REPORTED UFO SIGHTING -

Report telephoned to this office at 14.10 on 26 Jun 97 by Section 40  
Section 40, Silloth, Carlisle, Cumbria, Section 40  
Telephone: Section 40.

At aprox 01.00 on the morning of Sunday 22 June, Section 40 and his wife were driving their Land Rover north from Ulverston to Silloth, using the unclassified road over Corney Fell.

Ahead of them, at a height estimated at 1000 feet, they saw three extremely bright lights, one to the left, one to the right and one in front, forming a huge triangle. The lights were of similar brightness to a welding torch and were flickering in an irregular manner. Section 40 described them as being identical to those he saw on a video of unexplained sightings in Scotland seen on a TV documentary on Monday or Tuesday this week.

Section 40, formerly in the army but probably now in retirement, hesitated to make this report lest he be considered a crank, but in view of the proximity of Sellafield (aprox 10 miles NW) he decided to ring and say what he had seen in case of security implications. Section 40 can verify the report. Over to you!

Dear Sir

Further to our Telephone conversation on Sunday 22.6.97 regard to flying object that was seen, as you can see from enclosed sketch this is what my wife and I saw at the times shown. Its only taken just 1/2-2 minutes from first sighting - final sighting. We did not hear any sound from whatever it was, it was descending very fast but much faster in the climb too final sighting.

Yours faithfully

WEEK BEGINNING 16 JUNE 1997**16/06/97**

At 08:26, **Section 40** from the West Midlands Police telephoned to say that he had received a "UFO" report from a member of the public. The sighting occurred at 02:36 on 16 June and was described as solid silver objects seen below cloud level. If the MOD required any further info, we should phone **Section 40**. He did not give the informant's name or area in which the "UFO" was seen.

ACTION: NFA required.

**Section 40** called at 10:56. He said that he saw something in the sky that he first thought was a satellite but it was too bright and a metallic blue/green/yellow light came from it. He went indoors to get his binoculars for a closer look but when he emerged from his house the object was just a speck in the sky. He wondered if we could tell him what it was he saw. His telephone number is **Section 40**.

ACTION: NFA required.

HOAX CALL! **Section 40** telephoned claiming to be the MP for Folkestone & Hythe (real MP - Michael Howard QC) and the MP for Wales, Scotland and the rest of the world. His address is **Section 40**, Folkestone, Kent, **Section 40** tel: **Section 40**. He saw a "UFO" at 3pm on 15 June, 2000 feet over St Clements Court, Folkestone with a sign attached to it saying REAL. He claimed that approximately 1000 people saw the "UFO" and he demanded a report that he could pass on to his constituents.

ACTION: NFA required.

**Section 40** phoned at 12:16 to report a "UFO" he had seen at 2:07am on June 4. He could only describe it as something from somewhere else. It was not an aircraft or a star, it came from the north-west direction of his home, it was 20° from the ground, it was circular with 4 - 5 lights on its perimeter and it travelled in a northerly direction. It disappeared through the cloud before he could waken his wife. His address is **Section 40**, **Section 40** Telford. Tel: **Section 40**.

ACTION: Report held on file 64/2 part E enc 116/1.

**Section 40** [REDACTED] phoned at 12:51 to report a "UFO" she had seen at approximately 2pm on 12 June along the West Sussex/Hampshire border. It was 100 feet high in the sky, which was clear so it was quite close. It was a circular shape and had three lights on it and it moved quite slowly. She would like an explanation if possible but understands that we will probably not contact her.

ACTION: NFA required. A report cannot be made as the location is too vague.

**Section 40** telephoned at 12:22. He stated that in the early evening of 11 June, he was sitting in his living room when a man walked in and layed on his quilt. (**Section 40** sleeps in his living room and the bed is always made up.) The window then went all white and the man on the bed whooshed through the window. **Section 40** telephoned the police who wouldn't come to his house because they thought he was "a nutter", so he phoned Scotland Yard and the Fire Brigade. He wanted the police to see the quilt where the man had layed because the indentation showed that the person just lifted off the quilt without getting up from it in a normal way. **Section 40** stressed that he was not a crank and was not on drugs. He failed to leave an address or phone number.

ACTION: NFA required.

**Section 40** telephoned at 13:54. On 11 June at 11:30pm her and her husband saw strange lights over the Isle of Wight. Her telephone number is **Section 40**. No further details were given.

I was today allocated an enquiry to visit Section 40, a cameraman for Yorkshire Television of Section 40 tel: Section 40. I enclose the initial log for your attention. At 2010 I spoke to Section 40 at his home address, and would say that he is a man of reasonable standing and good education. I interviewed him and recorded the following details in accordance with the action form (also enclosed).

1. Section 40 viewed the object for about 30 seconds before it disappeared behind a tree - he had then to carry on with his filming.
2. There was one object visible to him - a long cylindrical object, extremely bright (brighter than an aircraft with sun reflecting on it) silvery white in colour, no noise, no vapour trail. Section 40 states that he had noticed planes at different altitudes all morning up till the sighting and that this was definitely not an aircraft.
3. Section 40 was filming for Yorkshire Television at Greenwood Farm, Asquith near Otley.
4. He was outdoors.
5. He was stationary.
6. He saw it with the naked eye.
7. It was travelling North to South.
8. Viewed at around 45°.
9. Section 40 suggests that the object was around 20,000 feet.
10. The object moved steadily until his friend Section 40 saw it when it became stationary, hovered and changed colour.

UFO SIGHTING.

To: Attention PC Section 40 Otley Police Station

In accordance with your instruction I have visited Section 40 Greengates, Bradford, at 12.00 hours today, telephone no. Section 40 is employed by Yorkshire Television as a Prop Master, and has worked for them for 26 years. He appears very well educated and articulate. He was interviewed in connection with the UFO sighting on Monday 9th June 1997 at approximately 11.00 hours, with details recorded in accordance with the action form.

- 1 In all, it was viewed by Section 40 between 2 and 3 minutes. After first observation, the object moved behind a tree, which was obstructing his view. He then moved, when the object did not pass the other side of the tree. The object was stationary behind the tree, changing colour from silver to blue, and then back to silver.
- 2 There was only one object visible. It was a long cigar/oval shaped. It was a dark grey/silver colour, when moving. When it was stationary behind the tree, the silvery colour became bright, then changed to blue, and then back to silver. No sound or smell, or any vapour trail.
- 3 Section 40 was working for Yorkshire T.V. filming at Askwith near Otley, he knows the location as Section 40 house.
- 4 He was outdoors.
- 5 Stationary when first seen. He was moving when the object went behind the tree out of his sight.
- 6 Naked eye. No camera shots of the object were taken.
- 7 Not sure, but Section 40 said North to South direction.
- 8 Viewed at 45°.

At 09:11, **Section 40** telephoned to report an unusual sight in the sky above her home, which is in Suffolk. At 11:55pm on 29/05/97, she saw 10 - 20 objects that were very far off. She looked through binoculars and saw that the objects were flashing red, orange and green like traffic lights. The objects were stationary and silent. **Section 40** her husband and her daughter (aged 27) saw the lights until 1:30am. She phoned RAF Mildenhall and they told her they had no military aircraft in the sky that could account for the sighting, and there were no exercises going on that they were aware of. **Section 40** also contacted Ipswich Police who said that no other "UFO" reports had been made. She wondered if we could tell her what the lights in the sky were. She left her telephone number but not her address. Tel: **Section 40**

A known caller to this office, **Section 40** left a message as follows:

"OK, **Section 40**, if I was you I'd check out the RAF codes where flight 103 is. You'll find a subterranean base where a crashed UFO is. Two people died because they witnessed this. Also, I feel more than happy for you to send the men in black round to kill me 'cause I don't give a s\*\*t. Thank you. Goodbye."

ON FLIGHT **Section 40**, Dub - AMS cruising at FL 370 and cleared direct to GOLF POSITION when we both noticed an unusual contrail on our left hand side NW. also heading in towards GOLF. We asked ATC 131.05 if this A/C was military as the trails appeared as if rolls or unusual flying was being carried out in the enroute area at our level. They had no knowledge or indication of this A/C. We were in smooth conditions VMC. The wind was 310/30 [TIME 1026Z] Approaching GOLF we entered and felt the wake of his trail, and then the wake paralleled our track at FL 370, heading  $\pm 100$  DEG, TRACK GOLF/BLUFA, approx 20-30 yards to our right. Further information requests from ATC about the A/C which appeared to descend / turn and accelerate away from us and on approaching the Dutch Boundary it faded into the distance. I requested if the Dutch had seen any A/C in their area which they had not. London ATC again made contact and confirm that their military had no A/C in the area and now wish to investigate the incident with this report to be sent to MILITARY SUPERVISOR, DISTRESS & DIVERSION CELL RAF.

**"UNIDENTIFIED" AIRCRAFT REPORT BY AER LINGUS CREW - 18 APR 97**

1. As agreed in recent exchanges of correspondence concerning "UFO" policy, Sec(AS) is under remit to forward any "unidentified" aerial activity reports received by credible witnesses to you.
2. Attached please find a copy of a report (which we only received this week) of an unidentified aircraft made by the crew of an Aer Lingus flight from Dublin to Amsterdam on Friday 18 April. On the face of it this would appear to be a flight safety issue and one on which the CAA would have the lead.
3. As yet we have received no enquiries from members of the public about this matter, but should there be anything in this of particular interest to either of you then I should be grateful if you would keep Sec(AS) in the picture.

ON FLIGHT **Section 40**, Dub - AMS cruising at FL 370 and cleared direct to GOLF POSITION when we both noticed an unusual contrail on our left hand side NNR... also heading in towards GOLF. We asked ATC 13105 if this A/C was military as the trails appeared as if rolls or unusual flying was being carried out in the runway and at our level. They had no knowledge or indication of this A/C. We were in smooth conditions. VMC. The wind was 310/30 [TIME 1026Z] Approaching GOLF we entered and felt the wake of this trail, and then the wake paralleled our track at FL 370, heading  $\pm 100$  DEG, TOWARD GOLF/BLUFA, approx 20-30 yards to our right. Further information requests from ATC about the A/C which appeared to descend / turn and accelerate away from us and on approaching the Dutch Boundary it faded into the distance. I requested if the Dutch had seen any A/C in their area which they had not. London ATC again made contact and confirm that their military had no A/C in the area and now wish to investigate the incident with this report to be sent to MILITARY SUPERVISOR, DISTRESS & DIVERSION CTR. Sqn Ldr [Section 40] from Boscombe Down [Section 40] phoned to say he had received a report from a [Section 40]. He gave brief details. I phoned [Section 40] for a fuller picture and [Section 40] home address. She saw a saucer shaped object over the trees in her back garden at 2145 on 11 April. It was silent, hovering, it had red, green and blue lights on it and her four children saw it too. Her address is: [Section 40] Ferndown, Dorset. Tel: [Section 40]

ACTION: NFA

**16/04/97**

Sqn Ldr [Section 40], CRO Honnington, rang and spoke to KP. In accordance with standing instructions a Junior Technician [Section 40] reported to him that at 2110Z on Tue 11 March he saw something he thought he ought to report.

A mile to two from Honnington he saw a light fly across the sky like a flashing camera 200 ft off the ground and it was followed 30 seconds later by a low flying jet.

Discussion with the CRO concluded it was most likely two aircraft and he did not see the first aircraft clearly. No concerns raised by CRO, just thought it ought to be highlighted for the record.

ACTION: NFA.

WEEK BEGINNING 1 APRIL 1997**01/04/97**

**Section 40** phoned at 11:16 to report a sighting. On 31/03/97 at 10pm she and her partner, **Section 40**, saw lights in the sky which were white then turned green, red and blue. They stayed in one position for a while then moved from left to right. In an hour they had moved across the sky. There were planes in the sky at the time but she didn't think it was a plane or a helicopter as it hovered in the same place for so long. Her address is: **Section 40** **Section 40** Didcot, Oxford. Tel: **Section 40**

ACTION: Report held on file 64/2 part E enc 70

**Section 40** telephoned at 11:56 to report a sighting on behalf of her daughter. At 11:45pm on 31/03/97, she saw an object in the sky with pieces of fire coming from it. It was heading towards two petrol stations and she and the 12 other witnesses thought it was going to crash into the garages. It wasn't the comet as she could see that in the sky at the same time. She thought it might have been a military aircraft in some sort of trouble. Her address is: **Section 40** Hemel Hempstead, Hertfordshire. Tel: **Section 40**

ACTION: Wrote to **Section 40** informing her that there were no military aircraft accidents or incidents that could have accounted for the sighting. See file 64/3 part I enc 33 for reply and file 64/2 part E enc 71/1 for copy of "UFO" report.

A switchboard operator telephoned at approximately 11:00am and said that she had **Section 40** on the line. She felt that she couldn't put him onto the answerphone as he is an educated person and he wanted to speak to someone, not leave a message. I asked her to put him through to the answerphone and no other number as we do not make exceptions for anyone. At approximately 2pm, the same switchboard operator phoned and said that **Section 40** was on the line again. He told the operator that he had left his details on the answerphone and no-one had phoned him back yet. He had not left any message at all on the answerphone.

**Section 40** Gp Capt **Section 40** from Abbey Wood phoned at 10:42. He had seen **Section 40** **Section 40** name linked to a "UFO" document/article and needed to get in touch with **Section 40** regarding a different matter. Gp Capt **Section 40** left his number **Section 40** and I telephoned him and passed on **Section 40** extension.
