10. b. During this period of time, four tapes were produced and shipped to the PIRNY station for broadcast to the USSR. These broadcasts are covering the period up to and including 15 March. In addition to the production of scripts and tapes, the panel compiled an outline of the English language publication devoted to the promotion of the ideological nationalism as a drive opposed to the propagation of Communism. The plan of the publication contains the digest of the articles that will be included in it and discusses in particular the Soviet internal colonialism and oppression of the minority nationalities in the USSR. The panel has also prepared and submitted plans for propaganda exploitation of the message received by them from the Ukrainian inmates in the Mordovia camp in the USSR. According to this plan they wish to appear in UNO and to act as representatives of the Ukrainian underground presenting to the public opinion of the world the complaints of the oppressed and persecuted Ukrainian people.
