueprint for Zio-Con conquest well into the future. The latter document was written in September of 2000, one year before the 9/11 attacks, where they acknowledged: "Further, the process of transformation, even if it brings revolutionary change, is likely to be a long one, absent some catastrophic and catalyzing event – like a new Pearl Harbor. ..." And just one year later, their most pressing desire was fulfilled.

Paul Wolfowitz played a major role in the genesis of the 9/11 attacks either in its creation or taking full advantage of all the opportunities such a "catalysing event" could offer. What the Doctrine proved that this was an ideology of Straussian authoritarianism inspired by the Hegelian solution. By using the US as a proxy war machine the Zionists had pulled off a major coup in toppling Saddam Hussein and invading Iraq with their sites on monopolising oil reserves, the driving interest for corporatists like Rumsfeld and Cheney. But the full force of a religious-occult imperative would be revealed in the 9/11 false flag ritual which heralded the destruction of Iraq – the first phase of biblical and Chabad-led, Talmudic prophecy.

As reported by Munich-based author and journalist Wolfgang Eggert an "occult summit" was convened on the eve of the invasion of Iraq, February 21st, 2003. In attendance were: (<https://infrakshun.wordpress.com/wp-content/uploads/2015/04/0297829947-02-lzzzzzzz.jpg>).

"... the head of the Operations Directorate of the Joint Chiefs of Staff whose name wasn't published and seven leading representatives of military intelligence, amongst them the three-star general Lowell 'Jake' Jacoby, Director of the Defence Intelligence Agency and Wolfowitz' deputy Dr Linton Wells who manages the 'nerve centre' of the Pentagon" and mostly notably "Bible code specialist" Michael Drosnin and Deputy Secretary of Defence Paul Wolfowitz."

The fact that top members of US government would be willing to trust the advice of Drosnin's highly controversial study of predictive word codes is worrying enough. What is more concerning is the reliance not only on Biblical prophecy but the fusion of both Christian Evangelism, Jewish Messianism and occult Zionsim. Eggert explains that there was "only one item on the agenda" and that was to discover what the Bible said:

"... about the present situation in the Middle East, terrorism and about the fate of Saddam Hussein and Bin Laden ... It is said that a special interest was taken in decoding when devastation was expected to descend upon the Iraqi president. Result: the Jewish year of 5763 which corresponds to the year 2003 of the Christian calendar. The outcome of this conference is said to have been analysed immediately after by American and Israeli intelligence. The Americans "took it very seriously", Drosnin later said. The White House started the campaign "Iraqi Freedom" within the prophesised time frame."

And they "took it seriously" because Zio-Conservatives and military-intelligence apparatus is saturated in occult workings all of which are underpinned by the Jewish Kabbalah in some form. One of these is based around the Jewish calendar of the Shemitah (<http://themillenniumreport.com/2015/07/super-shemitah-the-day-of-reckoning-comes-to-america/>), its origins in the Old Testament. Originally a form of

agricultural divination focused around debts and blessings to it is now used as a tool of prediction for world events and calamitous occurrences. As Eggert observes, Chabad Lubavitch saw 9/11 and the invasion of Iraq as one long mythical war prophesised long ago and even cited in the sect's magazine *Emes News* which stated: "While the press doesn't foresee such a move and while the US-State-Department is denying any plan of attack against Iraq, those who know about the Lubavitcher Rebbe know quite well, that when he said, America would wage war against Basra [a city in Iraq], nothing in the world could stop such an event coming true." [14] It is for this reason that the Christian Zionists and Fundamentalists are so crucial to the Chabad's messianic drive since they are well aware that they make up around 37 percent of voters in America. Head of the World Jewish Congress Ronald Lauder reaffirmed this strategic link in a recent interview where he said: "Evangelicals ... are the critical support for Israel... We have one great friend: Evangelicals." [15]

Crucial to the End Times tribulation is the yearned for second coming induced by conflict at Temple Mount (<https://infrakshun.wordpress.com/2014/03/30/religious-authoritarians-viii-temple-mount-temple-might/>). The Iraq war started one and half years later on March 20th 2003, the Holy Day of Purim care of one of the main instigators of a Chabad ritual and the needed outbreak of war: Paul Wolfowitz. During the aftermath of the Iraq war, Chabad supporters Joseph Lieberman and Senator John McCain were the allotted PR figureheads for announcing that: "... the Iraqi conflict-based-strategy followed exactly that line which he himself together with his colleague had imposed in the US Congress by pushing through the 'Iraq Liberation Act'." [16]

At this point, the reader may be forgiven for thinking that all these war-mongering corporatists, Zionists and rapacious banksters are simply in it for the money and the power. Important as those things are for essential psychopaths there is also the underlying foundation of the military-occult complex suffused with a masonic branch of Existential Satanism which have traditionally relied on psychological warfare to achieve their ends. Within the Zionist Establishment, the Mossad hierarchy and Chabad Lubavitch is a form of Kabbalistic Satanism with links to Order of Zion freemasonry, in turn, connected to the overall global occult elite. Those whose personalities have been irrevocably altered and fragmented as a part of MK-ULTRA programs (which are the ones we know about) have undoubtedly been carefully positioned within the political establishment. This brings us back to the testimony of Kay Griggs (<https://infrakshun.wordpress.com/2014/04/22/satans-little-helpers-viii-weimar-magick-and-cherry-marines/>), and which will prepare us for the final series of posts exploring the occult significance of 9/11.

haviour and emotional abuse from her Navy SEAL husband, who was a victim of mind control operations inflicted on children of the military-intelligence apparatus from the 1950s to the 1970s. Evidence has been mounting over the years that such programs resulted in a large number of assassins programmed to kill, commonly known as “Manchurian candidates” (<https://infrakshun.wordpress.com/2014/04/17/satans-little-helpers-iv-the-manchurian-reality/>).” After her husband went missing Griggs decided to go public after receiving death threats and psychological intimidation from members of military intelligence.

In 1996 she took her story to Sarah McClendon, a former senior member of the White House press corps and gained protection, as well as a wise confidante who gave her experienced advice on how to stay alive when dealing with military intelligence agents. By 1998 Griggs had sufficient confidence to make an eight hour video recording of her experiences for Pastor Strawcutter which found their way to the internet adding vital pieces of the puzzle regarding the hidden workings of military-intelligence groupings. Griggs, a committed Christian, gave evidence that was at times clearly difficult for her to relate due to the nature of the information. This included confirmation of government hit squads, Zionist cabals, brain-washing, murder and organised sex-cults of “Cap and Gown, and Skull and Bone society,” though not exclusive to the US Navy to which her husband and other high level Marine officials belonged.

Griggs’ information is derived from her discussions with the wives of US Army and Navy personnel, the harrowing experiences with her tragic husband and the details she was able to glean from his diary which was left behind following his disappearance. From the knowledge she was able to piece together Griggs believes that the handlers of these covert cults as well as the programmed child-victims who do their bidding for many decades: “...are first generation German sons, mostly who run things in the military through tight friendships made in Europe and at war colleges. PSYOPS is a controlling group and *Paul Wolfowitz is a major player*.” Henry Kissinger and Donald Rumsfeld are also named as those with German-Jewish origins, chosen for their psychological make-up to be handlers and/or operators assigned with particular roles.

Recall the testimony of Dr. Corey Hammond and his revelation of Greenbaum mind programming (<https://infrakshun.wordpress.com/2014/04/16/satans-little-helpers-iii-greenbaum/>) which provided evidence of a Hassidic element to “Dr. Green” – a probable codename for a group of programmers across the spectrum of mind control operations and which continues to this day. At root, the pathogenic nature of this psychological deviance manifested through a direct transference of Zio-Nazi black arts and their technology of mind. In other words, via Operation PAPERCLIP (<https://infrakshun.wordpress.com/2014/04/15/satans-little-helpers-ii-occult-nazi-roots/>) and the installation of numerous intelligence officers, psychologists and scientists, most importantly perhaps, the Nazi SS General Reinhard Gehlen, who was head of German intelligence operations. Under the cover and success of this Nazi brain drain he went on to be one of the leading architects of the modern CIA. The General was only one of numerous high level Germans who were to define the future of America.

(<https://infrakshun.wordpress.com/wp-content/uploads/2015/04/wolfowitz-mighty-pleased.jpg>).

Wolfowitz on 9/11 Commission: How we laughed.

Finding out who the various kingpins of the September 11th attacks (<https://infrakshun.wordpress.com/2015/03/10/911-the-point-of-no-return/>) is an impossible task as they will always be one step ahead, as the present disinformation and managed perceptions within the 9/11 truth movement attests. What we do know is that any well-known public figures which have been mentioned throughout this blog are likely not the true perpetrators of this crime against humanity. What we do have is a Catholic-based Nazism, tied to a Anglo-American Liberal-collectivism further complicated by Zionism – all of whom have their own take on building a New Order Empire, that will lock in once and for all a Golden Age of neo-feudalism where psychopaths rule.

9/11 was the global turning point.

The occult lies behind all major cabals, religions and organisation in the 21st Century ranging from the amateur to the sophisticated; forms of freemasonic Satanism, the maturation of various brotherhoods of Rosicrucian Illuminism (<https://infrakshun.wordpress.com/2014/04/29/world-revolution-i/>) and occult Zionism. Dispense with all the manufactured labels and “-isms” and the simple truth is a increasing psychopathy with its long term plan to dominate ordinary humanity. THAT is the real Secret of the Ages and the only conspiracy worth considering, everything else is just window-dressing. It is the probable mass inculcation of disturbed, pathological individuals who are insinuated into the social fabric and attached to suitable ideologies so that they may act as channels for ponerogenesis.

In one sense, all that has gone before in this series represents a careful, methodical prelude before presenting this information on occult Zionism since it is a tough one to contemplate, not least because it is using Judaism and the Jewish tribe as its vehicle. Zionists and Ashkenazis – Khazars – are not the ordinary Jewish people. Palestinians and Jews lived together for centuries, and there is good reason to believe that ordinary Jews and Muslims are still keen to live together in peace. They hold much more in common than we may think – not least their shared Semitic genes. Zionists however, by brainwashing Jews in particular, have effectively encouraged moral blindness and victimhood. Peace between these peoples is anathema for the pathological aggression that is the life-blood of Zionist existence.

Those psychopaths who lie within the middle and higher tiers of the Chabad/Zionist pyramid thrive on maximising conflict between the two Semitic peoples. History and myth reveal that they have socially-engineered Jewish culture to accept this conflict as a fight for survival while in reality it is merely another geo-political ruse to extend their rule over ordinary people. Consequently, it is metaphorically correct to call such actions “Satanic.” Furthermore, as we look deeper into the nature of occult forces which surround the nationalistic violence of Zionism and the theology of the upper most hierarchy within Chabad Lubavitch, we will see quite clearly that it is the influence of the Babylonian Talmud with its Levitical roots in Black Magick and Satanic lore which informs their operations in the 21st Century.

Admittedly, this is a very hard fact to swallow for most, since a) we have been awash with cultural conditioning and a superficial history told by the victorious that prohibits such discussions of occult practice, though its presence lies directly or indirectly behind all of our socio-political and economic institutions; and b) the Jewish culture of victimhood and inculcated ethnocentrism has similarly prevented any constructive criticism, reinforced by the Jewish cultural Marxism of political correctness. Once we accept such a hypothesis as at least a possibility, we will then be better able to absorb the information regarding the events of September 11th as the grand occult ritual that it was.

Before we do so, we need to take a closer look at the Talmud.

* *Golus* is Hebrew for “exile” usually referring to the exile of the Jewish people from their perceived homeland. The word *avodah* means “work” and of a type that is carried out as a service to God.

Public Law 102-14 states emphatically that all civilization from the beginning has been based upon a set of laws entitled “The Seven Noahide Laws” and thus officially put the United States under Noahide Law. These seven supposed universal laws, according to the Encyclopedia Americana, p. 737, state that they are “a Jewish Babylonian Talmudic designations for seven biblical laws given to Adam and to Noah before the revelation to Moses on Mt. [7] [RAND] had established itself as the leading think-tank for Pentagon, and had access to all its secrets. They were mainly economists by training, and had developed a vocabulary for ‘thinking about the unthinkable’ which had all the weaknesses of economic jargon. The universe of nuclear strategy was so difficult to comprehend, and the horrors it contained were so repugnant to normal people, that its study required the same clinical detachment as the study of venereal disease. But that very detachment tended to blind the experts to the human realities, and to enslave them to abstract concepts, the validity of which had never been tested.” – Denis Healey, *The Time of My Life* .
