REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	(Seen every day for about the past two weeks). 23.00L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	An exceedingly bright light, which is stationary, but sometimes flies off.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Near Boscombe Down in Wiltshire.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Over Boscombe Down.
6.	Approximate distance.	Quite far in the distance. Then moved up to three to four thousand feet in the sky, and stayed there.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Sometimes the light would fly off at fast speed across the sky, then come back and remain stationary again.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Quite clear.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 150px; height: 60px; margin-bottom: 5px;"></div> Salisbury Wiltshire <div style="background-color: black; width: 120px; height: 40px; margin-top: 5px;"></div>
11.	Other witnesses.	Not given.
12.	Remarks.	<div style="background-color: black; width: 80px; height: 15px; display: inline-block;"></div> said he has seen the light every night for about the past two weeks. Is very curious to what it could be? It only flies off sometimes. Mainly remains stationary and usually every time it is spotted, it is usually around 11pm.
13.	Date and time of receipt.	4 April 2007 10.30L

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 29 March 2007, the details of which you passed to RAF Waddington. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 29 March 2007 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

txtrequest: I'd like to report a sighting but I know who to report to..I know this may sound really really stupid, and I find it really hard to believe my self, but I think I saw a flying object of some sort passing across the sky. It was during the luna eclips so I was looking at the sky and I look away from the moon, straigh up at the sky and caught the glimps of a curved diamond shaped object pass over head directly heading north. At firth I thought maybe it was a satalite, but it was too low to be a salalite and it also appeared to go much to fast, also I have seen salalites pass overhead and they seem to stay directly on the same path, where as this object went straigh then vered left and then vierd right back onto its original course it was taking. I think thought it might have been a bird but it was much too fast and appeared to be too high and too large to be a bird. I dont exactly know the hight of it but it appear like a a brown shade like a curvey diamond, it had !
no lights on it , and it made no sound , it appeared to be travelling fast and was literally quickly moving my head round to follow the object. I have no idea if it was a plane , or bird or satalite, but it as I explained it did not appear to be a bird or satalite.

Dear [REDACTED]

I am writing concerning your letter dated 3 February 2007.

Thank you for the details of the sighting, they will be logged and filed.

With regards to the sighting in Archway, N19 on 1 February 2007, of 12-15 orange balls of light, I informed you in a previous letter dated 5 February 2007, that we received no other reports of this specific sighting you informed us of. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Finally, we can not tell you if the sightings were attributed to fragments of a comet, or if any radar system tracked them, as we do not investigate into UFO sightings.

Sorry, I can not be any help.

Yours sincerely

Dear Sir/Madam

I am writing to you regarding multi witness sighting
of 12 to 15 orange balls of ~~Islington~~, London.
light, seen at Archway N19, on 01 02 2007 at 17:25 to 17:35. They
moved across the sky not to
quickly, stopped, moved on then deminished, faded away or moved
upwards.

Can you please supply me with the following
information CAN YOU CONFIRM THAT

1. You received reports of the above sightings, if so how many? *None*
2. The objects were tracked on radar {Heathrow airport or any other
radar system.
3. The sightings were attributed to fragments of a comet.

I hope this request does not cause you any inconvenience, I await
your reply.

Yours Faithfully

[REDACTED]

Within an FOI request, [REDACTED] told us he witnessed a UFO, in 1993. Thought he would inform us of it now.

March 1993 at 01:00 in Bromley, Kent.

A laser beam, a long, thin beam of green light pierced the night sky. A burning mass then emerged through the gloom of the clouds.

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen in 2007, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can't confirm whether we received any other reports of 'UFO' sightings on the day you saw the 'UFO', as you did not forward this office on the answerphone, a specific date or time of the sighting. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	(Date and time not given).
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	A round object, with white lights. The object also seemed to be changing colours.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The object was seen over Hull.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	The object was moving in right angles. Was making bizarre shapes, and moving rapidly.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 150px; height: 20px; margin-bottom: 5px;"></div> Hull Humberside
11.	Other witnesses.	Not given.
12.	Remarks.	<div style="background-color: black; width: 100px; height: 15px; display: inline-block;"></div> said that this object was definitely not an aircraft. That it was moving in ways that a plane can not do. Was wondering if we could shed some light on the situation and perhaps ring him back, so that he could give us more details of his sighting.
13.	Date and time of receipt.	5 February 2007 10.45L

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 16 January 2007, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

I apologise if your address is wrong in any way. It can be hard to get a clear message off our answerphone.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 16 January 2007 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours truly

Yours sincerely

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	16 January 2007 20.45L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	Ball of light that faded away, then came back again. Then there was an orange ball on the right hand side of the vehicle. Then three red lights were seen afterwards, moving clockwise.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	[REDACTED] was travelling in his lorry on a road.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Over Llanpumsaint in Mid-Wales.
6.	Approximate distance.	The ball of light seemed to be overhead. The orange ball stayed stationary for a while. The three red lights were quite far in the distance.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	The ball of light had faded. The orange ball stayed there for quite a while. The three red lights were moving very fast from left to right. There was erratic movement and they were then moving in a circular motion.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Dark but not many clouds around.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 150px; height: 40px; margin-bottom: 5px;"></div> Carmarthen Mid-Wales <div style="background-color: black; width: 100px; height: 15px; margin-top: 5px;"></div>
11.	Other witnesses.	None, as <div style="background-color: black; width: 80px; height: 15px; display: inline-block;"></div> said he was on his own in the lorry.
12.	Remarks.	<div style="background-color: black; width: 80px; height: 15px; display: inline-block;"></div> said that after the three red lights, can't be sure, but said there may have been a series of other lights in the distance, that were erratic too. He has asked if the MOD had any operations in that particular area of Wales? Said that he thought it was quite scary seeing all these unknown things in the sky!!
13.	Date and time of receipt.	17 January 2007 14.30L

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	(Seen sometime in December 2006). (No time given).
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	Just said that he saw a UFO.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Not given.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 150px; height: 1.2em; margin-bottom: 5px;"></div> No address given. <div style="background-color: black; width: 140px; height: 1.2em; margin-top: 10px;"></div>
11.	Other witnesses.	Not given.
12.	Remarks.	<div style="background-color: black; width: 80px; height: 1.2em; display: inline-block;"></div> said that he wanted to speak to someone about the UFO, just to give us more details and describe what it was like.
13.	Date and time of receipt.	5 January 2007 11.30L

HUNSTANTON

NORFOLK

1<sup>st</sup> Jan 2007

Dear Sir,

I'm writting to see if you could advise or help in any way.

I'm experiencing smell/fumes from a plane and burning, I have burns to my scalp and blister and burns to my skin.

I have been intouch with my local R.A.F and also airport, they were both very helpfull, and put me intouch with Head of civil aviation authority London.

They explained that Hunstanton is outside the controlled airspace, but also stated that pilots must comply with the rules of the air, and any personal licence, I was also told only a military tipo of plane could do this, it is happening day & night. It has been confirmed this is nothing to do with military in Norfolk.

I'm not the only one to experience this, the smell/fumes went into the face of a visiting nurse and also on Sat 30<sup>th</sup> Dec my 15 year old granddaughter.

I can describe the plane, possible two, and it is possible Satellites are involved

The plane is as follows:

Silver in colour, has a oblong light under the plane, can hover in the sky, and makes very little noise even when flying.

Fax from : [REDACTED]

10/01/07 10:06 Pg: 3

2  
Can be heard Hovering around my property during the night. (I've nicknamed it Heliplane)

It can go high into the sky, you can see the light, and what appears to look like a cloud of dust coming down from this.

It comes over the Wash and appears to come from the Lincolnshire area.

I have also been advised to write to the Ministry of Defence, but as yet have not done so.

I would be grateful if you could advise or help in this matter.

Look forward to hearing from you.

Your faithfully

**To:** [REDACTED]  
**Subject:** Internet-Authorised: UFO Sighting.

Dear [REDACTED]

I am writing with reference to your report of objects seen in the sky, the details of which you e.mailed to the das-ufo-office address. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs'.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

With regard your daughter's particular observation of the 9 objects and the photograph that was taken by her, I can confirm that we received no other reports of 'UFO' sightings for 3 January 2007 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen in December 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can't confirm whether we received any other reports of 'UFO' sightings on the day you saw the 'UFO', as you did not forward this office on the answerphone, a specific date or time of the sighting. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 31 December 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received two other 'UFO' sightings for 31 December 2006, and one was from Dorset, but the other witness did not inform us of the area. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Dear [REDACTED] 40

I am writing with reference to your report of an 'unidentified flying object', seen on 31 December 2006, the details of which you passed to ATC. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received two other reports of 'UFO' sightings for 31 December 2006, and one was from Maidstone, Kent, but the other witness did not inform us of the area. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 11 December 2006, the details of which you e.mailed to the Minister's Office. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received one other report of a 'UFO' sighting for 11 December 2006, and that was from Plymouth, Devon. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

the Department has received the attached correspondence from a member of the public, which this office has neither retained nor acknowledged. Please send a reply on behalf of the PM/Minister/Department.

Ministers attach great importance to correspondence being answered promptly, and your reply should be sent **within 15 working days of the date of this message**. If, exceptionally, this should prove impossible, an interim reply should be sent within the same timescale. You should be aware that No 10 periodically calls for a sample of letters sent by officials on the PM's behalf for his perusal.

Most correspondence involves some form of request for information - even if it is only a request for clarification of Government policy - and is therefore covered by the Freedom of Information Act (FOIA) from January 2005. In general, if you meet the deadline for responding to correspondence, and comply with any requests for information, there is no need to do anything differently as this will meet the requirements of the Act. However, if the correspondence requests information which is not already in the public domain, and which might need to be withheld, then you should treat it as a FOIA request, track it using the Access to Information toolkit, and comply with the separate FOI guidance from DG Info (see <http://aitportal/default.aspx> for details). However, the deadline for responding to correspondence will still apply. If you are in any doubt as to whether a piece of correspondence should be treated as an FOIA request, you should ask your FOI Focal Point or refer to the guidance produced by DG Info.

**It is important that branches ensure they have simple systems to track correspondence received from members of the public, though the Parliamentary**

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 6 November 2006, the details of which you wrote to the Minister's Office. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 6 November 2006 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

CAMBS

Dear Sir/ madam,

I've had another sighting of flying saucers ufo's here in this Back garden, I last wrote to you I think last year about my previous sighting in Eye Village "1990" when I lived there with my husband & our Jack Russell dog, this one I saw with Binoculars Well it was not one But about 10 to 15 of them fairly high up white "something like shells" with Pale Pink in the middle, all flying at the same speed in formation in a line fairly fast but not too fast anyway I was able to get a look at them no wings so not planes not Birds & I'm sure not Balloons they seemed to be well intelligently controlled I'd say, the sighting was a month ago Monday morning 11 20 AM on the 6<sup>th</sup> November 06, a clear sunny morning hardly a cloud in the sky. Possible Scout SHIPS? I know you know these things exist, I also know you don't have the complete answer nor do I, But I felt I needed to Report it my second sighting in 16 years, my first was 5 miles away when I lived in Eye.

yours very sincerely!

cc - S. S. S. S.

As such

PTD →

PS

I reported it to the Peterborough Police here at Thorpe Wood Police station. A woman did record me said contact SETI on Internet, I don't have computer, my daughter has the internet she searched but no sighting she could find, nothing in local Paper I don't think? my Police contact number I think was 208 on 6<sup>th</sup> November. Hope this helps you, obviously something's going on.

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 11 December 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 11 December 2006 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

[REDACTED]

Dear [REDACTED] 40

I am writing with reference to your report of an 'unidentified flying object', seen in 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can't confirm whether we received any other 'UFO' sightings on the day you saw the 'UFO', as you did not forward this office on the answerphone, a specific date or time of the sighting. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

[REDACTED]

**REPORT OF AN UNEXPLAINED AERIAL SIGHTING**

|    |                                                                                                                        |                                                                          |
|----|------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| 1. | <b>Date and time of sighting.</b><br>(Duration of sighting.)                                                           | (Date and time not given).                                               |

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 25 November 2006, the details of which you passed to the Minister's Office. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 25 November 2006 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

The Rt Hon Des Browne MP has received the attached correspondence from a member of the public, which this office has neither retained nor acknowledged. Please send a reply on behalf of the PM/Minister/Department.

Ministers attach great importance to correspondence being answered promptly, and your reply should be sent **within 15 working days of the date of this message**. If, exceptionally, this should prove impossible, an interim reply should be sent within the same timescale. You should be aware that No 10 periodically calls for a sample of letters sent by officials on the PM's behalf for his perusal.

Most correspondence involves some form of request for information - even if it is only a request for clarification of Government policy - and is therefore covered by the Freedom of Information Act (FOIA) from January 2005. In general, if you meet the deadline for responding to correspondence, and comply with any requests for information, there is no need to do anything differently as this will meet the requirements of the Act. However, if the correspondence requests information which is not already in the public domain, and which might need to be withheld, then you should treat it as a FOIA request, track it using the Access to Information toolkit, and comply with the separate FOI guidance from DG Info (see <http://aitportal/default.aspx> for details). However, the deadline for responding to correspondence will still apply. If you are in any doubt as to whether a piece of correspondence should be treated as an FOIA request, you should ask your FOI Focal Point or refer to the guidance produced by DG Info.

**It is important that branches ensure they have simple systems to track correspondence received from members of the public, though the Parliamentary Toolkit will now record the basic details. Once a response has been sent, therefore, can you please notify the Ministerial Correspondence Unit (preferably via [Ministerial-Correspondence@mod.uk](mailto:Ministerial-Correspondence@mod.uk)) of the date of your reply so that the record can be closed on the Toolkit.**
