Close encounter scares witnesses

UFO

A mother and her 20-year-old daughter this week claimed to have been frightened after a strange silent craft followed them down Green Road.

Their encounter lasted about an hour and a half. The two, who live in the Derby Road area of Ashbourne, became aware of an elongated H shape in the sky on their right as they passed the Little Chef travelling the A52 towards Ashbourne. It was about 9.10pm.

"It was not a plane or a helicopter and had lights at the bottom like strobe lights moving around very slowly," recalled the mother. "It was square shape and very large in the sky."

"I wanted to go home when we got to Ashbourne but my daughter said to go to Green Road, where I knew that we should see it."

"Against my better judgment we went although I was frightened because I knew it would be there."

"Just past the Grammar School my daughter shouted that it was there on the left above the houses."

"I had already locked the car doors and drove up Green Road to about ten houses before the end, and stopped."

"Now it seemed to have lost shape and was replaced by a bright flashing star which we felt compelled to focus on."

"We were quiet, and kept looking for about five minutes and then suddenly there it was above us."

"I leaned forward and looked through the windscreen and directly above us was this saucer

shaped thing, as big as a house and as high as a house."

"It was round, and a silvery white colour with white flashing lights around it and other round shapes around it like glowing ball lights."

"There was no sound at all and I was petrified and my daughter screamed 'Oh my God.' I felt as though it could have beamed us up, so put the car in reverse and backed down Green Road at about 40 miles an hour."

"As I did so my daughter was shouting that it was following us, but by the time we got near to Town Head it had gone over the houses and trees, and I felt a bit safer and stopped again."

They both got out of the car and stood looking up into the sky when they again saw the elongated H shape which, as they looked, changed into a cigar shape."

"As we looked it took off and shot across to the left, back to the right and back to the left. Then it disappeared."

The two now decided to go home but getting back in the car found it was icy cold, as though a frosty morning, although the heater had been on all the way from Derby."

Driving up Derby Road and looking across

the valley they saw the H shape still over Green Road and arriving home the woman got her husband to go back with them.

They followed the strange craft up to Kniveton, and saw it flashing again before it shot over towards Hognaston.

"My husband works in the aerospace industry," said the woman, "and had never seen anything like it. It was like nothing I had ever seen either."

The woman admitted she had been very disturbed by the experience and said it would take a long time to get over it.

"Although I am pleased to have seen it and wonder why it came to us, I never thought I was going to make it home. I thought life was going to disappear and me with it."

In July when a woman on the Green Road area was also frightened by a strange huge disc shaped object, several *News Telegraph* readers suggested it was a Chinook helicopter.

But when the *News Telegraph* described the experience and description to RAF Strike Command at High Wycombe, spokesman Dale Donovan said it did not sound at all like a helicopter.

"The Chinook, while being 99 feet long including the rotor at each end, is a very loud aeroplane making a very distinctive vibrating noise."

"It also has a considerable down-draught."

"I think you are talking here of something more than a helicopter."

At the Ministry of Defence in Whitehall, UFO sightings are dealt with by Mr Nick Pope who has asked that the women in question should send him full details of the incident and a sketch of the craft.

"Ninety-five per cent of reports we receive can be explained in terms of known objects or phenomena," explained Mr Pope.

"Satellites, aircraft, weather balloons, meteorites and so on. But we accept five per cent of sightings do appear to defy explanation and on which we are open minded and have no better idea than the next person."

Last year Mr Pope received 147 reports from members of the public, usually via the local police.

So far he has received no reports for Tuesday evening last week.

Flying 'vacuum cleaner' sighted

An object said to resemble a "Goblin-shaped vacuum cleaner, with two legs and wheels," was seen in the sky over Ashbourne by a local resident on Friday afternoon.

Mr Tom Lees was looking out of the window of his home in Green Road at about 2.15pm when he first saw the object.

Looking towards the cloudy sky, Mr Lees said he then saw how: "A moving object came into view which, as it got nearer, I first took it to be a helicopter."

"However, as it became closer, its shape was something I had never seen before. I rushed out of the house to view it as it passed by."

Mr Lees said he expected to hear the noise of an engine but didn't, as it appeared to be silent.

Added Mr Lees: "It was moving beneath the cloud at quite a high speed on a direct easterly course."

Woman sees 'second UFO'

An Ashbourne woman who claims to have seen a UFO in the sky over Ednaston last December has reported seeing another in a 'carbon copy' incident.

The woman, who does not want to be named, claims she saw the strange craft on Monday night last week while travelling between Derby and Ashbourne at 9.45pm.

"It was in exactly the same place, at

the same time and it looked the same," she said. "It was a complete carbon copy of the other sighting."

The UFO was strangely lit up and moved too fast to be either a helicopter or plane. It also made no noise.

The woman now thinks that little green men may be after her because she knows too much. "I have got visions of coming home and finding aliens there saying 'You have seen us twice so we have come to take you away,'" she joked.

Strange craft was no 'copter' — says woman

An Ashbourne woman was left frightened and shaken after a "close encounter" in the Green Road area of Ashbourne last Wednesday evening.

It was the latest in a number of UFO sightings reported locally this year.

The woman, who has asked not to be named and for the exact location not to be given, was returning home alone in her car soon after 11pm.

"Suddenly I became aware of this thing stationary above the houses, my attention drawn to it by its whirring and the lights which suddenly flashed on, lighting up the whole road.

"I couldn't believe what I was seeing.

"It was disc shaped with a dome on the top and red and yellow lights all round coming on and off, and with the black outline of a door.

"It was quite low down, about the height of two houses above the roofs and about three buses long.

"I was terrified. It was as though it was staring at me, the lights going on and off.

"I stopped and looked at it for a few moments, and as I got out of the car it started to move off quite slowly up towards Greenway and over towards Windmill Lane."

Various suggestions have been put to the woman as to what the object might have been, but she is adamant this was unlike anything she had seen before.

"I know what a helicopter looks like and what it sounds like, and this was no helicopter," she said.

Should anyone else have seen anything that night, the Ashbourne News Telegraph would like to hear.

Our special UFO file shows sightings occur in the winter months November-February.

Some people suggest that what people are actually witnessing are the Northern Lights quite often visible at this time of year, rather than little green men from outer space.

But Mrs Chown refutes that: "It was definitely nothing like that and it certainly was not a helicopter or plane as it made no noise but I can not explain what it was."

when his mother in Derby rang with a sighting of her own.

She independently described this triangular object with flashing lights that had flown over her house on Tuesday night as well.

And a couple in Wootton have spoken to Mrs Chown saying that they were woken later that night by a very strong light over nearby Darley Moor.

The Ashbourne News Telegraph has reported many UFO sightings over the years with the most recent just before Christmas.

"It was very big, made no noise, and seemed to be coming down over Back Lane travelling towards Uttoxeter.

Her son Dave then jumped into his car along with family friend Mr Jim Chapman who went in search of the strange craft.

"He went round the whole Ellastone and Wootton area but couldn't find a thing," said Mrs Wootton.

Mr Chapman, who has a good knowledge of planes, could offer no explanation as to what they had seen and became even more intrigued

UFO sightings in the Ashbourne area have continued to be reported to the News Telegraph by mystified members of the public.

In the latest incident, a family from Ellastone spotted a mysterious craft in the sky above their home and even set off in their car to find it when it went out of sight.

"It was a massive triangular object with flashing lights all around it," said Mrs Jackie Chown of Churchfields Cottage, Ellastone.

REPORT OF AN UNIDENTIFIED FLYING OBJECTA. Date, time and duration of sighting. (Local times to be quoted)

20 SEP 93 20.00L - 20.25L

B. Description of object. (Number of objects, size, shape, colours, brightness, sound, smell, etc). Seemed cigar shaped, at least 3 sources of white, bright, no sound, large beam from rear.C. Exact position observer. (Geographical location. Indoors or outdoors stationary or moving).

From a car on road on A2 around Barham seen all the way to Maidstone/Sittingbourne A249 Junction

D. How observed. (Naked eye, binoculars, other optical device, still or movie camera).

Naked eye

E. Direction in which object was first seen. (A landmark may be more useful than a badly estimated bearing).

Slightly west of Canterbury.

F. Angle of sight. (Estimated heights are unreliable).

30°

G. Distance. (By reference to a known landmark wherever possible).

Barham to Canterbury.

H. Movements. (Changes in E, F, and G may be of more use than estimates of course and speed).Moved from Canterbury to Ashford - no change in height. large beam from rear ~~and~~ reappeared nearer but not at Canterbury.J. Meteorological conditions during observations. (Moving clouds, haze mist etc).

Clouds, visible stars, not windy.

Also seen to move through sky very quickly rather than appear in different places.

K. Nearby objects. (Telephone lines; high voltage lines; reservoir, lake, swamp or marsh; river; high buildings, tall chimneys, steeples, spires, TV or radio masts; airfields; generating plant; factories, pits or other sites with flood-lights or other night lighting).

None of the above, however helicopter seen nearby seemed below object. Helicopter clearly and easily sighted.

L. To whom reported. (Police, military organisations, the press etc).

Reported to Canterbury Police on 29 SEP 93. Lady works for ADSCENE. ATC RAF Manston - this report.

M. Name and address of informant.

Section 40

N. Any background on the informant that may be volunteered.

Section 40

O. Other witnesses.

Section 40

P. Date and time of receipt of report.

1735 29 SEP 93

Additional sighting:- Wed 22 Sep 93 at 22.00-22.03 over Medway Gravesend motionless. Then disappeared.

✓ Call on Friday from a Section 40 (Bristol UFO Research).
 He has info on lots of sightings which he will be sending to
 you next month (when he has finished his report) and he would
 be grateful for your views in due course.

While he was on the phone he mentioned the following:

- 18 Sep - 2205 - Dow Valley Area - Orange glow travelling west
 being followed by a military helicopter.
- 2 Sep - 0100 - from both sides of the Bristol Channel - Bright
 white light being followed by a military jet.
- 4 Sep - 0515 - Cigar shaped object being 'chased' by 6
 RAF etc.
- 23 Sep - 1700 - 3 unusual etc at high level over Bristol
 coming from Filton area.

I didn't ask for any particular details as he will be
 sending the reports in. I said, however, that if you
 had anything on your files which appeared to tie in, you
 would let him know. His phone number is Section 40

REPORT OF AN UNIDENTIFIED FLYING OBJECT

1. Date, time & duration of sighting	Sunday 26 th Sept, 4.55 am
2. Description of object (No of objects, size, shape, colour, brightness, noise)	one object like an eye - black in centre, changing colours (green, red, white) outside
3. Exact position of observer (Indoors/outdoors, stationary/moving)	Outside. Stationary.
4. How observed (Naked eye, binoculars, other optical device, camera or camcorder)	Naked eye, but recorded on security cameras
5. Direction in which object first seen (A landmark may be more useful than a roughly estimated bearing)	Due South
6. Angle of sight (Estimated heights are unreliable)	N/k - believed to be quite high
7. Distance (By reference to a known landmark)	N/k
8. Movements (Changes in 5, 6 & 7 may be of more use than estimates of course and speed)	None
9. Met conditions during observations (Moving clouds, haze, mist etc)	N/k
10. Nearby objects (Telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, TV or radio masts, airfields, generating plant, factories, pits or other sites with floodlights or night lighting)	N/k

11. To whom reported (Police, military, press etc)	Przbl university, various others
12. Name & address of informant	Section 40
13. Background of informant that may be volunteered	EX - forces
14. Other witnesses	2 police sergeants (sceptical)
15. Date and time of receipt	Friday 24 th September
16. Any unusual meteorological conditions	N/k
17. Remarks	Section 40 doesn't want to part with the video at present - I gave him details of UFO groups, and asked him to keep me informed - indicated that I'd be happy to examine video at some stage.

DATE: 4.9.93.

SUBJECT: Report of U.F.O. Received from THE PUBLIC.

- 1) On Friday 27th August 1993 I received a report of a sighting of an Unidentified flying Object from a member of the Public.
- 2) following requirements of Standing Order E4 I report as follows:-
 - a) The sighting occurred at 2215 hrs on 27.08.93 and lasted five minutes.
 - b) The object was described as circular or cylindrical having perimetre lighting which was fluorescent, it was a lone object described only as "large". There was no sound and no colour other than the white from the lighting.
 - c) The object was observed above the Lake of Himley Hall, Himley, Staffs. The observers were both indoors viewing the object through an upstairs window and the object was seen to rise and fall on a Vertical Plane.
 - d) The observations took place with the naked eye - no equipment was used.
 - e) The object was only seen to "Hover" above Himley Hall Lake.
 - f) It was viewed on a level angle
 - g) from a distance of one mile.
 - h) The object moved slowly and was only seen to rise and fall vertically.
 - j) The observations took place on a clear night with high cloud cover.
 - k) The object was near to the Lake at Himley Hall, Himley, Staffs which is surrounded by rural and wooded land.
 - l) Reported to PC Section 40 at Wombourne.
 - m) Informants were Section 40
 - n) o) None.

STANDING ORDER E4

REPORTING OF UNIDENTIFIED FLYING OBJECTS (E:1:1)

National Air Traffic Control Service

1. The Department of Trade and Industry, National Air Traffic Control Services, are required to advise the Military Aeronautical Information Service of all reports of unidentified flying objects and/or similar phenomena coming to their notice. To be of the greatest value, these reports are required in a standard form, giving as much information as possible. When a member of the general public reports such a sighting to the police, it may help them to give the required information if they can be prompted by the correct questions.
2. Set out below is the format to be used as the basis of any notification to the Department of Trade and Industry when any sighting is reported to the police:-
 - (a) Date, time and duration of sighting.
 - (b) Description of object (number of objects, size, shape, colours, brightness, sound, smell, etc.)
 - (c) Exact position observed (geographical location); whether observer was indoors or outdoors; whether the object was stationary or moving.
 - (d) How observed (naked eye, binoculars, other optical device, still or movie camera).
 - (e) Direction in which object was first seen (a landmark may be more useful than a badly estimated bearing).
 - (f) Angle of sight.
 - (g) Distance (by reference to a known landmark wherever possible).
 - (h) Movements (changes in (e), (f) and (g) may be of more use than estimates of course and speed).
 - (j) Meteorological conditions during observations (moving clouds, haze, mist, etc.).
 - (k) Nearby objects (telephone lines, high voltage lines, reservoir, lake or dam, swamp or marsh, river, high buildings, tall chimneys, steeples, spires, T.V. or radio masts, generating plant, factories, pits or other sites with floodlights or other night lighting).
 - (l) Officer to whom reported.
 - (m) Name and address of informant.
 - (n) Any background on the informant that may be volunteered.
 - (o) Other witnesses.
 - (p) Date and time of receipt of report.
 - (q) Is a reply requested?

POLICE took a dim view when the owners of a nightclub tried to light up Buckingham Palace yesterday.

As soon as the men from the trendy Ministry Of Sound tried to project their huge logo on to the royal residence the men from the Home Office turned on their blue lights and stepped in with: "You can't do that, It's against regulations."

Owners of the London nightspot had already parked their mobile halogen-lit projector near the Houses of Parliament and Battersea Power Station, *above*, and used them as backdrops for their spectacular light show.

They pulled the stunt to mark the club's second birthday and its own CD topping the dance chart.

LIGHT SHOW IS OFF BEAM

Police step in to examine the projector
