**REPORT OF UFO SIGHTING****Call Time:** 070925Z FEB 96**Name/Address:**

Section 40

Telephone:**The Sighting:****Date/Time:** 020805Z FEB 96**Duration:** 1 minute

Description: Was cube-like in shape although the top was bigger than the bottom giving it a 'metal cup cake' appearance. Had reddish glow to it. Was the size of 'several detached houses'

Position of Observer:

Driving northbound on M3, just past the M25 junction. 'UFO' was about two miles away on the right. Seen with naked eye.

Height: First assumption was that it was a warning light on a building or mast so, several hundred feet.

Movement: Hovered for 60 secs then flew eastwards at very high speed.

Weather: Slightly misty with generally low cloud cover.

Reported to Others? No, only work colleagues.

Other Witness: No-one specific although the M3 was very busy so 'someone must have seen something'.

Comment:

Section 40 seemed quite calm and rational about the whole thing and understood that we were only interested from a defence viewpoint. He did mention that he believed a similar sighting was made at Manchester Airport the same day (I didn't tell him that he had misread the reports). Section 40 was particularly interested in whether anyone else had reported the UFO.
