REPORT OF AN UNIDENTIFIED FLYING OBJECT - NORTHERN IRELAND

Reference: ATC Belfast (Aldergrove) Airport dated 21 Dec 89

1. I attach a copy of the Reference which is an Unidentified Flying Object (UFO) report received by this office from Belfast Airport.
2. Due to the location and nature of the sighting, I feel that there may be implications for security which may need further investigation.
3. You will note that the observer, Section 40 [REDACTED] has requested a reply. We are obliged to respond. Our usual line is that we cannot tell the observer what he saw because we do not investigate individual sightings except when we consider that the object poses a threat to the security of the UK. For obvious reasons I am loathe to provide such a reply in this case until I am satisfied that the sighting posed no such threat.
4. I would appreciate advice regarding any security implications of Section 40 [REDACTED] sighting. Should there be any security implications I would also appreciate advice regarding the content of a response which could be safely sent to Section 40 [REDACTED]

UFO Report 366563Z Nov 89.

File 12/2.

Stafford Newspaper phone [Section 40]  
press office re UFO Sighting 30 Nov  
at MOW COP North Staffs.

Checked with Sqn leader [Section 40] D155c1  
who said, 'Isolated incident, no other reports to  
corroborate it.'

Sec AS2b came up with info that helicopters were  
flying in N. Wales. Tried Sqn leader Ops at  
RAF Odiham but no reply.

Told press office that we were convinced no threat  
to Defence of UK etc.

[Section 40]

6/12

Footnote:

Eventually spoke to 8th Ops Odiham -

they confirmed that they had no movements  
around the N. Staffs area at that time.

File 12/2

Nov30 0500 - Martians.

Try phoning Odiham - they apparently  
had 7 Sqn & Chinooks and 33 Sqn  
Pumas playing that night in N. Wales;  
they should be able to tell you  
if their transit route took them

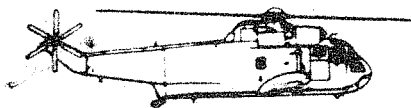

Now cap way.

I attach one of our more unusual  
UFO reports, the absence of a  
name or address obviously making an  
further action difficult. I will  
nevertheless send the Norwich police  
a copy.

28/11

W. J. G. C.

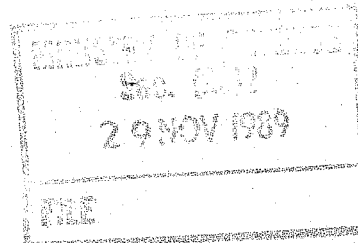

At 2130L Tuesday 21 November I received a telephone call from a distressed female requesting the telephone number of an organisation which deals with UFO reports. I informed the lady that I would pass on details of a sighting to MOD if she wanted to give me the details. She said that I wouldn't believe what she had seen and that she would rather talk to someone who was more likely to take her seriously. I managed to convince the caller that I would take her seriously and that as she was obviously upset it might help to tell me. The caller said that she hadn't told anyone else because she was too embarrassed, and that she didn't want to give her name or address as she was afraid the newspapers might get involved. I assured her that this would not happen but I didn't push for any more information as she was so distressed. A summary of what she told me follows.

At approx 2230L on Monday 20 November she was walking her dog on a sports field not far from her home near Norwich. She was approached by a man who asked her if she would listen to what he had to say. She described the man as 5'9" fair hair with a Scandinavian type accent and dressed in a light brown garment similar to a flying suit. He asked her if she was aware of stories about large circular flattened areas appearing in fields of wheat, and then went on to explain that he was from another planet similar to earth and that the circles had been caused by others like him who had travelled to earth. He went on to explain that the purpose of their visits were friendly but that they were told not to have contact with the people of earth for fear that they might be treated as a potential threat. He had spoken to her because he felt it was important for contact between the two people to occur. The caller said that she was completely terrified while this was taking place and couldn't remember much else about the conversation. After about ten minutes the man left her and she ran towards home until she heard a loud buzzing noise behind her and turned to see a large spherical object, glowing orange-white rising vertically from behind some trees which rose steadily until out of sight.

My telephone conversation with the lady lasted about one hour followed by another ten minutes when she rang again. I could not get her to divulge her name or address but I believe that this was a genuine call.

PART B - TRAFFIC AND COMMUNICATIONS

ORDER NO. 784 - REPORTING OF UNIDENTIFIED FLYING OBJECTS

The Department of Trade and Industry, National Air Traffic Control Services, are required to advise the Military Aeronautical Information Service of all reports of unidentified flying objects and/or similar phenomena coming to their notice. To be of the greatest value these reports are required in a standard form giving as much information as possible. When a member of the general public reports such a sighting at a Police Station it may help them to give the required information if they can be prompted by the correct questions.

Attached hereto as Appendix 'D' to these Orders is a copy of a proforma which is submitted from Headquarters Information Room to the Department of Trade and Industry giving information of sightings. If any member of the public reports such a sighting the questions (A) to (Q), as shown on Appendix 'D', should be used as a guide when obtaining information for transmission to Headquarters Information Room.

Dear

Section 40

I am writing in response to your telephone call of 28 October concerning an Unidentified Flying Object reported by your son and his friends on the night of 26 October.

I have investigated the matter and at the moment I am unable to advise you of the object's identity. Our records show that we had no aircraft on frequency at the time, nor were the local or approach controllers aware of any traffic in our immediate area. As I have been unable to identify positively the cause of your sighting, I have passed on your report to the appropriate department in the Ministry of Defence for action as they feel necessary. Meanwhile, please call us again immediately if there is a recurrence, so that we can - hopefully - clear up the matter there and then.

Yours Sincerely

I am writing in response to your telephone call of 11 November, concerning an Unidentified Flying Object you reported that night.

I have investigated the matter and at the moment I am unable to advise you of the object's identity. Our records show that we had no aircraft on frequency at the time, nor were the local or approach controllers aware of any traffic in our immediate area. The occurrence was also reported by one of our Met Officers, who was driving along the A45; he believed that it might have been a parachute flare. However, as I have been unable to identify positively the cause of the sighting, I have passed on your report to the appropriate department in the Ministry of Defence for action as they feel necessary. Meanwhile please call us again immediately if there is a recurrence, so that we can - hopefully - clear up the matter there and then.

Yours Sincerely

- I CONTACTED IPSWICH POLICE, AS Section 40 REPORTED  
THAT AT THE TIME OF THE SIGHTING THERE WAS A  
POWER CUT IN THE IPSWICH NACTON AREA. THE POLICE  
INFORMED ME THAT THERE WAS A POWER CUT, ~~THEY~~  
~~THEY~~. THEY ALSO TOLD ME THAT  
THEY'D HAD A PHONE CALL FROM SOME ONE AT A  
NEWS PAPER SAYING THAT THE WIFE OF THE 'EAST ANGLIAN  
DAILY TIMES' HAD SEEN A UFO OF SAME DESCRIPTION AND  
SHE LIVES ON Section 40 THOUGH THEY PTO

WERE RELUCTANT TO GIVE THE POLICE HER NAME.

IPSWICH AIRPORT CONFIRMED THE POWER CUT BUT HAD SEEN NO UFO.

RAF WATTISHAM APPROACH HAD NO AIRCRAFT ON THE RADAR AT THIS TIME.

EASTERN ELECTRICITY INFORMED ME THAT THE REASON FOR THE POWER CUT WAS THAT A SWITCH-GEAR HAD BLOWN-UP DUE TO WATER CONTAMINATION.

WATTISHAM MET. OBSERVER,

Section 40

REPORTED TO ME AT 120016Z NOV 89 AS HAVING SEEN A WHITE LIGHT STATIONARY IN THE SKY WITH A SMALL RED LIGHT DECENDING FROM IT AS THOUGH IT WERE A PARACHUTE-FLARE. HE WAS ON THE A45 BY THE A140 JUNCTION AND HE ~~PUT~~ PUT THE TIME AT APPROX. 2115Z. HE SAID THE OBJECT WAS ABOUT 5 MILES FROM HIS POSITION TO THE SW.

R. Remarks:

I would not usually forward UFO reports without names  
being given. However, in this case, this report was one  
of three received by Essex police, from 3 different  
people, 3 different places within a 10 mile radius.  
I think it is likely that the police failed to record  
the names of the witnesses.

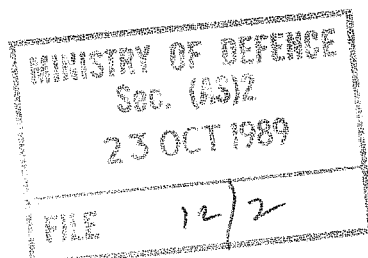

Section 40

Dear Sir,

At 1815 hours on Tuesday 10th October 1989, a telephone call was received by Section 40 Banbury Control Room, from Section 40 of Section 40 Near Bicester, Oxon, Section 40 telephone number Section 40 - who was reporting the sighting of an unidentified flying object, seen above his home address at 2110 hours on Sunday 8th October 1989.

He describes the object as being as large as a plane, but was just a white light with no shape. The light appeared to be spread out, it made no noise. It was seen for five minutes before heading off in the direction of Piddington. It was first seen coming from the direction of Launton.

I forward this for your information and any action you may deem necessary.

Yours faithfully,

UFO OFFICIAL : BBC RADIO 4 'PM' 17.00 hrs

Amazing day. Comes from TASS. 300 miles SE of MOSCOW Town called VORONYESH (?) something like this. Shining silver orb. 3 giants with small heads went for a short walk in the park ! We are not given a date or time. Radio 4 BBC gave just 'recently'.

Tass voice says he doesn't think it's a joke as TASS hasn't got much of a sense of humour, but he isn't taking it seriously...depression in ground, traces of unknown stuff 73 days to the Winter Solstice...

Found it - VORONEZH Almost South of MOSCOW.

Its on the RIVER DON and, approx, is at  $50^{\circ}48'N$  LAT /  $51^{\circ}35'36''N$  LAT //  
 $39^{\circ}20'E$  LONG /  $4^{\circ}10'42''W$  LONG // was CETI

## Monster aliens land in Russia — official

*MANY extraordinary events have happened in Russia in recent years — perestroika, glasnost, plans for a McDonald's. But this could be the strangest thing of all...*

SCIENTISTS have confirmed that an alien spaceship manned by giant people with tiny heads landed in Russia, the official Soviet news agency said yesterday.

Tass said the unidentified flying object, looking like a large shining ball or disc, landed in a park in the city of Voronezh, terrifying onlookers.

'Scientists identified the landing site and found traces of aliens who made a short promenade about the park,' said Tass, which is not known for its sense of humour.

Residents in the city 300 miles south-east of Moscow watched as the spaceship hovered over the park before landing. Then, three creatures similar to humans emerged, accompanied by a small robot.

TUESDAY OCT 10 17.00

Official from R.G.S. Section 40

VORONEZH (ex WW2 Battlefield) is  $51^{\circ}40'N$  LAT  
 $39^{\circ}13'E$  LONG

There is another Voronezh ! and would you believe it is almost exactly on the same Latitude...

$51^{\circ}46'N$  LAT  
 $33^{\circ}30'E$  LONG

++

### Overwhelmed

The aliens were nine to 12 feet tall, but with very small heads, witnesses said. They walked near the ship and then disappeared inside.

Tass, which said the landing happened 'recently,' said onlookers were 'overwhelmed with a fear that lasted for several days.'

Genrikh Silanov, head of the Voronezh Geophysical Laboratory, told Tass that scientists found a 20-yard depression with four deep dents as well as two pieces of unidentified rock.

'Analysis has shown that the substance cannot be found on Earth,' Silanov said, adding: 'However, additional tests are needed to reach a more definite conclusion.'

Tass said residents also reported recent sightings of a 'banana-shaped' object in the sky similar to one described in an American magazine, — which it was unlikely they could have read.

This means that between GOWER

(Original CETI at Winter Solstice 1981)

and main Voronezh there is only 5' LAT

ALIENS AT VORONEZH USSR

Released to World Media October 9 1989.

Considerable press following day. (See enclosed D. Mail 10.10.'89)

++

This seems to be the beginning of the sequence. It's a 'double match' in that:

1. There are TWO VORONEZHs :

If that isn't sign enough consider,

- a) Both of these towns are almost exactly on the same latitude.

VORONEZH 'A' (The suspected location of alien walkabout) is:

51°40' N LAT and 39°13' E LONG.

VORONEZH 'B'

51°46' N LAT and 33°30' E LONG

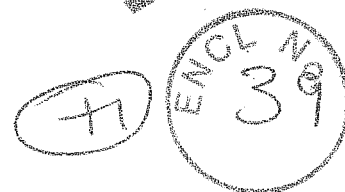

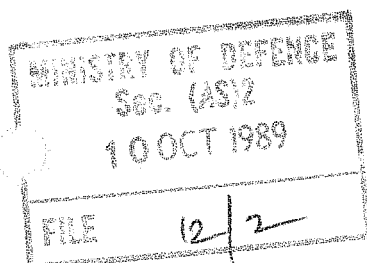

2. The clincher is that the original CETI 'contact' was at THE STONE OF CETI at Winter Solstice exactly at 22.51 Hrs DEC 21 1981. Its location is:  
51°35'36" N LAT and 4°10'42" W LONG.

Original CETI (no aliens seen) on 51°35' S. WALES at Winter Solstice '81  
This CETI (aliens present) on 51°40' LAT. Winter Solstice minus 72 days '89.

A difference of just 5' ! and almost eight years. 8 is sign of infinity.  
Whilst all three lay within 11' of each other.

+++

Expect another 'sighting' and on or around the same latitude.

## DRAWING OF V.F.O.

LENGTH about 125 → 175 feet.

width about 100 to 150 feet.

### Section 40

This looks suspiciously like a drawing of an aircraft, especially where observers are likely to be on a civil air path. The way I have a 5th letter which suggests that it could have been a civil air liner
