 Subject: Anticipated W/T Requirements for Balance of Fiscal 1950
 Ref: ADSO Memorandum dated Feb. 13, 1950

1. On the basis of discussions with [], the following appear to be the full needs of field stations handling FDS cases. The list should be applied in conjunction with those field requests and estimates already available which cover the cases cited here:

Type	No.	Case	Station	Delivery Deadline	Purpose
STR-1	3	CARTEL	MOB	1 May	for training toward and for use in June or July operations.
STR-1	3	CARTEL	MOB	1 June	for training toward later operations now developmental.
STR-1	2	—	FRU	1 July	for training toward later operations now developmental.
RS-5	4	CARTEL	MOB	1 May	for training toward and use in June or July operations..
RS-5	3		Ankara	1 June	for training toward later operations now developmental.
RS-1	3	AEGEAN	MOB	1 April	for training toward April or May operations.
RS-1	4	AEGEAN	MOB	1 June	for training toward later operations now developmental.
RS-1	2	—	FRU	1 April	for training toward later operations now developmental.

2. With regard to development of the RS-5 and RS-6, we can very roughly anticipate consumption in FDS operations of up to fifty (50) sets per year in 1951, 1952 and 1953 in Germany alone. For planning purposes, need of another twenty-five (25) per year may be anticipated elsewhere. This is stressed particularly in view of the possibility, for which we must be prepared, that air operations will be ruled out at some fairly early date.
