Memorandum To : Safehouse Procurement Office
2504 Alcott Hall
From : SR 3 #2
Subject : Request for procurement of safehouse for Aerodynamic Project

1. It is requested that a safehouse be procured through the facilities of the Safehouse Procurement Office for the Aerodynamic Project. The location of this safehouse should be in the New York City area, preferably in Queens or Jackson Heights. In the event a suitable house cannot be found in the above mentioned place, then Brooklyn or Astoria will suffice.

2. The safehouse should be a detached house with a basement large enough in which to construct or improvise a room eight feet by eight feet. The house itself should have at least six rooms.

3. As for the monthly rental of this safehouse, it is expected that a range between \$125.00 and \$175.00 should be sufficient. These figures are our estimate of monthly rentals in the areas mentioned above, however, this might differ somewhat from the actual situation there, and therefore allowances should be made accordingly.
