checked with Section 40, Sec(AS)1A. He is not aware of any military aircraft crashes or air incidents that could account for this sighting. Hardly any military flying is carried out on bank holidays.

1. Three objects (lights) orange/red in colour with no distinctive shape about 500 yards apart of each other.
2. He was in the back garden of his address, **Section 40** facing the North West, when the objects in unison moved from left to right in a South to North direction at speed.
3. The objects were observed for 2-3 seconds with the naked eye.
4. The actual address is described as being above the old Town Hall in Burslem, Grid Reference **Section 40**
5. Objects were observed at an angle of 65 to 75 Deg with the objects being just above what little cloud there was and as stated only moving from left to right.
6. **Section 40** states it was a clear night with good visibility and the odd cloud patch.
7. No lights were illuminated from the Port Vale Ground, with no other possible explanations. The lights from Silverdale Colliery can not be seen and there are no major high buildings or radio mast or aerials within **Section 40** line of sight.

WEEK BEGINNING 17 MARCH 1997

17/03/97

Section 40 [redacted] phoned at 10:16. She runs a UFO group in Southend, Essex and has received some information that she believes to be defence related. She stated that in the area of Machrihanish (Mull of Kintyre), the Aurora has been seen taking off, and black triangle shaped aircraft with glowing engines have been spotted which has resulted in people submitting UFO sighting reports. She also stated that stealth pilots have information projected onto the retina of their eye and can control their planes with their thoughts when wearing a special helmet. She wants the MOD to telephone her as soon as possible on **Section 40** [redacted] so she knows "which avenue to go down".

ACTION: **Section 40** [redacted] Sec(AS)1, is aware of activity at Machrihanish and advised us to contact **Section 40** [redacted] and ask her to write to Sec(AS)1 with her concerns. Sec(AS)1 will then reply to her directly.

At 14:43 **Section 40** [redacted] from the Stroud Journal newspaper telephoned. He has received reports of a large saucer shaped object with blue flashing lights around the side seen over Hampton Common on Friday evening (14/03/97). He would like us to tell him if there was any activity over the Common so he can pass this information onto his readers. If we contact him he will give us the name of the person(s) who made the report. Tel: **Section 40** [redacted]

ACTION: Phoned **Section 40** [redacted] DPO and asked him to telephone **Section 40** [redacted] and explain MOD's role, explain that we do not provide an aerial identification service and that the MOD did not receive any other reports for 14 March.

19/3/97

A man phoned at 10:28 but did not leave his name. He said that at 8:40 this morning he saw a small object moving in a very strange way over Birmingham Airport. He reported it to Birmingham Airport at 9:00 and he saw the Red Arrows fly over at 9:30 but they would not have accounted for his sighting. He invited us to call him on **Section 40** [redacted] if we wished to do so.

ACTION: Report held on file 64/2 pt E enc 61
NFA required.

20/03/97

Section 40 [redacted] from Fife telephoned at 9:39. Since 1979 he has followed "events" in central Scotland and since 1995 he has passed information onto the Central Scotland Police Office. He told them

that, based on his past findings, a UFO was due to land on 14 September 1996 and that they should pass on any reported sightings that came in for 14 Sept or 7 days after that date. He heard nothing from them but has found out that two women saw a UFO on 25 September 1996 a mile away from the spot he predicted one would land. He found this so amazing that he wanted to let the MOD know and invited us to phone him or **Section 40** if we wished to do so.

ACTION: NFA required. 

Section 40 phoned at 3:16pm to report a UFO. He came home from work at 4am and saw a large lit up blue triangle shaped craft over his back garden. It was silent, was about 200ft in length and was lit up at each corner. Dogs in the area were barking which he said was unusual. The object was hovering about 300-400ft in the air, then it shot off and disappeared. It left a silky white substance on the tree tops, and he has got some of this in a jar at home. The total sighting lasted for about 3 minutes. **Section 40** lives in **Section 40** Birmingham and his telephone number is **Section 40**

ACTION: Report held on file 64/2 pt E enc 60
NFA required.

21/03/97

A female phoned at 1:44 to report a sighting seen above Newmarket. She said she would phone back later to give more details like the time and her address.

I am the above named person and I live at the address and my wife and family.

At 7pm on Sunday the 9th of February 1997 I was at the rear of my house that overlooks

Section 40 I was with my two daughters.

Something caught my eye in the sky so I looked up and saw a blue (in colour) object spherical in shape with blurred edges and a more prominent solid blue colour in the centre.

The object moved from the direction of the railway over our house towards Moss Hill in a southerly direction.

What amazed me was the speed of the object it flashed overhead. I had it in sight for no more than two seconds, the object made no sound whatsoever.

I saw this object with my naked eye. I would estimate that the object was not less than 1000' up. I judged this with the height of the mill and the surrounding hills.

At the time the weather was fine it was good clear visibility. As far as I

- Q You have reported seeing an unidentified flying object (UFO) to the police, when was that?
- R That was whilst I was on Dewsbury Road, Beeston area of Leeds. I was walking away from the City Centre on the right hand side of the road just prior to walking over the motorway bridge at the beginning of Dewsbury Road.
- Q What was the time and date of this sighting?
- R It was at about 08-30 am or between then and 08-45 am on Wednesday 5th February 1997.
- Q How long did you observe the object for?
- R About five seconds.
- Q Can you describe the object?
- R There was one object which was spherical in shape and silver in colour. The object was shiny and bright and appeared to be the size of a five pence piece.
- Q Where were you stood?
- R I was on foot walking as described above and on seeing the object situated at a '2 o'clock' position in front of me I came to a stop and continued to observe the object.
- Q Did you see it with your naked eye only?
- R Yes that's all.
- Q What kind of angle of elevation was it at?
- R About 30°

- Q How far away was the object from you
 R That's difficult but it felt like it was under a mile away.
- Q Did the UFO move
 R There was no movement, it remained steady without changing in size before it just disappeared.
- Q What was the weather like
 R It was a clear sky, there were clouds further above it, but where it was it was absolutely clear, it couldn't have gone behind a cloud.
- Q Were there any nearby structures
 R Nothing at all, nothing to reflect from.
- Q Were you alone or not?
 R I was on my own.
- Q Have you received any press enquiries about this incident
 R No.
- Q Do you aircraft - spot - or have any sort interests
 R No, but I do like a bit and my attention is often upwards if you know what I mean. I do have an interest in this kind of thing but I'm not wanting to see something. I'm not trying to waste your time I was just on my way to a job interview. I'm surprised it's got this far.
- Q Do you wear glasses
 R Yes, but not all the time, just for driving.
- Q Were you wearing them at the time
 R No.

Section 40 WAS DRIVING FROM K. LYNN TO WATLINGTON "THE BACK WAY" WHEN HE SAW THE LIGHTS. CURIOUS, BECAUSE THE LIGHTS WERE SO BRIGHT, HE STOPPED HIS CAR AND INITIALLY WOUND DOWN HIS WINDOW. THERE WAS NO NOISE SO HE SWITCHED HIS LIGHTS OFF + ENGINE OFF AND GOT OUT OF THE CAR. SILENCE. THEN THE BRIGHT WHITE LIGHTS WENT OUT LEAVING THE GREEN + RED LIGHTS.

Section 40 WAS DISTURBED + GOT STRAIGHT IN HIS CAR + DROVE HOME.

Section 40 SOUNDED QUITE A NORMAL GUY AND WAS OBVIOUSLY UPSET BY WHAT SEEMED, TO HIM, SOMETHING V. UNUSUAL.

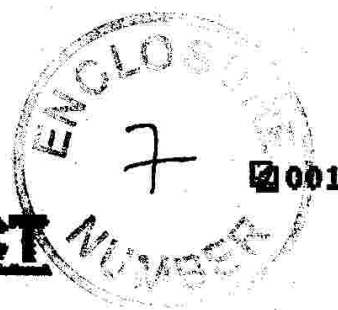

I EXPLAINED THAT IT COULD HAVE BEEN OUR NIGHT FLYING AIRCRAFT, THE BRIGHT LIGHTS THE LANDING LIGHTS WHICH WERE SWITCHED OFF AFTER THE AIRCRAFT HAD MADE ITS APPROACH. THE LIGHTS WERE STATIONARY AS THE AIRCRAFT FLEW "TOWARDS" (ISH) HIM. THE LIGHTS WERE V. BRIGHT IN A V. DARK STARY SKY AND APPEARED MUCH CLOSER THAN THEY ACTUALLY WERE, HENCE NO NOISE. (RUNWAY 24 IN USE)
