Subject: Banbury UFO sighting 1

Hi [REDACTED]

Was given your email by a colleague in the MoD press office.

We have received reports of a UFO from a reader which he captured on his cam-corder at about 7pm on Thursday June 8.
The object was visible for about eight minutes and is described as slowly moving up into the sky at an angle. He was stood in Banbury and saw the object to the southeast (Brackley direction).

Was wondering if:

- you can identify the object from the pics (see below)
- what military activity there is in the area which could possible explain it (saw a news article on the TV the other day about an Apache helecopter which did look a bit like this)
- if Upper Heyford airbase (which is in that direction) is ever used for military activity (I believe it was is supposed to have been closed)
- you could give us a general comment about the regularity of UFO sightings, particularly in this area, and how the majority of sightings are explained/resolved (if indeed they are?). Plus historica data e.g. are sightings becoming less or more common?

We're on deadline today so if you could get back to me before 5.30pm that would be great, or if you can't, can you let me know please?

We have four images which I'll send you on separate emails.

Thanks

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen in 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can't confirm whether we received any other reports of 'UFO' sightings on the day you saw the 'UFO', as you did not forward this office on the answerphone, a specific date or time of the sighting. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

[REDACTED]

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	(Date and time not given).
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	The object was disc shaped with four different colours – blue, green, white and orange.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	The witnesses were outside in a field, waiting to be picked up, after attending a music festival.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Over a field in, Llanfyllin, where the music festival was held.
6.	Approximate distance.	A few hundred feet up in the air.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	The object was moving up and down in the sky and moving quite slowly.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Dusky but clear, as it was evening time.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 150px; height: 20px; margin-bottom: 5px;"></div> Churchstoke Powys <div style="background-color: black; width: 80px; height: 15px; margin-bottom: 5px;"></div> <div style="background-color: black; width: 100px; height: 15px; margin-bottom: 5px;"></div>
11.	Other witnesses.	<div style="background-color: black; width: 100px; height: 15px; display: inline-block;"></div> girlfriend.
12.	Remarks.	<div style="background-color: black; width: 100px; height: 15px; display: inline-block;"></div> said that the sighting was quite odd. How could a disc move slowly up and down in the sky? Was that possible? He felt he had to let someone know of his sighting. Was the weirdest thing he had ever seen. Said they couldn't take their eyes off it, like you were glued to the lights.
13.	Date and time of receipt.	3 July 2006 10.45L

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 26 June 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

I enquired as to if there were any military aircraft in the vicinity of where you had the sighting between the times you stated and have been informed that, if authorised, helicopters and Hercules can fly through the night. Also, for the last few weeks, there has been a lot of low flying training by military aircraft over the county of Suffolk.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 26 June 2006 from anywhere in the UK. We are satisfied that there is no

● corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	17 th June 2006 21.45 Local
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	5 Orange balls of light, going over one at a time at about 10/15 minute intervals. Started as Orange/white ball with a halo around and then turned red/orange. About the size of a tennis ball or twice as big as the space station looks. Caller knows it was not the space station as he saw this later in the evening. When he looked through binoculars it looked like it had a parachute attached.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Outdoors
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	Binoculars. Also took some digital photographs.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Appeared above the horizon then went directly over the house South to North.
6.	Approximate distance.	8000 – 10000 feet
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Travelling about the speed of a Hercules (250 Knots).
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given

9.	To whom reported. (Police, military, press etc)	Coastguard who gave him DAS number. Someone from the Coastguard visited [REDACTED] because he kept calling them. Coastguard did not know what it was.
10.	Name, address and telephone no of informant.	[REDACTED] Broadstairs Kent [REDACTED] Telephone: [REDACTED]
11.	Other witnesses.	None mentioned
12.	Remarks.	Informant is an Ex RAF Squadron Leader. He was a Hercules Navigator.
13.	Date and time of receipt.	19 th June 2006 10.30 Local Time

(Enclosures -
E22 + E23).

[REDACTED] 0

I have received two UFO reports today. One was left on our answerphone over the weekend by Blackpool ATC and the other came from a telephone call this morning. Blackpool ATC apparently also received about 6 other calls but only took the details of this one. Although one of these reports is from Blackpool and the other from Broadstairs, they both describe similar things within a few hours of each other so may be connected. The Broadstairs report is from an ex Sqdn Ldr, Hercules navigator.

I would be grateful if you could let me know whether you think these are of any defence interest.

Regards

12.	Remarks.	<div style="background-color: black; width: 100px; height: 15px; display: inline-block;"></div> said that he is no nutcase and that he doesn't subscribe to UFO magazines either, was just flabbergasted at what he saw in the sky, as he has never seen anything like that before.
13.	Date and time of receipt.	15 June 2006 14.40L

Dear Sir

I am writing with reference to your report of an 'unidentified flying object', that you saw above your home, the details of which were passed to this Department. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs'.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, what you saw could have been due to remnants of a fire that was in a Manchester Warehouse, although you haven't given this office a date or time of your sighting, to see if the dates match up, but then that is only a theory. Also, I can't confirm whether we received any other 'UFO' sightings on the day you saw the 'UFO' as you did not forward this office in your e.mail, a specific date or time of the sighting. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be more helpful.

Yours sincerely

**** TO BE GIVEN A HIGH PRIORITY ****

The Prime Minister/SofS/Min(AF)/Min(DP)/USofS/MOD* has received the attached correspondence from a member of the public, which this office has neither retained nor acknowledged. Please send a reply on behalf of the PM/Minister/Department*.

Ministers attach great importance to correspondence being answered promptly, and your reply should be sent **within 15 working days of the above date**. If, exceptionally, this should prove impossible, an interim reply should be sent within the same timescale. You should be aware that No 10 periodically calls for a sample of letters sent by officials on the PM's behalf for his perusal.

Most correspondence involves some form of request for information – even if it is only a request for clarification of Government policy – and is therefore covered by the Freedom of Information Act (FOIA) from January 2005. In general, if you meet the deadline for responding to correspondence, and comply with any requests for information, there is no need to do anything differently as this will meet the requirements of the Act. However, if the correspondence requests information which is not already in the public domain, and which might need to be withheld, then you should treat it as a FOIA request, track it using the Access to Information toolkit, and comply with the separate FOI guidance from DG Info (see <http://aitportal/default.aspx> for details). However, the deadline for responding to correspondence will still apply. If you are in any doubt as to whether a piece of correspondence should be treated as an FOIA request, you should ask your FOI Focal Point or refer to the guidance produced by DG Info.

It is vital that branches ensure they have simple systems to record and track correspondence received from members of the public. This information should be regularly monitored and reviewed against the targets for answering correspondence published in the Spending Review 2000 Service Delivery Agreement for the Ministry of Defence.

As part of our monitoring procedure, random spot checks on the accuracy of your branch records on correspondence will be performed throughout the year.

txtCountry: England

txtComments: Dear Sir/Madam,
Could you please assist us further relating to an UFO sighting above our home.
ADDRESS: [redacted] St-Helens, Merseyside [redacted]
We contacted the merseyside police who informed us that they had received calls from the Wirral and Huyton. We do not believe in Aliens, however, this ball of light was very, very unusual. It looked like a sphere on fire, like a comet without its tail. It had a circular light glowing in front of it, orange, yellow. It made no noise. It darted all over the sky, up into the clouds and back, and had passed very close to our home, lower than normal aircraft. It then shot into the clouds, turned black, free-fell and shot off towards Liverpool out of sight, (East Lancs). Our digital camera would not work at first, but once it passed our home we managed to obtain a photograph. The man in the Wirral thought somebody had crashed, the police said he reported seeing the ball of light that turned black, he thought somebody had crashed and went to help, but found nothing. In Huyton they heard a loud bang, which set off car alarms in the street, they went out to investigate and saw!
a ball of light dart away in the sky? Could you perhaps shed some light onto it please. It makes you worry if we are safe after the 9.11 atrocities in America.
Thank you for your assistance. [redacted] ction 40

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen in 1992, the details of which you passed to RAF Leeming. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

In your report you talked about conspiracies to capture people. Abduction/kidnap in the general sense is, of course, a criminal offence and as such would be a matter for the civil police.

Finally, with regard to your particular observation, back in 1992, we are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Sorry I could not be any help.

Yours sincerely

txtComments: ufo sighting. On 03/06/06 I was at a bbq in Maidstone, Kent, when at about 1705 I glanced into the south east sky only to see a round white object that looked quite a distance away in the clear sky. It had another smaller white object just above and to the right slightly. At this point I called my friends over. The small object then seemed to move diagonally across the path of the bigger one and come to rest just below it. At this stage we all started to see a lot more of the smaller objects randomly scattered in the sky surrounding the large one. At a guess there must have been 12 to 15 of these smaller objects slowly appear. None seemed to move, they just faded in and with in 5 minutes they started to fade out again leaving the large white object to slowly fade out by itself. The whole thing lasted for approx 15 min with 9 other witnesses. It was day light with a clear blue sky at the time.

Hi,
 Could you give me any details of the orange lights we saw over East Dereham just after 10pm 20th May, 2006.
 The lights appeared to be in formation and travelling quite slowly. We couldn't hear any noise coming from them.
 They looked as if they may have come from Swanton Morley direction and appeared to be travelling towards
 Hardingham area. We were inclined to think they were helicopters, although, as previously stated, they seemed

**** TO BE GIVEN A HIGH PRIORITY ****

DAS
102No
24 MAY
TREAT OFFICIAL CORRESPONDENCE

LOW FLYING UCOS.

To DAS(SEC)
cc.TO Ref No 3779 /2006Date 24/5/06

The Prime Minister/SofS/Min(AF)/Min(DP)/USofS/MOD* has received the attached correspondence from a member of the public, which this office has neither retained nor acknowledged. Please send a reply on behalf of the PM/Minister/Department*.

Ministers attach great importance to correspondence being answered promptly, and your reply should be sent within 15 working days of the above date. If, exceptionally, this should prove impossible, an interim reply should be sent within the same timescale. You should be aware that No 10 periodically calls for a sample of letters sent by officials on the PM's behalf for his perusal.

Most correspondence involves some form of request for information – even if it is only a request for clarification of Government policy – and is therefore covered by the Freedom of Information Act (FOIA) from January 2005. In general, if you meet the deadline for responding to correspondence, and comply with any requests for information, there is no need to do anything differently as this will meet the requirements of the Act. However, if the correspondence requests information which is not already in the public domain, and which might need to be withheld, then you should treat it as a FOIA request, track it using the Access to Information toolkit, and comply with the separate FOI guidance from DG Info (see <http://aitportal/default.aspx> for details). However, the deadline for responding to correspondence will still apply. If you are in any doubt as to whether a piece of correspondence should be treated as an FOIA request, you should ask your FOI Focal Point or refer to the guidance produced by DG Info.

It is vital that branches ensure they have simple systems to record and track correspondence received from members of the public. This information should be regularly monitored and reviewed against the targets for answering correspondence published in the Spending Review 2000 Service Delivery Agreement for the Ministry of Defence.

As part of our monitoring procedure, random spot checks on the accuracy of your branch records on correspondence will be performed throughout the year.

Dear Sir/Madam

We recently wrote to the Prime Minister after we thought we saw an alien outside our kitchen window. It was one Tuesday at precisely 7.41pm. He could not help us and advised we write to you, we were wondering if you could please tell us do aliens really exist or did we both imagine the same thing. This incident has left us quivering and disturbed.

Thank you for your time we look forward to your immediate response.

Yours truly,

[REDACTED]

P.S. We can forward an artists impression if this is any help.

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 30 April 2006, and the 5 May 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 30 April 2006 and 5 May 2006 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Finally, with regards to the video of your sighting, it is your property and is entirely up to you whether you want to keep the footage or put it out in the public domain for everyone else to see.

Hope this is helpful.

Yours sincerely

L

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	30 April 2006 and the 5 May 2006. (No time given).
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	There was the mother ship and two smaller orbs that were moving around it. One of the orbs was white in colour and the other was orange. They were communicating with the mother ship and getting their energy off the mother ship too!!! 
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye and then a camcorder.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Seen over the village of Barlaston, Staffordshire.
6.	Approximate distance.	Quite close.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Quite clear.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 100px; height: 20px; margin-bottom: 5px;"></div> Stoke On Trent Staffordshire <div style="background-color: black; width: 80px; height: 15px; margin-top: 5px;"></div>
11.	Other witnesses.	Not given.
12.	Remarks.	<div style="background-color: black; width: 100px; height: 15px; margin-bottom: 5px;"></div> said that the tiny orbs were getting their energy from the mother ship. They then turned into massive, angelic, godly life forms afterwards! <div style="background-color: black; width: 100px; height: 15px; margin-bottom: 5px;"></div> wondered if anyone else had reported these objects to the MOD.
13.	Date and time of receipt.	16 May 2006 11.30L

Dear Sir

I am writing with reference to your report of an 'unidentified flying object' seen on 18 October 2004, the details of which you passed to us in your e.mail. This office is the focal point within the Ministry of Defence for correspondence relating to UFOs.

First, I am not disputing that you saw an object that you could not identify, but it may be helpful if I explain that the Ministry of Defence examines any reports of 'UFOs' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received one other report of a 'UFO' sighting for 18 October 2004, and that was from Wimbledon in London. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours faithfully

txtComments: Id like to complain about the complete rubbish ufo s dont exist,My wife and i repoetrd world-wide 18 months ago about a very real event what took place in cheshire at lam 18th october,a ufo followed our car feet away flying below and above the car,using vapour gas balls mechanically spinning around and gave off light,it was a terrifying experience for us ,it then produced a rainbow like both auro spinning on the outside.It was with our car for 10-12 minutes before ascending up into the clouds.This is no hoax it is the truth please believe us.It also had a vapour cloud trailing it when it first appeared on the road in front of our car.

Dear [REDACTED]

I am writing with reference to your e.mail and web cam picture of the UFO that was sighted over St. Tudwal's Islands on the 8 May 2006, the details of which you passed to us on the DAS-UFO-Office e.mail address. You will already know the MOD's policy on UFOs, through previous correspondence.

I looked at the UFO that was caught on the web cam and zoomed in on the object, but even with that facility available, could not identify the object in any way, as I could not see it clearly, so can make no suggestions as to what it could have been.

Finally, with regard to that particular observation in Mid Wales, I can confirm that we received no other reports of 'UFO' sightings for the 8 May 2006 from Mid Wales or from anywhere else in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

This was caught on a weather cam mid Wales yesterday. I wonder if the Mod have had any reports from this area? The time and location are on the weather cam you can zoom in, there is something definitely hanging in the sky. Your thoughts on this matter would be appreciated.

Kind regards [REDACTED]

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	27 April 2006 22.30L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	Looked like a satellite coming into the atmosphere and coming to it's end, but then the object started zig-zagging around in the sky, and then another object joined this one, and [REDACTED] realised that these objects may not be satellites or man made crafts at all.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Outdoors, outside his house.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Over Trestle in Stafford.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	The objects, were zig-zagging across the sky really fast. The G Force must have been tremendous. Too strong for any man made craft.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Dusky but quite clear.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 100px; height: 20px; margin-bottom: 5px;"></div> Trestle Stafford <div style="background-color: black; width: 60px; height: 15px; margin-top: 5px;"></div>
11.	Other witnesses.	Not given.
12.	Remarks.	The two objects were just very strange and they have been bugging <div style="background-color: black; width: 60px; height: 12px; display: inline-block;"></div> for the last week, wondering what they are and wondered if we could shed some light on the situation, and explain if they were satellites and if not, what they could have been.
13.	Date and time of receipt.	4 May 2006 10.45L

██████████ wrote this letter telling us of the latest UFO sightings that she has had in the months of March and April. She said she knows the MOD's policy on UFOs and does not want a reply back. Said that she thought she had better let us know that the spheres are back again.

I have put the sighting reports for both months on the databases.

██████████

26 April 2006

Have seen such for ages. Just by accident I saw (on
I'm always late Pully can in storage. It Automatic for
me to look up. There too many as me again.
You don't need to write back. I'm just letting you
know. It's one about again.

He had life clayey experience of those now IFO.
because he witnessed how solid they are & they are
definitely led grey before they fully lift up. Quite
menacey. - Totally when fully lit, just on Awe the beauty
these are cliffed from the spheres. They lift up from the
knob on top. Down outer edge. Then across craft
in a straight line. Reflection, middle is greenish led grey
to back. cut out windows. 30 to 40 ft by ft. 15 ft.
Possibly 19 ft High. Slim line Turret. Lift up & disappear
3 times. Dead slow passy by you get a good look you see

L

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	30 March 2006 00.40L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	There was a huge, shimmering ball of orange fire. Flew Eastwards and looked like a black spot, as it disappeared into the clouds. There was no noise.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The orange ball of fire came in over the Catholic Church steeple, in Plymouth, Devon.
6.	Approximate distance.	Quite far in the distance.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	The orange ball, was going roughly the speed of a helicopter.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	It was night time, but was quite clear, with a few low hanging clouds.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	<div style="background-color: black; width: 100px; height: 20px; margin-bottom: 5px;"></div> Plymouth Devon <div style="background-color: black; width: 60px; height: 15px; display: inline-block; vertical-align: middle;"></div> 0
11.	Other witnesses.	Not given.
12.	Remarks.	<div style="background-color: black; width: 100px; height: 15px; display: inline-block; vertical-align: top; margin-bottom: 5px;"></div> said the ball of orange fire was flying just below cloud level and was spectacular, as it lit up the whole sky and made it a bright orange colour. The sighting lasted about 20 seconds and was an amazing sight. <div style="background-color: black; width: 80px; height: 15px; display: inline-block; vertical-align: middle;"></div> wonders if any other members of the public saw it and have reported it to us?

Sir,

This is not a complaint.

I wish to report a remarkable occurrence that I witnessed this evening. If our air defences know what this was, then please ignore this email. However, if you do not know, then I believe we should all start worrying about it!

I describe myself as level-headed and quite responsible. I am not exaggerating what I witnessed, not even in the least. I believe in scientific reason and I don't have outrageous ideas about other beings.

However, at approximately 1835hrs this evening, I was driving my car (unfortunately alone) and had just left Newquay on the road towards Chiverton Cross and Camborne. Suddely I noticed what I mom,entarily took to be a rather unusually bright apparition of the planet 'Venus' in the sky, because it was bright disc hanging in the sky ahead of me at a tangent of about two o'clock. Then I realised that this could not be so, because although the Sun had just set in a fairly clear sky and it was still clear over the sea, the bright object was beneath a solid curtaining of rather dark cloud.

I decided that it had to be a plane and although I could not see it moving, that the light had to be the setting sunlight glinting on its fuselage. But then it did quite suddenly appear to quiver rather than move and at the very same instant it became a slightly smaller disc and slightly less brilliant. I deduced that it was moving directly away from me, but was amazed at its instant velocity (even fast jet planes can't move at anything like that fast!). Then to crown what I had already seen, there was a sudden flash from it like a bullet from a gun that streaked an enormous way out across the sky and at the same instant the object shot slightly to the right and again reduced in size and brightness. I was trying to pull up and park, but yet again there was a second similar flash fired and the object moved further and sharper to the right, and now it was very tiny in size. I managed to stop in the mouth of a road junction I was passing, but it had now vanished.

I realise that this account might well get me unwanted attention, but I feel that I have to tell of what I saw. I another nation has a vehicle like that, then we had better watch out for ourselves. Otherwise, what the hell was it?!!!

Dear [REDACTED] 0

I am writing with reference to your report of an 'unidentified flying object', seen on 5 March 2006, the details of which you left on our answerphone. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any experience or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 5 March 2006 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	5 March 2006 17.35L
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	Saw a disc flying above two aircraft.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	Not given.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	The disc was seen over Hemel Hempstead.
6.	Approximate distance.	Not given.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Not given.

9.	To whom reported. (Police, military, press etc)	Das answerphone.
10.	Name, address and telephone no of informant.	[REDACTED] Hemel Hempstead Bedfordshire [REDACTED]
11.	Other witnesses.	Not given.
12.	Remarks.	[REDACTED] said that the disc certainly was a strange sight and not man made.
13.	Date and time of receipt.	6 March 2006 10.30L

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen in 2006, the details of which you passed to RAF Lakenheath. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any experience or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can't confirm whether we received any other 'UFO' sightings on the day you saw the 'UFO', as I do not have the date and time of your sighting. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1.	Date and time of sighting. (Duration of sighting.)	(Date and time not given). - 06 .
2.	Description of object. (No of objects, size, shape, colour, brightness, noise.)	██████████ said that he saw a UFO doing funny, sharp turns over a field.
3.	Exact position of observer. Geographical location. (Indoors/outdoors, stationary/moving.)	In his vehicle, he is a delivery driver.
4.	How object was observed. (Naked eye, binoculars, other optical device, camera or camcorder.)	With the naked eye.
5.	Direction in which object was first seen. (A landmark may be more helpful than a roughly estimated bearing.)	Over a field in Walsall, West Midlands.
6.	Approximate distance.	Quite far away.
7.	Movements and speed. (side to side, up or down, constant, moving fast, slow)	Not given.
8.	Weather conditions during observation. (cloudy, haze, mist, clear)	Said it was quite clear.

9.	To whom reported. (Police, military, press etc)	P C [REDACTED] MOD Police at RAF Lakenheath were informed, who then in turn left a message on Das answerphone.
10.	Name, address and telephone no of informant.	[REDACTED] Walsall West Midlands [REDACTED]
11.	Other witnesses.	Not given.
12.	Remarks.	[REDACTED] just said that the UFO was doing funny, sharp, razor turns in the sky. He watched it for some time, and thought he had better report it, in case it was some unknown military activity.
13.	Date and time of receipt.	6 March 2006 10.15L
