REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. A **Section 40** rang (work telephone no **Section 40**)  
**Section 40** Last night she saw white bright flashing moving lights in the sky over Burnside, near GLASGOW. The time was 2340 hrs.
2. I explained our role and that we knew of no evidence to support extraterrestrial lifeforms so the most likely explanation was that it could have been several aircraft lights which were nowhere near each other but by a quirk of perspective appeared all in close proximity with one another.
3. I said if there were any sightings in the vicinity reported to us in the coming week we would contact her to let her know. She seem quite happy with this. She was not a "believer", but was just generally interested in case we might know what it was.

**RAF POLICE SITUATION REPORT FOR THE PERIOD  
0800 HRS TUE 14 MAY 96 TO 0759 HRS WED 15 96**

1. For your information, during the reporting period, a number of incidents occurred which were reported to and actioned by the RAF Police, which involved RAF St Mawgan, its property, personnel and environment.
2. Brief details of the incidents are outlined below:

**RAF POLICE**

DOB No  
734/1/96

TIME  
0015hrs

**DETAILS OF OCCURRENCE  
UFO SIGHTING REPORT**

ATT this time the duty PBX operator, SAC **Section 40** telephoned this location, stating that he had a civilian on an exchange line wishing to report a suspicious object that he believed to be a UFO hovering over his property at Tintagel. The person identified himself as **Section 40** of Tintagel. He described the object as being of "enormous size", very bright, triangular in shape with 9 lights down each of it's sides.

**ACTION TAKEN;**

SAC **Section 40** was instructed to tell **Section 40** that as the object was so far away from RAF St Mawgan we were unable to assist him and that if the object was a cause for concern, the only advice that we could offer him was to inform the local police.

**ALSO TO BE NOTED;**

At approx 0110hrs the civilian police at Camborne informed us that they had spoken to **Section 40** regarding the sighting and that he had further reported the sighting to both the National press and the Civil Aviation Authority. Due to possible involvement with the press, Flt Lt **Section 40** was informed.

3. Should you require further information concerning the above incidents, I should be happy to brief you at your convenience.
