FILE NOTE

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

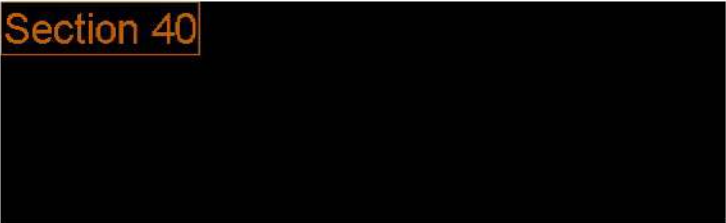

1. Received a telephone call from a Section 40 [REDACTED] Section 40 [REDACTED] She was phoning on behalf of her mother who observed a strange sighting above her house on Wed 5 Jun at 0600 hrs.
2. Her mother lives in the Tottenham area and described the sighting as a big square thing which looked like a spaceship and like a massive chimney. It was dark blue and had 3 flashing lights underneath it. It hovered there for 10 minutes and then disappeared when she went to look for it 10 minutes later.
3. I explained our Defence role and the lack of evidence to support the ET theories, and she accepted this viewpoint. I talked through with her the possibilities and said that if we received any other reports for the area or an explanation came to light we would let her know.
