# Statistics on Palestinian minors in Israeli custody

---

Updated: 20 November 2023

**At the end of September 2023, the Israel Prison Service (IPS) was holding 146 Palestinian minors in detention or in prison on what it defined “security” grounds. At that time, the IPS was also holding 34 Palestinian minors for being in Israel illegally.**

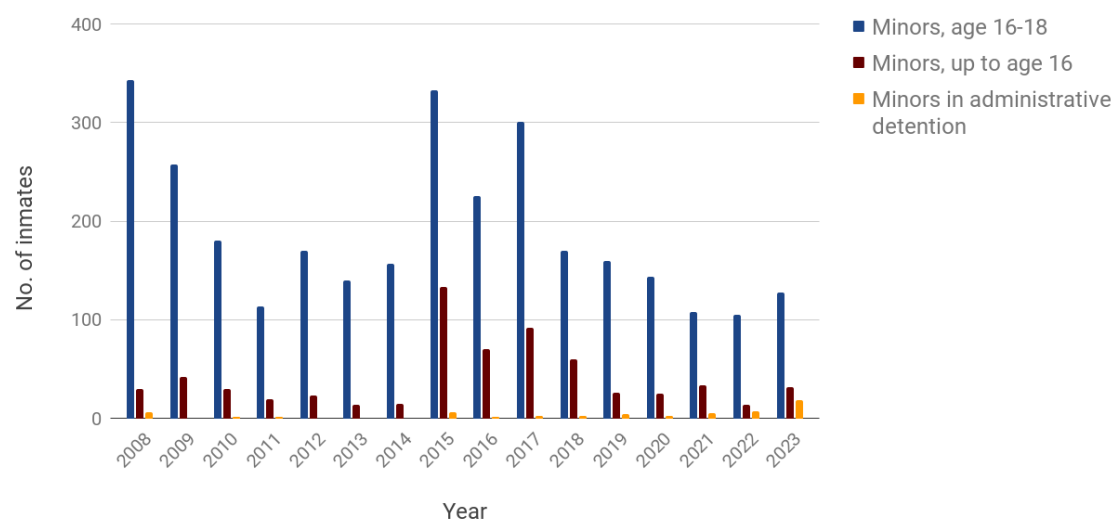

**At the end of 2020, the IPS adopted a new policy and stopped providing B'Tselem with the requested figures. Instead, it has since published some data on the IPS website every three months. The first year this occurred (July 2020 through September 2021), the figures published were partial and therefore are not included here.**

**In addition, at times, some Palestinians are briefly held in military facilities. The figures from the military are received with a significant time delay and provide no details regarding inmates’ legal standing.**

**The following figures were provided or published by the military and the IPS, so responsibility for their accuracy lies with them.**

## Palestinian minors in the custody of Israeli security forces

\* The diagram represents the number of Palestinian minors in custody on a given day, according to figures we received for that day, as detailed in the tables below. We do not have figures available for the overall number of minors in custody in a given month.

Data on minors in IPS custody in previous years Data on minors in IDF custody in previous years Notes:   

Beginning in August 2008, the figures include Palestinian prisoners who are residents of East Jerusalem. In its figures for previous months and years, the IPS did not include these prisoners in their figures on Palestinian prisoners.

The statistics presented above indicate the number of Palestinian minors who are residents of the Occupied Territories held by the IPS and the IDF on the specific date listed. B'Tselem does not have statistics on the total number of minors held by the IDF in a particular month. B'Tselem also does not have statistics on minors held by the Israeli Police.

The figures from the military are received with a significant time delay and – with the exception of administrative detainees, whose status is noted as such – provide few details regarding inmates' legal standing. According to the IDF Spokesperson, the majority of inmates – apart from a handful of individuals who have been tried and are serving sentences – are detainees. As we do not have this numerical breakdown at our disposal, the total number of inmates in military custody (with the exception of administrative detainees) is given under the heading "detainees".

*Israel's regime of apartheid and occupation is inextricably bound up in human rights violations. B'Tselem strives to end this regime, as that is the only way forward to a future in which human rights, democracy, liberty and equality are ensured to all people, both Palestinian and Israeli, living between the Jordan River and the Mediterranean Sea.*
